

# Stakeholders

We proactively engage with stakeholders to provide them with regulatory updates and explain our work.

Our senior executives participated in 26 local and international events during the quarter. Chief Executive Officer (CEO) Mr Ashley Alder delivered keynote addresses at the PRI China Conference and the IFRS Foundation Conference and participated in a Bloomberg Policy Series dialogue. Deputy CEO and Executive Director of Intermediaries Ms Julia Leung was the keynote speaker at the ASIFMA Compliance Asia Conference. Other executives spoke at industry events to provide regulatory updates on a variety of topics including corporate governance, listing regulation, virtual assets and enforcement trends.

In May, we presented at an online seminar organised by the Hong Kong Securities Association to provide training to its members on our fully digitalised licensing and submission functions on WINGS<sup>1</sup> and enhanced competency framework as well as the risks of business email compromise and the licence holders insurance scheme. Over 380 members of the association attended the training.

We released the following publications in the quarter:

- Our *Annual Report 2020-21*, published in June, set out our key priorities and summarised our work in the past year.
- The June issue of the *Takeovers Bulletin* reminded practitioners of the requirements for ancillary documents provided as part of a Takeovers Code transaction.

We also issued 11 circulars providing guidance on a wide range of matters, including conduct requirements for bookbuilding and placing activities and mandatory system testing for the Hong Kong investor identification regime.
