PART I: GENERAL MATTERS

Chapter 1: Authorization Procedures

General

- 1.1 Investment-linked assurance schemes are expected to comply with the provisions of this Code in order to be authorized in Hong Kong.
- 1.2 Applications for authorization which seek waivers of any of these provisions must give detailed reasons why waivers are sought.

Nomination of an individual as approved person

- 1.3 According to sections 104(2) and 105(2) of the SFO, an individual must be approved for the purposes of being served by the Commission with notices and decisions for, respectively, the scheme and the issue of any related advertisement, invitation or document. An applicant for authorization is, therefore, required to nominate an individual for approval by the Commission as an approved person.
- 1.4 An approved person should:
 - (a) have his/her ordinary residence in Hong Kong;
 - (b) inform the Commission of his/her current contact details, including, in so far as applicable, the address, telephone and facsimile numbers, and electronic mail address;
 - (c) be capable of being contacted by the Commission by post, telephone, facsimile and electronic mail during business hours;
 - (d) inform the Commission of any change in his/her contact details within 14 days after the change takes place; and
 - (e) comply with any other requirements as the Commission considers appropriate.
- 1.5 An individual approved by the Commission as an approved person for a scheme shall generally be approved also for the issue of any advertisement, invitation or document made in respect of that scheme.

Documents to be supplied to the Commission

- 1.6 An applicant for authorization of a scheme should lodge with the Commission:
 - (a) The scheme's principal brochure and constitutive documents;
 - (b) Copies of any material contracts;
 - (c) All other sales literature, proposed advertisements and printed material

intended to be issued in Hong Kong to prospective scheme participants;

- (d) A checklist of compliance with the Code (see Appendix D);
- (e) The latest audited report and corporate information in respect of the applicant company and other relevant parties, where applicable;
- (f) The application fee in the form of a cheque payable to the “Securities & Futures Commission”. The current fee schedule is available on request from the Commission; and
- (g) The letter nominating an individual to be approved by the Commission as an approved person containing the individual’s name, employer, position held and contact details, including, in so far as applicable, the address, telephone and facsimile numbers, and electronic mail address.

Chapter 2: Administrative Arrangements

- 2.1 The Commission has delegated to the Committee on Investment-Linked Assurance and Pooled Retirement Funds (ILAC), to an Executive Director and to the Director (Investment Products), its power to authorize investment-linked assurance schemes and pooled retirement funds. - (a) assisting the Commission in the performance of its functions to ensure the effective regulation of the marketing of investment-linked assurance schemes and pooled retirement funds;

 - (c) a manifest misinterpretation of this Code.

Procedure for Amendments to the Code

- 2.7 ILAC may make recommendations to the Commission whenever it considers that the provisions of this Code should be amended or extended. If the Commission accepts ILAC's recommendations, any such changes or amendments will be made known to the industry and transitional periods for compliance will be allowed where necessary.

PART II: AUTHORIZATION REQUIREMENTS

Chapter 4: Applicant Company

Regulatory Status of Applicant Company

- 4.1 No investment-linked assurance scheme will be authorized pursuant to this Code unless the applicant company is authorized under the Insurance Companies Ordinance to carry on the relevant class of insurance business in Hong Kong. If the applicant company ceases to be authorized by the Insurance Authority, any existing authorization of the scheme will normally lapse.

Responsibilities of Applicant Company

- 4.2 The applicant company will be responsible for observing all requirements of the Code and any conditions imposed by the Commission in granting authorization during the continued enjoyment of that authorization, except to the extent that the Commission grants waivers in writing.
- 4.3 The applicant company is responsible for whatever information is given to the Commission on its behalf and should use its best endeavors to ensure that statements of intention in printed matter are followed.
- 4.4 If a scheme contains a guaranteed investment option, such guarantee should be provided either by the applicant company or a substantial financial institution acceptable to the Commission.
- 4.5 The applicant company shall:
- (a) use its best endeavors to carry on and conduct its business in a proper and efficient manner and will ensure that any scheme to which the constitutive documents relate is conducted in a proper and efficient manner; and
 - (b) exercise best endeavours and due diligence to ensure that the marketing of the scheme is carried out professionally, honestly and fairly.

