Part I: General matters

Chapter 1: Authorization procedures

General

- 1.1 Investment-linked assurance schemes are insurance policies issued by an Authorized Insurer and they are normally expected to comply with the applicable provisions of the Handbook, including without limitation, all of the applicable provisions of this ILAS Code in order to be authorized in Hong Kong by the SFC pursuant to section 104 of the SFO.
- 1.2 Authorized Insurers are under the prudential regulation of the Insurance Authority. The intermediaries selling investment-linked assurance schemes, including insurance agents and brokers, are subject to a self-regulatory system through self-regulatory organisations of the insurance industry. These organisations are also subject to the oversight of the Insurance Authority. Therefore, issues such as how the Authorized Insurers operate, their financial conditions or their business conduct are not within the Commission's regulatory ambit.
- 1.3 Applications for authorization which seek waivers of any of these provisions must give detailed reasons why waivers are sought.

Nomination of an individual as approved person

- 1.4 According to sections 104(2) and 105(2) of the SFO, an individual must be approved for the purposes of being served by the Commission with notices and decisions for, respectively, the scheme and the issue of any related advertisement, invitation or document. An applicant for authorization is, therefore, required to nominate an individual for approval by the Commission as an approved person.
- 1.5 An approved person should:
 - (a) have his/her ordinary residence in Hong Kong;
 - (b) inform the Commission of his/her current contact details, including, in so far as applicable, the address, telephone and facsimile numbers, and electronic mail address;
 - (c) be capable of being contacted by the Commission by post, telephone, facsimile and electronic mail during business hours;
 - (d) inform the Commission of any change in his/her contact details within 14 days after the change takes place; and
 - (e) comply with any other requirements as the Commission considers appropriate.
- 1.6 An individual approved by the Commission as an approved person for a scheme shall generally be approved also for the issue of any advertisement, invitation or document made in respect of that scheme.

Documents to be supplied to the Commission

- 1.7 An applicant for authorization of a scheme should complete and submit the Application Form together with the following to the Commission upon application for authorization:

Note: The Application Form is available on the Commission's website.

- (a) the scheme's offering document and constitutive documents;
- (b) Information Checklist;

Note: The Information Checklist is available on the Commission's website.

- (c) such other documents as may be required by the SFC from time to time;
- (d) application fee in the form of a cheque payable to the "Securities & Futures Commission"; and

Note: The current fee schedule is available on the Commission's website.

- (e) the letter nominating an individual to be approved by the Commission as an approved person containing the individual's name, employer, position held and contact details, including, in so far as applicable, the address, telephone and facsimile numbers, and electronic mail address.

Authorized Insurer

- 1.8 Insurers are required to obtain authorization to carry on Class C of Long Term Business under the Insurance Companies Ordinance (Chapter 41 of the Laws of Hong Kong) before applying for authorization of its investment-linked assurance schemes.

Chapter 2: Administrative arrangements

Administrative arrangements

- 2.1 According to section 8 of the SFO, the Commission is empowered to set up committees, whether for advisory or other purposes. The Commission will establish a Products Advisory Committee for the purpose of consultation and advice on matters which may relate to collective investment schemes within the scope of this ILAS Code of the Handbook. The remit of the Products Advisory Committee and its membership will be set out in its Terms of Reference.

Data privacy

- 2.2 The information requested under this ILAS Code may result in the applicant providing the Commission with personal data as defined in the Personal Data (Privacy) Ordinance. The data supplied will only be used by the Commission to perform its functions, in the course of which it may match, compare, transfer or exchange personal data with data held or obtained by the Commission, government bodies, other regulatory authorities, corporations, organizations or individuals in Hong Kong or overseas for the purpose of verifying those data. Subject to the limits in section 378 of the SFO, the Commission may disclose personal data to other regulatory bodies. You may be entitled under the Personal Data (Privacy) Ordinance to request access to or to request the correction of any data supplied to the Commission, in the manner and subject to the limitations prescribed. All enquiries should be directed to the Data Privacy Officer at the SFC.

