

Mission Statement

Efficient, Fair and Transparent Markets

- ❖ Support the continued development of Hong Kong as an international financial centre, ensuring markets are open, fair, efficient, transparent and meet best international standards
- ❖ Minimise systemic risks by promoting sound risk management and internal controls by market participants and robust financial infrastructure

Public Confidence and Investor Awareness

- ❖ Promote confidence in Hong Kong's securities, futures and related financial markets through high quality of market participants, high standards of disclosure and appropriate protection for investors
- ❖ Advance public understanding of risks, rights and self-responsibility in financial markets

Sound Regulation

- ❖ Regulate Hong Kong's securities, futures and related financial markets firmly, fairly and efficiently, in a transparent and accountable manner
- ❖ Raise standards through effective surveillance and timely investigation of financial market misconduct and crime