Chapter 5: Hong Kong Representative

Appointment of Representative

- 5.1 The applicant company will be required to appoint a representative in Hong Kong if it is not incorporated in and does not have a place of business in Hong Kong. The representative must be maintained throughout the period the scheme is authorized in Hong Kong.

Functions of a Representative

- 5.2 The representative is not required to take responsibility for the acts and omissions of the applicant company but must be empowered to:
- (a) act for the applicant company in all matters relating to the initial and continued authorization of the scheme, pursuant to the relevant legislation and this Code;
 - (b) accept service of any summons or writ on behalf of the applicant company;
 - (c) provide the Commission with such up-to-date principal brochure, constitutive documents or other documents relevant to the scheme as the Commission may from time to time request;
 - (d) receive notices from scheme participants in respect of the scheme;
 - (e) make available for public inspection in Hong Kong, free of charge, and offer for sale at a reasonable price to scheme participants, copies of all constitutive documents of the scheme;
 - (f) provide scheme participants with information on the scheme;
 - (g) represent the applicant company in relation to all matters in which any scheme participant in Hong Kong has a pecuniary interest; and
 - (h) exercise best endeavours and due diligence to ensure that the marketing of the scheme is carried out professionally, honestly and fairly.

Written Undertaking

- 5.3 The representative must provide the Commission with a written undertaking that it will perform the duties required of a representative under this Code.

Retirement or Dismissal of Representative

- 5.4 Should the representative retire or be dismissed, it must be replaced as soon as possible, by another representative whose appointment is subject to the approval of the Commission.

Hong Kong Representative Agreement

- 5.5 Details of all contracts between the representative and the applicant company must be supplied to the Commission. Any subsequent amendments of these contracts must be notified to the Commission.

Chapter 6: Operational Requirements

Scheme Documentation

Matters to be Disclosed in the Principal Brochure

- 6.1 An authorized scheme must issue an up-to-date principal brochure, which should contain the information necessary for prospective scheme participants to be able to make an informed judgment of the investment proposed to them, and in particular should contain the information listed in Appendix A.

English and Chinese Principal Brochure

- 6.2 Except as provided herein, the information required in Appendix A must be provided in the English and Chinese languages. The Commission may waive the requirement that the information be provided in both languages on a case-by-case basis where the applicant company satisfies the Commission that the scheme will only be offered to persons fully conversant in the language in which it is intended to publish the information.

Illustration Document

- 6.3 An illustration document must be prepared by the insurance company in conjunction with each proposed investment. Alternatively, the Commission may allow the provision of a standard illustration for each scheme, provided that the surrender values illustrated are for a contract with a term based on a maximum commission scale and a minimum premium requirement. This document must be provided to the scheme participant for his review and signature prior to signing of the application form.
- 6.4 The minimum requirements for the information to be included in the illustration document are set out below. Subject to the approval of the SFC, the insurance company may customize the document to include additional information provided that such additional information is not misleading and does not otherwise detract from the information disclosed in the minimum requirements.

(a) Surrender Values

The insurance company is required to illustrate, what the scheme participant would be expected to receive if he redeems at the end of each of the first 5 years of the contract, and for every fifth year thereafter until maturity, after deduction of all relevant charges. These expected surrender values should be based on 2 different assumptions on the rate of return, currently set at a low of not more than 5% and a high of not more than 9% p.a. respectively. [These rates may be subject to change by the Commission after consultation with the industry.]

(b) Prescribed Statements

The following statements should appear as shown in Appendix B:

THE ASSUMED RATES USED BELOW ARE FOR ILLUSTRATIVE PURPOSES. THEY ARE NEITHER GUARANTEED NOR BASED ON PAST PERFORMANCE. THE ACTUAL RETURN MAY BE DIFFERENT!