Part II: Authorization requirements

Chapter 4: Applicant company

Regulatory status of applicant company

- 4.1 No investment-linked assurance scheme will be authorized pursuant to this ILAS Code unless the applicant company is an Authorized Insurer. If the applicant company ceases to be authorized by the Insurance Authority, any existing authorization of the scheme will normally lapse.

Responsibilities of applicant company

- 4.2 The applicant company will be responsible for observing all requirements of this ILAS Code and any conditions imposed by the Commission in granting authorization during the continued enjoyment of that authorization, except to the extent that the Commission grants waivers in writing.
- 4.3 The applicant company is responsible for whatever information is given to the Commission on its behalf and should use its best endeavours to ensure that statements of intention in printed matter are followed.
- 4.4 If a scheme contains a guaranteed investment option, such guarantee should be provided either by the applicant company or a substantial financial institution acceptable to the Commission.
- 4.5 The applicant company shall:
- (a) use its best endeavours to carry on and conduct its business in a proper and efficient manner and will ensure that any scheme to which the constitutive documents relate is conducted in a proper and efficient manner; and
 - (b) exercise best endeavours and due diligence to ensure that the marketing of the scheme is carried out professionally, honestly and fairly.

Chapter 5: Operational requirements

Scheme documentation

Matters to be disclosed in the offering document

- 5.1 An authorized scheme must issue an up-to-date offering document, which should contain all information (including but not limited to product features and risks factors associated with the scheme) necessary for prospective scheme participants to be able to make an informed judgment of the investment proposed to them, and in particular should contain the information listed in Appendix A.

English and Chinese offering document

- 5.2 Except as provided herein, the offering document must be prepared in English and Chinese. The Commission may waive the requirement that the information be provided in both languages on a case-by-case basis where the applicant company satisfies the Commission that the scheme will only be offered to persons fully conversant in the language in which it is intended to publish the information.

Illustration document

- 5.3 An illustration document must be prepared by the Authorized Insurer in conjunction with each proposed investment by each prospective scheme participant. This document must be provided to the scheme participant for his review and signature prior to signing of the application form.
- 5.4 The minimum requirements for the information to be included in the illustration document are set out below. Subject to the approval of the Commission, the Authorized Insurer may customize the document to include additional information provided that such additional information is not misleading and does not otherwise detract from the information disclosed in the minimum requirements.

(a) Surrender values

The Authorized Insurer is required to illustrate, what the scheme participant would be expected to receive if he redeems at the end of each of the first 5 years of the contract, and for every fifth year thereafter until maturity, after deduction of all relevant charges. The computation of these surrender values shall not take into account any non-guaranteed returns, including, without limitation, any discretionary bonus, dividend payments, reimbursements of charges. These expected surrender values should be based on at least 2 different assumptions on the rate of return.

Note: For the avoidance of doubt, assumed rates of return may still be used in the illustration document and further guidance is available on the Commission's website.

(b) Prescribed statements

The following statements should appear in the illustration document:

THE ASSUMED RATES USED BELOW ARE FOR ILLUSTRATIVE PURPOSES. THEY ARE NEITHER GUARANTEED NOR BASED ON PAST PERFORMANCE. THE ACTUAL RETURN MAY BE DIFFERENT!

IMPORTANT:

THIS IS A SUMMARY ILLUSTRATION OF THE SURRENDER VALUES OF [Name of Product]. IT IS INTENDED TO SHOW THE IMPACT OF FEES AND CHARGES ON SURRENDER VALUES BASED ON THE ASSUMPTIONS STATED BELOW AND IN NO WAY AFFECTS THE TERMS OF CONDITIONS STATED IN THE POLICY DOCUMENT.

The following statements should be clearly disclosed before the scheme participant's signature:

Warning: You should only invest in this product if you intend to pay the premium for the whole of your chosen premium payment term. Should you terminate this product early, you may suffer a significant loss.

