

SFC Activity Data

These charts and tables are intended to show at a glance some top-line measurable aspects of our activities, which, in turn, are a reflection of the market. Except noted otherwise, the figures are cumulative for each reporting year and compared over a five-year period. For a breakdown of some of these top-line items, please see tables in [Breakdown of SFC Activity Data](#).

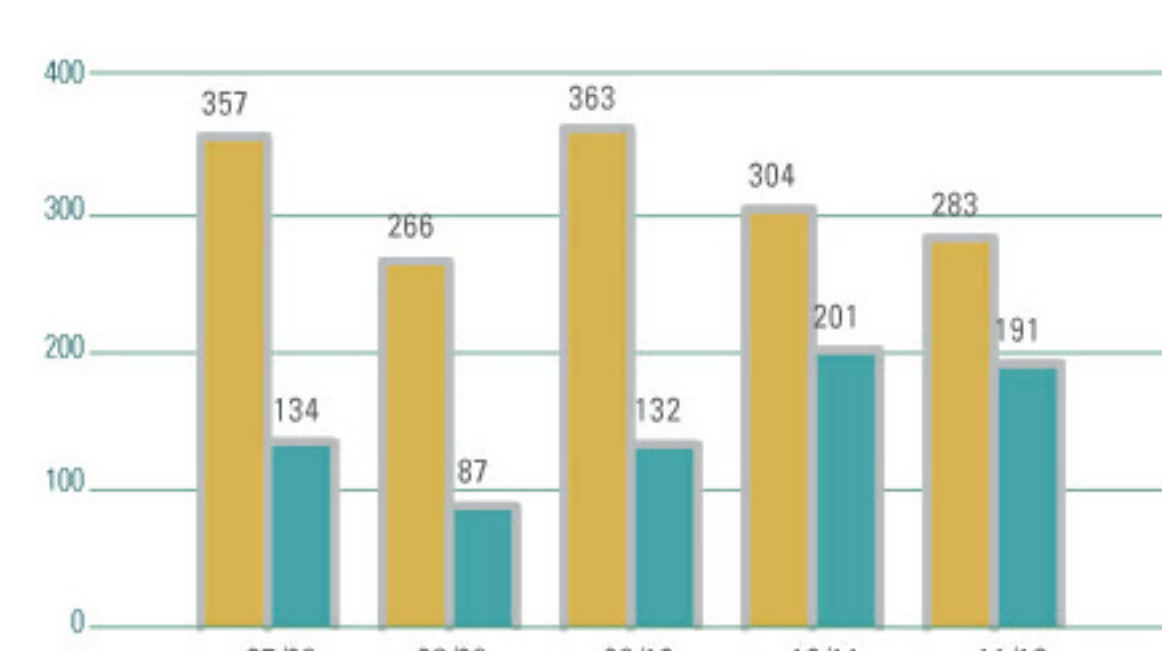

Number of collective investment schemes authorized

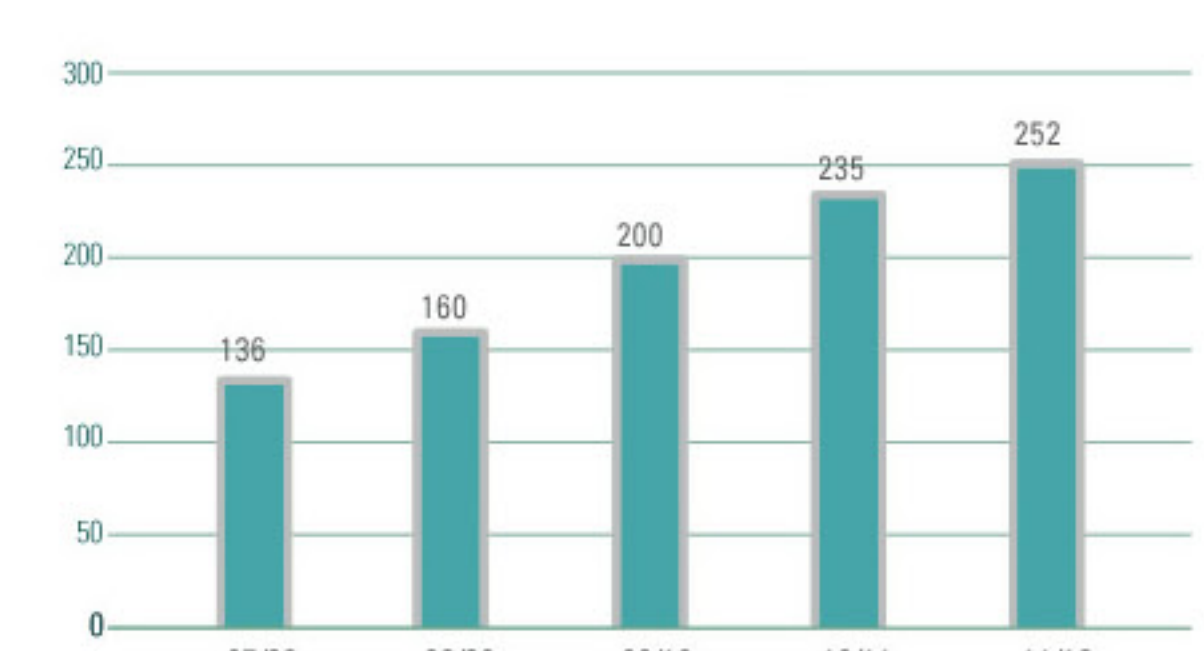

Licensing¹