IMPORTANT:

THIS IS A SUMMARY ILLUSTRATION OF THE SURRENDER VALUES OF [Name of Product]. IT IS INTENDED TO SHOW THE IMPACT OF FEES AND CHARGES ON SURRENDER VALUES BASED ON THE ASSUMPTIONS STATED BELOW AND IN NO WAY AFFECTS THE TERMS OF CONDITIONS STATED IN THE POLICY DOCUMENT.

The following statements should be clearly disclosed before the investor's signature:

Warning: You should only invest in this product if you intend to pay the premium for the whole of your chosen premium payment term. Should you terminate this product early, you may suffer a loss as illustrated above.

I confirm having read and understood the information provided in this illustration and received the principal brochure.

A format for the illustration document is contained in Appendix B.

Application Form

- 6.5 The entitlement of the investor to the cooling-off period must be prominently displayed at the bottom of the application form immediately above the space for signature in these words:

“Cancellation Right and Refund of Premiums

I understand that I have the right to cancel and obtain a refund of any premium(s) paid less any market value adjustment, by giving written notice. Such notice must be signed by me and received directly by [name and address of insurance company's Hong Kong registered office] within 21 days from the date of this application, or 14 days from the date of issue of the policy [or contract, as applicable] if later.”

- 6.6 No scheme application form may be provided to any member of the public unless it is accompanied by the principal brochure and the illustration document. To that end the application form should include a statement to the effect that it should only be issued in conjunction with the principal brochure and the illustration document.

Inclusion of Performance Data

- 6.7 If performance data or estimated yield is quoted, the Commission may require supporting documentation. No forecast or illustration of the scheme's future performance may be made in authorized scheme documents except for the illustration

of surrender values or where an investment return at a certain rate is guaranteed.

Naming of Unauthorized Collective Investment Schemes

- 6.8 As a general principle any naming of collective investment schemes in authorized scheme documents should be restricted to those which are authorized by the Commission pursuant to section 104(1) of the SFO.

Contents of Constitutive Documents

- 6.9 The constitutive documents of a scheme should contain the information listed in Appendix C.
- 6.10 Nothing in the constitutive documents may provide for the parties thereto to be exempted from any liability to scheme participants arising out of any breach of trust through fraud or culpable negligence or imposed on them under Hong Kong law or the law of the scheme's place of domicile, under any trust deed or under any contract entered into, nor to be indemnified against any such liability by scheme participants or at scheme participants' expense.

Cooling-off Period

- 6.11 A scheme must allow an investor to withdraw unconditionally within the cooling-off period, subject to a market value adjustment (MVA). This cooling-off period will extend to the later of 14 days after the date of issue of the new contract; or 21 days after the date on which the application for the new contract is signed.
- 6.12 Any such MVA must be calculated solely with reference to the loss the insurance company or contract issuer might make in realizing the value of any assets acquired through investment of the premiums made under the contract. It shall therefore not include any allowance for expenses or commissions in connection with the issuance of the contract.

Fees and Charges

- 6.13 Where a scheme proposes to invest in collective investment schemes managed or distributed by the same company or group, all initial charges of the underlying funds must be waived but recurrent management fees and charges may be levied proportionate to the amount invested.
- 6.14 The level/basis of calculation of all costs and charges payable from the scheme's property must be clearly stated, with percentages expressed on a per annum basis, where applicable. The aggregate level of fees for investment management or advisory functions should also be disclosed.
- 6.15 If a performance fee is levied, the fee can only be payable:
- (a) no more frequently than annually; and
 - (b) only if the net asset value per unit exceeds the net asset value per unit on

which the performance fee was last calculated and paid (i.e. on a “high-on-high” basis).

In the case where a scheme or the fund(s) linked to the scheme is not unitized, a certificate from an actuary must be provided to the Commission on an annual basis to certify compliance with the foregoing except where:

- (a) there exists a year-on-year guarantee on investment return where the deficiency, if any, between the guaranteed return and the actual return is credited into the fund account not less frequently than annually; or
- (b) the scheme is a deposit administration policy in which investment returns may be declared by a company, in its discretion, at or above a stated minimum rate not less frequently than annually.

Chapter 7: Guaranteed Funds

The following criteria shall apply to a scheme which contains an investment fund in which a guaranteed amount will be paid to scheme participants at a specific date in the future.