I confirm having read and understood the information provided in this illustration and received the principal brochure.

Note: A format for the illustration document is available on the Commission's website.

Application form

- 5.5 The entitlement of the scheme participant to the cooling-off period must be prominently displayed at the bottom of the application form immediately above the space for signature. The language for the cooling-off period should comply with the prevailing cooling off initiative issued by Hong Kong Federation of Insurers from time to time.
- 5.6 No scheme application form may be provided to any member of the public unless it is accompanied by the offering document and the illustration document. To that end the application form should include a statement to the effect that it should only be issued in conjunction with the offering document and the illustration document.

Product KFS

- 5.7 An authorized scheme must issue a Product KFS. Such statement shall be deemed to form a part of the offering document and shall contain information that enables prospective scheme participant to comprehend the key features and risks of the product.

Note: An illustration template of the Product KFS is available on the Commission's website.

Inclusion of performance data

- 5.8 If performance data or estimated yield is quoted, the Commission may require supporting documentation. No forecast or illustration of the scheme's future

performance may be made in authorized scheme documents except for the illustration of surrender values or where an investment return at a certain rate is guaranteed.

Naming of unauthorized collective investment schemes

- 5.9 As a general principle any naming of collective investment schemes in authorized scheme documents should be restricted to those which are authorized by the Commission pursuant to section 104(1) of the SFO.

Contents of constitutive documents

- 5.10 The constitutive documents of a scheme should contain the information listed in Appendix B.
- 5.11 Nothing in the constitutive documents may provide for the parties thereto to be exempted from any liability to scheme participants arising out of any breach of trust through fraud or negligence or imposed on them under Hong Kong law or the law of the scheme's place of domicile, under any trust deed or under any contract entered into, nor to be indemnified against any such liability by scheme participants or at scheme participants' expense.

Cooling-off period

- 5.12 A scheme must allow a scheme participant to withdraw unconditionally within the cooling-off period, subject to a market value adjustment ("MVA") in accordance with the prevailing cooling off initiative issued by Hong Kong Federation of Insurers from time to time.
- 5.13 Any such MVA must be calculated solely with reference to the loss the Authorized Insurer or contract issuer might make in realizing the value of any assets acquired through investment of the premiums made under the contract. It shall therefore not include any allowance for expenses or commissions in connection with the issuance of the contract.

Fees and charges

- 5.14 Where a scheme proposes to invest in collective investment schemes managed or distributed by the same company or group, all initial charges of the underlying funds must be waived but recurrent management fees and charges may be levied proportionate to the amount invested.
- 5.15 The level/basis of calculation of all costs and charges payable from the scheme's property must be clearly stated, with percentages expressed on a per annum basis, where applicable. The aggregate level of fees for investment management or advisory functions should also be disclosed.
- 5.16 If a performance fee is levied, such fee shall not create an incentive for the Authorized Insurer or its delegates to take excessive risks in the hope of increasing its performance fee.

Various methodologies may be used for the charging and accrual of performance fees and normally, such methodologies shall ensure that cumulative gains are offset in

some way by cumulative losses (i.e. “high-on-high” basis or the scheme’s excess performance as compared against a benchmark).

5.17 The performance fee can only be payable:

- (a) no more frequently than annually; and
- (b) if the net asset value per unit exceeds the net asset value per unit on which the performance fee was last calculated and paid (i.e. on a “high-on-high” basis).

Note: Notwithstanding 5.17(b), the performance fee may also be calculated with reference to the performance of a benchmark or an asset class and the performance fee is only payable upon outperformance of the net asset value per unit/share vis-à-vis that of the benchmark or asset class.

In the case where a scheme or the investment option(s) linked to the scheme is not unitized, a certificate from an actuary must be provided to the Commission on an annual basis to certify compliance with the foregoing except where:

- (a) there exists a year-on-year guarantee on investment return where the deficiency, if any, between the guaranteed return and the actual return is credited into the scheme account not less frequently than annually; or
- (b) the scheme is a deposit administration policy in which investment returns may be declared by a company, in its discretion, at or above a stated minimum rate not less frequently than annually.

