General matters

Chapter 1: Introduction and administrative matters

Introduction

1.1 This Code on Open-Ended Fund Companies (“OFC Code”) is made under section 112ZR of the SFO and establishes guidelines in respect of matters relating to the registration, management, and operation of OFCs and their business.

1.2 The Commission is empowered under section 112D of the SFO to register a proposed company as an OFC. By virtue of section 112D(6), the registration may be granted subject to such conditions as the Commission considers appropriate.

1.3 An OFC seeking registration with the Commission under section 112D of the SFO is expected to comply with the applicable provisions of the SFO, OFC Rules and the OFC Code in order to be registered with the Commission.

1.4 The Commission may review the registration of an OFC at any time, may withdraw such registration and may amend or revoke conditions imposed or impose new conditions as it considers appropriate.

1.5 The Commission may modify or relax the application of a requirement in the OFC Code if it considers that, in particular circumstances, strict application of the requirement would operate in an unduly burdensome or unnecessarily restrictive manner. Applications for registration which seek waivers of any of the provisions in the OFC Code must give detailed reasons why waivers are sought.

Effect of breach of the OFC Code

1.6 Failure by any person to comply with any applicable provision of the OFC Code:

(a) does not by itself render the person liable to any judicial or other proceedings, but in any proceedings under the SFO before any court, the OFC Code may be admissible in evidence, and if any provision set out in the OFC Code appears to the court to be relevant to any question arising in the proceedings, it may be taken into account in determining the question;

(b) may cause the Commission to consider whether such failure adversely reflects on the person’s fitness and properness (in so far as the relevant person is licensed or registered under the SFO);

(c) may cause the Commission to consider whether such failure adversely reflects on whether the OFC should remain registered;

(d) may cause the Commission to consider whether such failure adversely reflects on whether further OFCs managed and/ or proposed by such person should be granted registration in the interest of the investing public (i.e. where there is a serious breach, the Commission may refuse to register new OFCs to be managed and/ or proposed by the person in breach for a stated period); and
(e) may cause the Commission to impose additional registration condition(s).

1.7 Section I of the OFC Code applies to both public and private OFCs. Section II of the OFC Code applies only to private OFCs. Public OFCs and their key operators are also required to comply with all applicable requirements in the SFC Products Handbook.

1.8 The provisions in the OFC Code apply to each sub-fund of an umbrella OFC as if each sub-fund were an OFC to the extent applicable.

1.9 Nothing in the OFC Code shall be interpreted in a manner that alters or imposes any restriction upon the exercise by the Commission of any power or discretion conferred upon it under the SFO. The OFC Code shall not be interpreted in a way that will override the provision of any law.

Data privacy

1.10 The information requested under the OFC Code may result in the applicant providing the Commission with personal data as defined in the Personal Data (Privacy) Ordinance. The data supplied will only be used by the Commission to perform its functions, in the course of which it may match, compare, transfer or exchange personal data with data held or obtained by the Commission, government bodies, other regulatory authorities, corporations, organizations or individuals in Hong Kong or overseas for the purpose of verifying those data. In formulating the principles in this Chapter, the Commission has taken into account principles developed by the International Organisation of Securities Commissions and other principles that the Commission believes to be fundamental for the regulation of collective investment schemes in the form of OFCs.

An OFC and its key operators shall comply with the spirit of these principles when administering, managing or dealing with any matters relating to the operation of an OFC.

GP 1. Acting fairly: Key operators shall act honestly, fairly and professionally.

GP 2. Diligence and competency: Key operators shall discharge their functions with due skill, care and diligence. Where a delegate is appointed by a key operator, the key operator shall exercise due care in the selection, appointment and ongoing monitoring of its delegate.

GP 3. Proper protection of assets: All the scheme property of an OFC shall be entrusted to the custodian and shall be properly protected.

GP 4. Managing conflicts of interest: Key operators shall avoid situations where conflicts of interest may arise including any actual or potential conflicts that may arise between different parties in respect of an OFC. Where conflicts of interests cannot be avoided, and provided that investors’ interests can be sufficiently protected, the conflict shall be managed and minimized by appropriate safeguards, measures and product structure, which shall be properly disclosed to investors. The board of directors shall uphold good corporate governance principles and standards for its activities conducted in relation to the OFC.