Guarantor

- 7.1 If the guarantor is an entity other than the insurance company which issues the policy, it must be a substantial financial institution acceptable to the Commission.

Disclosure

- 7.2 The principal brochure of the scheme must contain:
- (a) the name of the guarantor (if other than the insurance company which issues the policy) and the terms of the guarantee;
 - (b) where applicable, a warning statement in relation to all material conditions which affect the scope or validity of the guarantee including, where relevant, the condition that the guarantee only applies to scheme participants who hold their investment until the date specified in the guarantee and that termination or withdrawal before such date are fully exposed to fluctuations in the value of the fund's assets and/or subject to penalties; and
 - (c) an illustration or description to clearly demonstrate the guarantee mechanism.

Guaranteed Funds with Discretionary Benefits

- 7.3 In relation to an insurance arrangement, if it is stated that discretionary benefits will or may be paid to scheme participants in excess of the guaranteed amount, and the amounts of those benefits are determined at the discretion of the policy issuer, the principal brochure of the scheme must contain:
- (a) a statement to the effect that the [name of policy issuer], at its sole discretion, has the right to retain investment income of the [name of investment fund] in excess of that required to be set aside to meet the guaranteed benefits under the [name of investment fund];
 - (b) a readily comprehensible description of the methods of determining the discretionary benefits, including the following information, to the extent applicable:
 - (I) the reporting date; and
 - (II) (i) **for a participating product where the policy holder has a right to participate in profits from the long term fund of the policy issuer or any part of that fund:**
 - (i) details of the fund or part fund to which the right relates;

- (ii) the principles on which the distribution of profits among policy holders and shareholders is based and whether these principles are derived from the constitution of the policy issuer or otherwise;
 - (iii) the bonus rates declared immediately prior to the reporting date and for the four years previous; *and*
 - (iv) the proportion of total distributed profits that was distributed to shareholders immediately prior to the reporting date and for the four years previous;
- (ii) for an investment-linked product:**
- (i) a description of the method which will be used to calculate unit prices from time to time; *and*
 - (ii) the percentage changes in unit prices for the five yearly intervals immediately preceding the reporting date;
- (iii) for an investment account product:**
- (i) a description of the method which will be used to calculate the interest rate for each period; *and*
 - (ii) the rate of interest declared immediately prior to the reporting date and for the four years previous; *and*
- (c) a statement that past performance should not be taken as an indication of future performance.

Note: For investment funds with less than five years experience, figures for shorter periods may be shown, provided the date of commencement is shown.

Chapter 8: Broker Managed Funds

General

- 8.1 A Broker Managed Fund (BMF) is generally an internal life or pension fund of an insurance company with an external fund manager, offered as an investment link to one or more of the company's insurance policies. The BMF's investment or asset mix is usually determined on the advice or instructions of a financial intermediary (the broker). The BMF is in most cases restricted to the clients of the broker who thus performs the dual function of selling agent and investment manager. The following criteria are *in addition to* the general requirements, where applicable, of this Code.
- 8.2 The Commission takes the view that BMFs can have the potential to offer a service of value to investors. However, given the extra expense involved and the uncertainty of any commensurate benefit to the investor, the Commission considers that the service would seem only to be justified if the fund:
- (a) is expected to consistently outperform comparable funds being offered by the insurance company by more than the investment management charge; or
 - (b) offers a better service or other advantage.
- 8.3 The Commission's main concern is therefore that prospective scheme participants are fully informed of the nature and costs of the service they are being offered and that suitable protective measures are present.

Agreement between Insurance Company and Broker

- 8.4 The respective roles of the insurance company and the broker should be clearly set out in a formal agreement between the insurance company and intermediary, to be submitted to the Commission. In particular, the use of third parties by the broker should not be allowed to cloud the lines of responsibility.

Broker Expertise

- 8.5 The Commission will require to be satisfied that the insurance company has closely examined the caliber of brokers, their financial circumstances and previous investment management knowledge and experience prior to appointment. Insurance companies must have satisfied themselves as to the fitness of those they appoint as BMF managers. In addition the investment manager of a BMF must hold a licence, where appropriate, under the SFO.