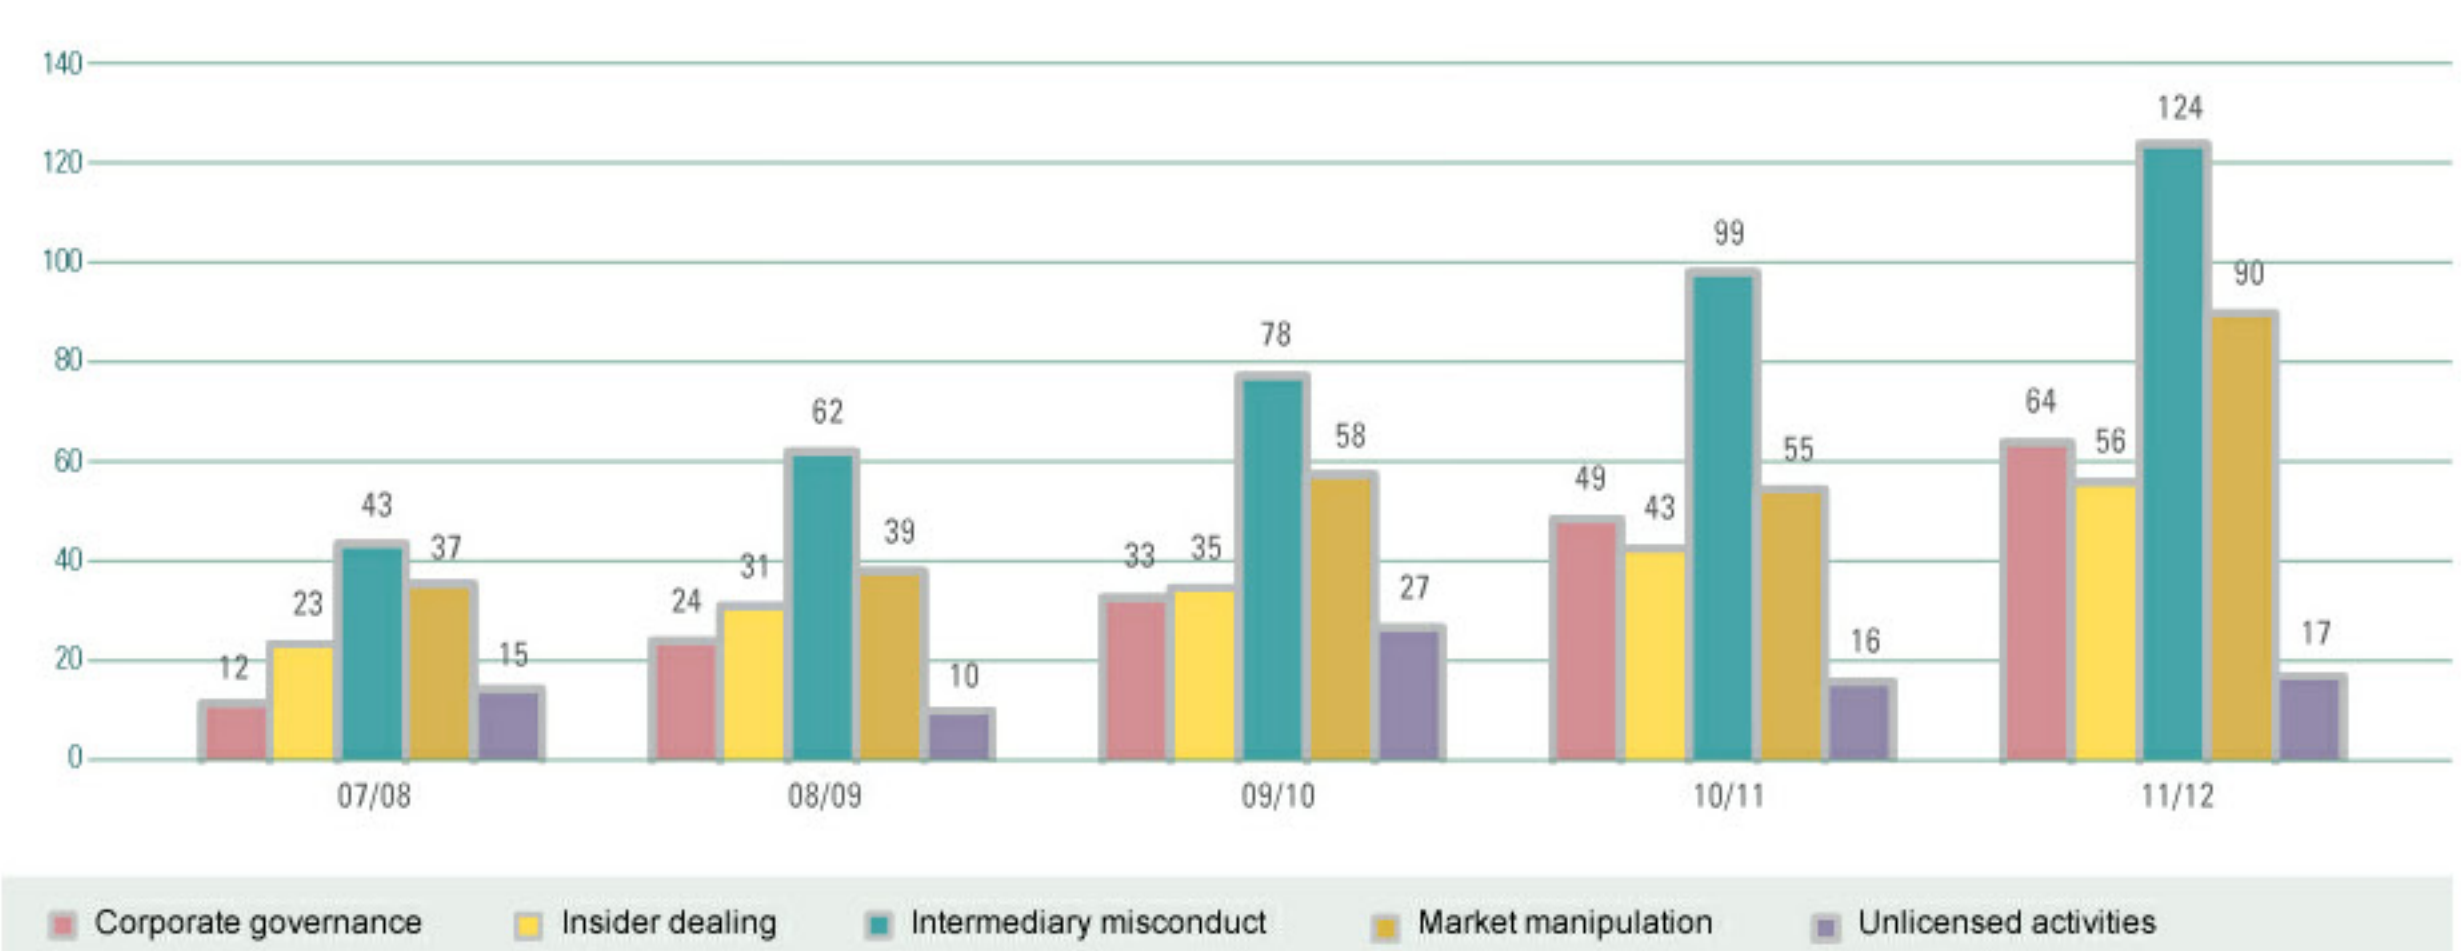

Market-related transactions

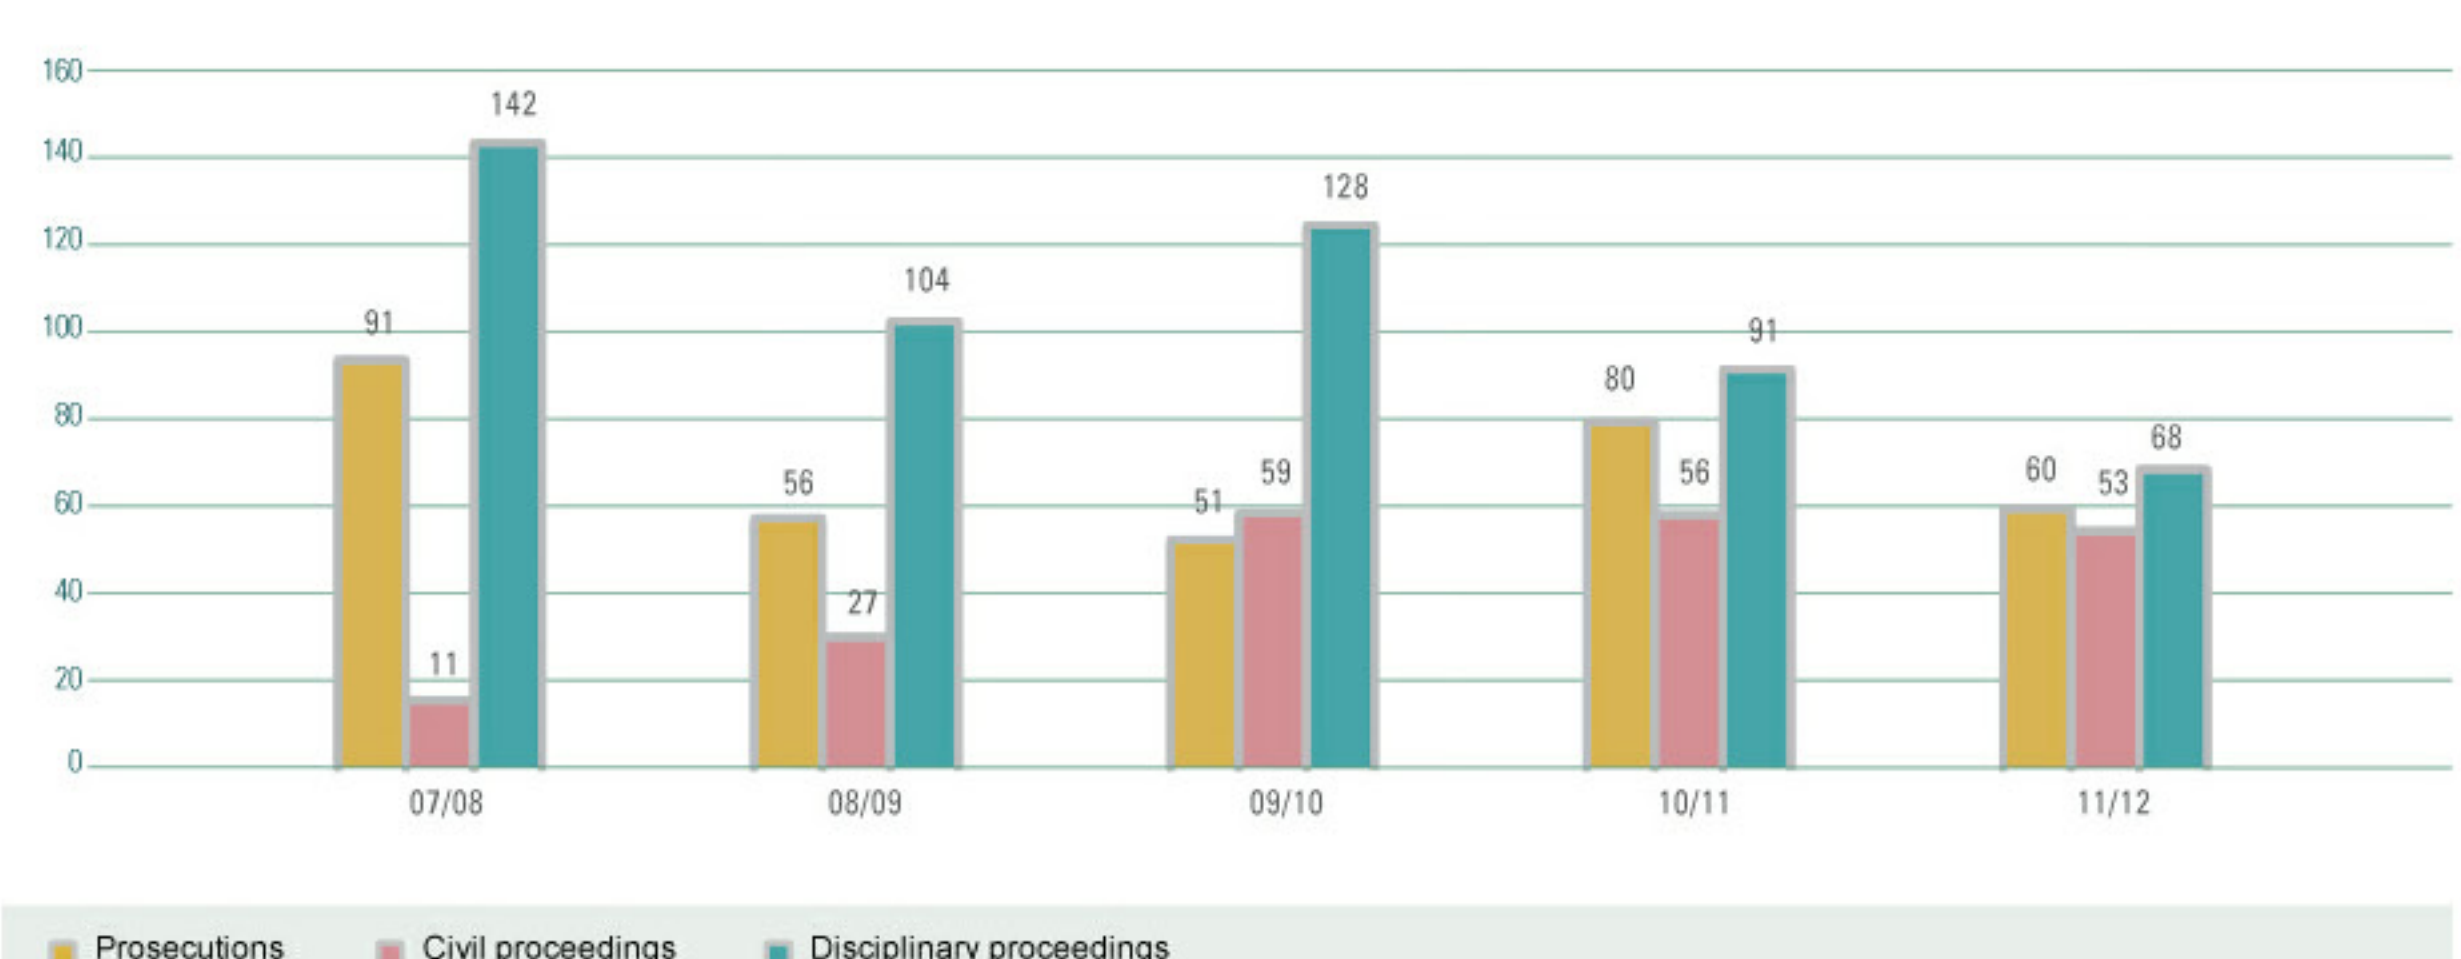

Number of risk-based, on-site inspections conducted

Investigations by nature

Number of persons subject to enforcement action

Corporate Outlook	Operational Review	Organisational Matters	Corporate Social Responsibility	Financial Statements	Supplementary Information