GP 5. Disclosure: Disclosure shall be clear, concise and effective, containing information necessary for investors to be able to make an informed judgement and be kept up-to-date. Where ongoing disclosure is required, information shall be disseminated in a timely and efficient manner.

GP 6. Regulatory compliance: The OFC and its key operators shall ensure compliance with the applicable regulatory requirements, and shall respond to enquiries from regulators in an open and co-operative manner. (c) the following statement(s), which must be set out prominently:

   (i) For public OFCs: “SFC registration and authorization do not represent a recommendation or endorsement of an OFC nor do they guarantee the commercial merits of an OFC or its performance. They do not mean the OFC is suitable for all investors nor do they represent an endorsement of its suitability for any particular investor or class of investors.”

   (ii) For private OFCs only: “This is not an OFC authorized under section 104 of the Securities and Futures Ordinance (“SFO”) for offer to the public and its offering documents have not been authorized by the SFC under section 105 of the SFO.

It does not mean the OFC is suitable for all investors nor does it represent an endorsement of its suitability for any particular investor or class of investors.”

Note: For the avoidance of doubt, the disclosure of 4.2(c)(i) in the offering documents would suffice in meeting the requirement of 11.14 of the UT Code.
(d) in the case of an umbrella OFC, the warning statement below, which shall be stated prominently:

"Important - while section 112S of the SFO provides for segregated liability between sub-funds, the concept of segregated liability is relatively new. General

10.1 This Chapter provides for the matters in relation to an application for a voluntary termination of an OFC pursuant to section 112ZH of the SFO, and the cancellation of registration of an OFC.

Note: Sub-funds of an umbrella OFC can similarly apply for termination pursuant to this Chapter, and the references hereunder to shareholders, resolution, scheme property, assets and liability should be read as those of or attributable to the particular sub-fund.

10.2 Any decision to terminate an OFC should take due account of the best interests of the shareholders of the OFC. The directors and the investment manager should ensure that the termination process of an OFC is carried out in an orderly manner, and that the OFC’s shareholders are treated fairly.

10.3 A proposal for a termination of an OFC under this Chapter may be submitted by the OFC to the Commission and should include:

(a) a solvency statement under 10.4;
(b) reasons for the OFC’s termination;
(c) proposed key procedures for such termination;
(d) consequences of such termination; and
(e) effect on its shareholders.

10.4 Before a submission is made under 10.3, the board of directors must make a full enquiry into the affairs of the OFC to determine whether it could give a confirmation that the OFC will be able to meet all its liabilities within 12 months from the date of that confirmation (“solvency statement”).

10.5 This solvency statement must:

(a) relate to the OFC’s affairs within 5 weeks immediately preceding the date of submission of the termination proposal to the Commission;
(b) be approved by the board of directors and signed on their behalf by one director; and

Procedures and notice of termination

10.6 The instrument of incorporation of an OFC must clearly disclose the circumstances and procedures to be followed for conducting the termination and arrangements for distribution of assets to shareholders, including a reasonable notice to its shareholders containing relevant and key particulars and procedures of the
termination and impact on shareholders. There should be adequate disclosure of the termination process to investors at the same time and in an appropriate and timely manner.

10.7 The OFC should note that with effect from the date of the notice to its shareholders on its proposed termination:

(a) the OFC must no longer be marketed and must not accept subscription from new investors; and

(b) the corporate powers of the OFC and the powers of the directors may continue solely for carrying on business operations that are essential for closing down its business.

10.8 During the termination process and in valuing the assets of the terminating OFC, the directors in conjunction with the investment manager must ensure that fair valuation of the assets will apply, and seek to address conflicts of interest arising.

10.9 The offering document of an OFC must disclose:

(a) a summary of the circumstances under which an OFC can be terminated;

(b) parties who may apply for termination of the OFC; and

(c) the extent to which approval or consent from the OFC’s shareholders is required to effect termination.

Cancellation of registration