Control Procedures

- 8.6 The Commission expects that on-going control procedures will be in place and, in principle, include:
- (a) *Dealing*
 - only "forward" or "spot" pricing being permitted for BMFs when dealing

within an insurance company's internal funds; i.e. BMFs should not be allowed to deal with the benefit of hindsight;

(b) *Switching*

where warranted, the insurance company imposing daily switching limits on BMFs dealing within the insurance company's internal funds, in order to protect scheme participants from any significant price swings;

(c) *Performance*

the insurance company actively monitoring the BMF's investment performance and introducing guidelines for when consideration to terminate the BMF should be made. Any decisions taken should be documented and promptly conveyed to scheme participants and to the Commission in writing. These guidelines should be disclosed in the principal brochure and the constitutive documents of the BMF.

(d) *Investment Objective*

the insurance company ensuring that the stated investment objective of the BMF is matched by employed strategy - e.g. a stated low risk objective should not be matched by a high risk strategy;

(e) *Charges*

the insurance company not allowing the BMF to invest large percentages of the fund in the insurance company's managed, with-profits or cash funds while enjoying an unjustified investment management fee.

Additional Disclosure Requirements of the Principal Brochure

- 8.7 It must be made clear that investors will incur higher charges than on some other contracts i.e. the investment management charge paid to the broker. As this charge is generally borne by the scheme participant out of the fund, it can lack the visibility and impact of fees charged direct. The Commission will therefore expect a high level of clarity in any marketing brochure and will not accept, for example, the use of terminology which disguises charges or confuses the scheme participant e.g. charges being quoted on a weekly basis.
- 8.8 The principal brochure must make it clear that the essence of the BMF is the replacement, either partly or completely, of an insurance company's investment expertise for that of the broker at an extra cost to the scheme participant. The scheme participant must be adequately informed that he is opting for a service which in investment terms may, or may not, benefit him. Potential scheme participants should then be in a position to assess whether the service being offered is worthwhile to them.
- 8.9 The Commission will expect the following to be clearly disclosed in the principal brochure:

(a) *Charges*

All charges payable, and to whom they are accruing, (including any commissions on dealing in the property of the BMF e.g. unit trust commission) and the extent of the brokers' financial interest in selling the fund. Appropriate statements would be:

“to the extent that [the broker] sells units in the [BMF], [the broker] will receive commission from [the insurance company] in addition to their annual management charge.”; and

“where [the BMF] invests in unit trusts the cost of buying such unit trusts will be borne by the fund. Neither [the broker] nor [the insurance company] will receive commission from the unit trust group.”

(b) *Investment Objectives*

The investment objectives of the BMF, together with the strategy adopted to attain those objectives and any inherent risks involved. The insurance company should also disclose the benchmark(s) against which the performance of the BMF would be measured and results documented.

(c) *Nature of Investment*

The nature of the relationship between all parties involved and the responsibilities of each. For example, that:

- (i) the insurance company has full responsibility for the administration of the fund;
- (ii) investment returns and the quality of the service are entirely dependent upon the expertise of the broker;
- (iii) the broker has full discretion to advise on the investment content of the fund.

(d) *Experience and Expertise*

The extent of the broker's qualification and experience in managing and operating similar types of products.

(e) *Policy*

The nature and choice of insurance policy being recommended or being available to the scheme participant in conjunction with the BMF.

(f) *Termination*

The conditions and procedures applicable to termination of the fund e.g. whether the insurance company will switch scheme participants into their own

managed fund on a bid basis.

(g) *Switching and Dealing*

All the relevant terms of switching and dealing.

(h) *Responsibility Statement*

A responsibility statement to be placed in the principal brochure or supplied to the Commission in the form of an undertaking to the effect that:

“[The insurance company] accepts responsibility for the accuracy of statements contained in [this] brochure and that no material facts have been omitted from the information provided to the best of [the insurance company’s] knowledge.”

