The publication of this book owes first and foremost to all authors, who allowed their historical work and speeches to be reprinted or published by the Commission.

Tan Gaik Looi, Adviser in the Chairman's Office, led the planning, coordination, editing and production. Ivy Lau and Phyllis Li, who did all the typesetting in-house and much of the secretarial work, ably and efficiently, assisted her. Thanks must also go to Nico'la Chan and Sandy Lam for typing numerous drafts. The bulk of the translation work into Chinese was undertaken by Victor Leung, Cynthia Wong and Siew Yiu of the Translation Unit, with invaluable comments from Wang Yuan and Ye Xiang of the China Policy team. They meticulously reviewed all translation work, including those that were outsourced, to ensure quality and consistency and also did the proofreading in Chinese.

Many staff members of the Commission worked on proofreading and helped in meeting the production schedules. These include Dr Xiao Geng, Tan Kheng Guan, Lim Yam Poh, Stella Leung, Veronica Chang, Eugene Goyne, Lucia Kwong, Wang Lei, Ivy Lai, Patrick Li, Joseph CC Lee, KC Wong, Sendy Kwong and Eddy Chan for the English version. Teng Hongjun and Yan Yuhong helped with the Chinese version.

KK Wong of the SFC Library and the library of the HKEx were helpful sourcing speeches from the archives. Corporate Communications helped in various stages of the project and in the launch of the book. Commission Secretary Keith Lui took overall oversight of the project.

The Commission gratefully acknowledges their contribution and many un-named colleagues, who made this important record of the history of securities regulation in Hong Kong possible.