Chapter 6: Guarantee and with-profits or similar features

Guarantee features

The following criteria shall apply to a scheme which contains a guarantee feature or an investment option in which a guaranteed amount will be paid to scheme participants at a specific date in the future.

Guarantor

- 6.1 If the guarantor is an entity other than the Authorized Insurer which issues the policy, it must be a substantial financial institution acceptable to the Commission.

Disclosure

- 6.2 The principal brochure must contain:
- (a) the name of the guarantor (if other than the Authorized Insurer which issues the policy) and the terms and conditions of the guarantee;
 - (b) where applicable, a warning statement in relation to all material conditions which affect the scope or validity of the guarantee including, where relevant, the condition that the guarantee only applies to scheme participants who hold their investment until the date specified in the guarantee and that termination or withdrawal before such date are fully exposed to fluctuations in the value of the investment option and/or subject to penalties; and
 - (c) an illustration or description to clearly demonstrate the guarantee mechanism.

Guarantee features and discretionary benefits features

- 6.3 In relation to an insurance arrangement, if it is stated that discretionary benefits will or may be paid to scheme participants in excess of the guaranteed amount, and the amounts of those benefits are determined at the discretion of the policy issuer, the principal brochure of the scheme must contain:
- (a) a statement to the effect that the [name of policy issuer], at its sole discretion, has the right to retain investment income of the [name of investment option] in excess of that required to be set aside to meet the guaranteed benefits under the [name of investment option];
 - (b) a readily comprehensible description of the methods of determining the discretionary benefits, including the following information, to the extent applicable:
 - (I) the reporting date; and
 - (II) **(i) for a participating product where the policy holder has a right to participate in profits from the long term fund of the policy issuer or any part of that fund:**
 - (i) details of the fund or part fund to which the right relates;

- (ii) the principles on which the distribution of profits among policy holders and shareholders is based and whether these principles are derived from the constitution of the policy issuer or otherwise;
 - (iii) the bonus rates declared immediately prior to the reporting date and for the four years previous; and
 - (iv) the proportion of total distributed profits that was distributed to shareholders immediately prior to the reporting date and for the four years previous;
- (ii) for an investment-linked product:**
- (i) a description of the method which will be used to calculate unit prices from time to time; and
 - (ii) the percentage changes in unit prices for the five yearly intervals immediately preceding the reporting date;
- (iii) for an investment account product:**
- (i) a description of the method which will be used to calculate the interest rate for each period; and
 - (ii) the rate of interest declared immediately prior to the reporting date and for the four years previous; and
- (c) a statement that past performance should not be taken as an indication of future performance.

Note: For investment option with less than five years track record, figures for shorter periods may be shown, provided the date of commencement is shown.

With-profits or similar features

The following shall apply to a scheme with "with-profits" or similar features where the Authorized Insurer can impose a market value adjustment. Where such scheme or any investment option also has guarantee features and discretionary benefits features, the provisions in 6.1-6.3 shall also apply.

- 6.4 As regards a scheme or an investment option with with-profits or similar features where the Authorized Insurer invests in a mixture of assets, and retains the absolute discretion to declare a rate of return (commonly known as "bonus") determined by reference to the performance of the underlying assets and other factors and is promised on the basis that the ups and downs of the investment performance can be smoothed out over a period, and the Authorized Insurer may, amongst other things, reduce the rate of bonus and/or apply a market value adjustment to the policy value or withdrawal amount in respect of any withdrawals (whether or not this may be on a retrospective basis), the following must be disclosed in the offering document:
- (a) a statement to the effect that scheme participants' withdrawal amount may be significantly reduced by the market value adjustments as a result of such

with-profits or similar features;

- (b) the extent to which the investment can be deducted by such market value adjustments;
- (c) a statement as to whether the Authorized Insurer has the sole discretion to determine the market value adjustment level;
- (d) a statement as to how the prevailing rate of market value adjustments is disclosed to scheme participants from time to time; and
- (e) a statement as to whether any policy issued by the scheme is subject to any market value adjustments.