Post-Authorization Requirements

- 8.10 The Commission also requires that appropriate and timely on-going information is provided to scheme participants regarding the progress of their investment. As a minimum requirement, a quarterly investment report should be provided to scheme participants, and to the Commission, showing, inter alia, performance statistics alongside benchmark(s) described in 8.9(b) above. There should also be regular publishing of BMF prices.

Chapter 9: Investment-Linked Savings Plans

General

- 9.1 An Investment-Linked Savings Plan (ILSP) is generally a unit-linked investment plan established under an investment contract where notional units linked to the performance of authorized funds or other financial instruments are issued to participants in return for their contributions. The investment or asset mix of a participant's portfolio under the ILSP is usually determined by the participant or his appointed investment advisor.
- 9.2 An ILSP is usually, though not exclusively, promoted by an overseas insurance company that is not authorized to carry out insurance business in Hong Kong. In the absence of prudential supervision by the Insurance Authority, the Commission takes the view that additional structural and operational requirements should be imposed on ILSPs to afford appropriate protection to participants. Further, the applicant company must be authorized by or subject to the requirements of a supervisory authority in Hong Kong or any other authority which is acceptable to the Commission. The following criteria are *in addition to* the general requirements, where applicable, of this Code.

Appointment of Trustee

- 9.3 A trustee acceptable to the Commission must be appointed for the scheme. The trustee must be either:
- (a) a bank licensed under section 16 of the Banking Ordinance;
 - (b) a trust company which is a subsidiary of such a bank;
 - (c) a trust company registered under Part VIII of the Trustee Ordinance; or
 - (d) a banking institution or trust company incorporated outside Hong Kong which is acceptable to the Commission.
- 9.4 A trustee must be independently audited and have minimum issued and paid-up capital and non-distributable capital reserves of HK\$10 million or its equivalent in foreign currency.
- 9.5 Notwithstanding 9.4 above, the trustee's paid-up capital and non-distributable capital reserves may be less than HK\$10 million if the trustee is a wholly-owned subsidiary of a substantial financial institution (the holding company); and
- (a) the holding company issues a standing commitment to subscribe sufficient additional capital up to the required amount, if so required by the Commission; or
 - (b) the holding company undertakes that it would not let its wholly-owned subsidiary default and would not, without prior approval of the Commission, voluntarily dispose of or permit the disposal or issue of any share capital of the

trustee such that it ceases to be a wholly-owned subsidiary of the holding company.

General Obligations of Trustee

9.6 The trustee must:

- (a)
 - (i) take into its custody or under its control all the property of the scheme and hold it in trust for the scheme participants in accordance with the provisions of the constitutive documents;
 - (ii) register cash and registrable assets in the name of or to the order of the trustee; where borrowing is undertaken, such assets may be registered in the lender's name or in that of a nominee appointed by the lender; and
 - (iii) be liable for the acts and omissions of its nominees and agents in relation to assets forming part of the property of the scheme;
- (b) take reasonable care to ensure that the issue and cancellation of units effected by the scheme are carried out in accordance with the provisions of the constitutive documents;
- (c) take reasonable care to ensure that the methods adopted by the applicant company in calculating the value of units are adequate to ensure that the issue and cancellation prices are calculated in accordance with the provisions of the constitutive documents;
- (d) carry out the instructions of the applicant company in respect of investments unless they are in conflict with the provisions of the offering or constitutive documents; and
- (e) take reasonable care to ensure that the investment and borrowing limitations set out in the offering or constitutive documents and the conditions under which the scheme was authorized are complied with.

Retirement of Trustee

9.7 The trustee may not retire except upon the appointment of a new trustee and subject to the prior approval of the Commission. The retirement of the trustee should take effect at the same time as the new trustee takes up office.

Independence of Trustee and the Applicant Company

9.8 The trustee and the applicant company must be persons who are independent of each other.

9.9 Notwithstanding 9.8 above, if the trustee and the applicant company are both bodies corporate having the same ultimate holding company, whether incorporated in Hong Kong or outside Hong Kong, the trustee and the applicant company are deemed to be

independent of each other if:

- (a) they are both subsidiaries of a substantial financial institution;
- (b) neither the trustee nor the applicant company is a subsidiary of the other;
- (c) no person is a director of both the trustee and the applicant company; and
- (d) both the trustee and the applicant company sign an undertaking that they will act independently of each other in their dealings with the scheme.