6.5 An Authorized Insurer must keep scheme participants informed of any exercise of the market value adjustment relating to a scheme having with-profits or similar features.

Part III: Post-authorization requirements

Chapter 7: Post-authorization requirements

Scheme changes

- 7.1 The proposed changes to a scheme in respect of the following must be submitted to the Commission for prior approval:
- (a) changes to constitutive documents;
 - (b) changes of key operators (including the applicant company / management company and its delegates) and their regulatory status and controlling shareholder;
 - (c) changes in investment objectives, policies and restrictions (including the purpose or extent of use of derivatives), fee structure and dealing and pricing arrangements; and
 - (d) any other changes that may materially prejudice scheme participants' rights or interests.
- 7.2 For changes to a scheme that require the Commission's prior approval pursuant to 7.1, the Commission will determine whether scheme participants should be notified and the period of notice (if any) that should be applied before the changes are to take effect. The revised offering document as a result of such changes should be submitted to the Commission for prior authorization.
- Notes:*
- (1) *Normally, the Commission will expect that one month's prior written notice (or such longer period as required under applicable laws and regulations or the provisions as set out in the offering document or constitutive documents) should be provided to scheme participants in respect of the changes. However, the Commission may permit a shorter period of notice if the change is not significant or if it is not practicable for the applicant to do so due to circumstances beyond its control. The Commission may also require a longer period of notice (up to three months) in exceptional circumstances.*
 - (2) *For the purposes of 7.2, significant changes would include, for example, changes in investment objectives or major investment policies, and fee structure.*
 - (3) *For any increase in fees and charges from the current level as stated in the principal brochure up to the maximum level permitted by the constitutive documents, prior approval from the Commission is not required, but no less than one month's prior notice must be given to scheme participants. However, the Commission may permit a shorter period of notice if the change is not significant or if it is not practicable for the applicant to do so due to circumstances beyond its control.*
- 7.3 For changes to a scheme that do not require the Commission's prior approval pursuant to 7.1, unless there is a specified minimum prior notice period in this ILAS Code, the

applicant company should inform scheme participants as soon as reasonably practicable of any information concerning the scheme which is necessary to enable scheme participants to appraise the position of the scheme. The offering document may be updated to incorporate such changes and reissued without further authorization provided that the content and format of such document remains fundamentally the same as the version previously authorized. The revised offering document must be filed with the Commission, together with a marked-up version against the previously filed version, within one week from the date of issuance.

Note: Without prejudice to the foregoing, the Authorized Insurer should inform scheme participants as soon as reasonably practicable of any material adverse change in the financial conditions or business of the key counterparties that it is aware of. 'Key counterparties' include but are not limited to the Authorized Insurers and guarantors (where relevant).

- 7.4 The constitutive documents may be altered without consulting scheme participants provided that the proposed alteration:
- (a) is necessary to make possible compliance with fiscal or other statutory or official requirements; or
 - (b) does not materially prejudice scheme participants' interest, does not to any extent release the parties from any liability to participants and does not increase the costs and charges payable under the scheme.
- 7.5 The Commission may accept undertakings from an applicant company to delay making a required amendment to a document until an opportune time, but in such cases the Commission may impose a reasonable time limit for carrying out the required amendment, and require a written undertaking from an applicant company to comply, in the interim period, with the substance of the requirement.