Appointment of Auditor

- 9.10 The applicant company shall, at the outset and upon any vacancy, appoint an auditor for the scheme, subject to the approval of the trustee.
- 9.11 The auditor must be independent of the applicant company and the trustee.

Obligations of the Applicant Company

- 9.12 The applicant company shall:
 - (a) use its best endeavors to ensure that the scheme is conducted in a proper and efficient manner;
 - (b) make available for inspection by the trustee and auditor all books and accounts of the applicant company in relation to the scheme; and
 - (c) give to the trustee and auditor such oral and written information as they require with respect to all matters relating to the scheme.

Additional Disclosure Requirements for Scheme Documentation

- 9.13 The constitutive documents should disclose details of the functions, duties and obligations of the trustee, auditor and applicant company. There should also be detailed provisions for the appointment, retirement and removal of the trustee and auditor.
- 9.14 The following warning statements must appear on the front page of the principal brochure (as applicable, in the case of an insurance company not authorized in Hong Kong):

“Investors should note that this product may only be sold through appropriate licensed persons or registered institutions. This investment-linked savings plan is NOT a unit trust or contract of insurance.”

“[The applicant company] is not authorized by the Insurance Authority in Hong Kong to carry out insurance business.”

Additional Requirements for Hong Kong Representative

- 9.15 The Hong Kong Representative must provide the Commission with a written undertaking that they would only allow the ILSP to be sold through appropriate licensed persons and registered institutions and that authorized scheme documents would only be provided to same for distribution to the public.

PART III: POST-AUTHORIZATION REQUIREMENTS

Chapter 10: Post-authorization Requirements

Scheme Changes

10.1 The proposed changes to a scheme in respect of the following must be submitted to the Commission for prior approval:

- (a) changes to constitutive documents;
- (b) changes of key operators (including the applicant company / management company and its delegates and Hong Kong representative) and their regulatory status and controlling shareholder;
- (c) changes in investment objectives, policies and restrictions (including the purpose or extent of use of derivatives), fee structure and dealing and pricing arrangements; and
- (d) any other changes that may materially prejudice scheme participants' rights or interests.

10.1A For changes to a scheme that require the Commission's prior approval pursuant to 10.1, the Commission will determine whether scheme participants should be notified and the period of notice (if any) that should be applied before the changes are to take effect. The revised principal brochure as a result of such changes should be submitted to the Commission for prior authorization.

Notes: (1) Normally, the Commission will expect that one month's prior written notice (or such longer period as required under applicable laws and regulations or the provisions as set out in the principal brochure or constitutive documents) should be provided to scheme participants in respect of the changes. However, the Commission may permit a shorter period of notice if the change is not significant or may require a longer period of notice (up to three months) in exceptional circumstances.

(2) For the purposes of 10.1A, significant changes would include, for example, changes in investment objectives or major investment policies, and fee structure.

(3) For any increase in fees and charges from the current level as stated in the principal brochure up to the maximum level permitted by the constitutive documents, prior approval from the Commission is not required, but no less than one month's prior notice must be given to scheme participants.

10.1B For changes to a scheme that do not require the Commission's prior approval pursuant to 10.1, unless there is a specified minimum prior notice period in this Code, the applicant company should inform scheme participants as soon as reasonably

practicable of any information concerning the scheme which is necessary to enable scheme participants to appraise the position of the scheme. The principal brochure may be updated to incorporate such changes and reissued without further authorization provided that the content and format of such document remains fundamentally the same as the version previously authorized. The revised principal brochure must be filed with the Commission, together with a marked-up version against the previously filed version, within two weeks from the date of issuance.

10.2 The constitutive documents may be altered without consulting scheme participants provided that the proposed alteration:

- (a) is necessary to make possible compliance with fiscal or other statutory or official requirements; or
- (b) does not materially prejudice scheme participants' interest, does not to any extent release the parties from any liability to participants and does not increase the costs and charges payable under the scheme.