Withdrawal of authorization

- 7.6 Following the authorization of a scheme, the applicant company should, subject to 7.7 below, give three months' notice, or any shorter notice period as may be allowed by the Commission if it is not practicable for the applicant to do so due to circumstance beyond its control, to scheme participants of any intention not to maintain such authorization. Such notice should be submitted to the Commission for prior approval and contain reasons for the withdrawal of authorization, consequences of the withdrawal, any proposed changes in the operation of the scheme and their effects on existing scheme participants, the alternatives available to scheme participants (including, if possible, a right to switch without charge into another authorized scheme) and, where applicable, an estimate of any relevant expenses and who is expected to bear them.

Merger or termination

- 7.7 Where a scheme or an investment option linked to the scheme is to be merged or terminated, in addition to following any procedures set out in the constitutive documents or governing law, notice shall be given to scheme participants. Such notice should be submitted to the Commission for prior approval and shall contain the reasons for the merger or termination, the relevant provisions under the constitutive documents that enable such merger or termination, the alternatives available to

participants (including, if possible, a right to switch without charge into another authorized scheme or investment option), the estimated costs of the merger or termination and who is expected to bear them.

Advertising materials

- 7.8 Advertisements and other invitations to invest in a scheme must comply with the Advertising Guidelines. All advertisements must be submitted to the Commission for authorization prior to their issue or publication in Hong Kong, unless exempted under section 103 of the SFO. For the avoidance of doubt, even if an advertisement is exempted from obtaining authorization from the Commission under the SFO, the applicant company must ensure that the advertisement or invitation complies with the Advertising Guidelines.
- 7.9 Where authorization by the Commission is required, it is recommended that the applicant company nominate one person, such as the Approved Person or any other persons acceptable to the Commission, based in Hong Kong to liaise with the Commission. Authorization may be varied or withdrawn by the Commission as it deems fit. Once authorized, the advertisement may be used in any distribution media and reissued without further authorization with updated performance information of schemes and general market commentary provided that the content and format of such advertisement remain fundamentally the same as the version previously authorized and the advertisement, when reissued, is in compliance with the Advertising Guidelines.

Note: For radio, television, cinema or other time-limiting advertisements / broadcasts, the script of any verbal statements in such advertisements should be submitted for the Commission's advance clearance, followed by the demo of the broadcast (e.g. digital files) for formal authorization.

- 7.10 The applicant company must keep adequate records of the advertisements issued, either in actual form or by way of a copy of the final proof, and the relevant supporting documents for substantiation of information presented thereon. Such records must be retained for at least three years from the latest date of publication / distribution of an advertisement and made available to the Commission upon request.

Notices to scheme participants

- 7.11 Notification to scheme participants must be made in the language(s) in which the scheme is offered to them in respect of any changes or proposed changes to the scheme, the offering document or constitutive documents as determined by the Commission pursuant to 7.2.
- 7.12 Subject to 7.6 and 7.7 above, notices to scheme participants need not be approved by the Commission prior to issuance but are required to be filed with the Commission within one week from the date of issuance of the notice. The Commission, however, retains its power to require the applicant company to submit draft notices for review where the Commission considers it appropriate. For the avoidance of doubt, matters relating to 7.1 above should be approved by the Commission prior to the distribution of the relevant notices to scheme participants.
- 7.13 The applicant company has the responsibility to ensure that the notices to scheme participants are not misleading and contain accurate and adequate information to keep

them informed. All notices should contain a Hong Kong contact number for scheme participants to make enquiries.

Note: Notices should not include any reference to a specific date or timetable in respect of the changes made to the principal brochure or constitutive documents where such date or timetable has not been agreed in advance with the Commission.

Reporting to the Commission and the Insurance Authority

- 7.14 The Authorized Insurer should promptly report to the Commission and the Insurance Authority immediately any material breach, infringement of or non-compliance with the Handbook (including this ILAS Code).

Mention of SFC authorization

- 7.15 Where a scheme is described as having been authorized by the Commission, it must be stated that authorization does not imply official recommendation by adding a prominent note in the following terms to the offering document and advertisements and other invitations to invest in the scheme:

SFC authorization is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

Poor performance of underlying funds*/assets may further magnify the scheme participant's investment losses, while all charges are still deductible.