10.3 The Commission may accept undertakings from an applicant company to delay making a required amendment to a document until an opportune time, but in such cases the Commission may impose a reasonable time limit for carrying out the required amendment, and require a written undertaking from an applicant company to comply, in the interim period, with the substance of the requirement.

10.4 (Repealed)

Withdrawal of Authorization

10.5 Following the authorization of a scheme, the applicant company should, subject to 10.6 below, give at least three months' notice to scheme participants of any intention not to maintain such authorization. Such notice should be submitted to the Commission for prior approval and contain reasons for the withdrawal of authorization, consequences of the withdrawal, any proposed changes in the operation of the scheme and their effects on existing scheme participants, the alternatives available to scheme participants (including, if possible, a right to switch without charge into another authorized scheme) and, where applicable, an estimate of any relevant expenses and who is expected to bear them.

Merger or Termination

10.6 Where a scheme or a fund linked to the scheme is to be merged or terminated, in addition to following any procedures set out in the constitutive documents or governing law, notice shall be given to scheme participants. Such notice should be submitted to the Commission for prior approval and shall contain the reasons for the merger or termination, the relevant provisions under the constitutive documents that enable such merger or termination, the alternatives available to participants (including, if possible, a right to switch without charge into another authorized scheme or fund), the estimated costs of the merger or termination and who is expected to bear them.

Advertising Materials

- 10.7 Advertisements and other invitations to invest in a scheme must comply with the Advertising Guidelines. All advertisements must be submitted to the Commission for authorization prior to their issue or publication in Hong Kong, unless exempted under section 103 of the SFO. For the avoidance of doubt, even if an advertisement is exempted from obtaining authorization from the Commission under the SFO, the applicant company must ensure that the advertisement or invitation complies with the Advertising Guidelines.
- 10.8 Where authorization by the Commission is required, it is recommended that the applicant company nominate one person, such as the Approved Person or any other persons acceptable to the Commission, based in Hong Kong to liaise with the Commission. Authorization may be varied or withdrawn by the Commission as it deems fit. Once authorized, the advertisement may be used in any distribution media and reissued without further authorization with updated performance information of schemes and general market commentary provided that the content and format of such advertisement remain fundamentally the same as the version previously authorized and the advertisement, when reissued, is in compliance with the Advertising Guidelines.

Note: For radio, television, cinema or other time-limiting advertisements / broadcasts, the script of any verbal statements in such advertisements should be submitted for the Commission's advance clearance, followed by the demo of the broadcast (e.g. digital files) for formal authorization.

- 10.9 The applicant company must keep adequate records of the advertisements issued, either in actual form or by way of a copy of the final proof, and the relevant supporting documents for substantiation of information presented thereon. Such records must be retained for at least 3 years from the latest date of publication / distribution of an advertisement and made available to the Commission upon request.

Notices to Scheme Participants

- 10.10 Notification to scheme participants must be made in the language(s) in which the scheme is offered to investors in respect of any changes or proposed changes to the principal brochure or constitutive documents as determined by the Commission pursuant to 10.1A.
- 10.11 Subject to 10.5 and 10.6 above, notices to scheme participants need not be approved by the Commission prior to issuance but are required to be filed with the Commission within two weeks from the date of issuance of the notice. The Commission, however, retains its power to require the applicant company to submit draft notices for review where the Commission considers it appropriate. For the avoidance of doubt, matters relating to 10.1 above should be approved by the Commission prior to the distribution of the relevant notices to scheme participants.
- 10.12 The applicant company has the responsibility to ensure that the notices to scheme participants are not misleading and contain accurate and adequate information to keep them informed. All notices should contain a Hong Kong contact number for investors

to make enquiries.

Note: Notices should not include any reference to a specific date or timetable in respect of the changes made to the principal brochure or constitutive documents where such date or timetable has not been agreed in advance with the Commission.

Mention of SFC Authorization

- 10.13 Where a scheme is described as having been authorized by the Commission, it must be stated that authorization does not imply official recommendation.
