Notes to the condensed consolidated financial statements

For the nine months ended 31 December 2023 (Expressed in Hong Kong dollars)

1. Basis of preparation

We have prepared the interim financial information in accordance with the Hong Kong Accounting Standard 34, *Interim Financial Reporting* issued by the Hong Kong Institute of Certified Public Accountants.

This interim financial information contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Securities and Futures Commission (SFC) and its subsidiaries (together, the Group) since the annual financial statements for the year ended 31 March 2023. The interim financial information does not include all of the information required for a full set of financial statements prepared in accordance with the Hong Kong Financial Reporting Standards (HKFRSs).

The interim financial information is unaudited and the financial information relating to the financial year ended 31 March 2023 included in this report as comparative information does not constitute the Group's statutory annual financial statements for that financial year but is derived from those financial statements.

The condensed consolidated financial statements of the SFC and its subsidiaries, the Investor Compensation Company Limited (ICC) and the Investor and Financial Education Council (IFEC), are made up to 31 December 2023. We eliminated all material intra-group balances and transactions in preparing the condensed consolidated financial statements.

Except as described in note 3, we have applied the same accounting policies adopted in the consolidated financial statements for the year ended 31 March 2023 to the interim financial information.

There were no significant changes in the operations of the Group for the nine months ended 31 December 2023.

2. Recent developments in HKFRSs

Interest Rate Benchmark Reform – Phase 2 – amendments to HKFRS 9, HKAS 39, HKFRS 7 and HKFRS 16

The Group has certain debt securities at amortised cost that are referenced to the 3-month USD London Interbank Offered Rate (LIBOR). The 3-month USD LIBOR continues to be published under a synthetic methodology. These exposures will remain outstanding until the synthetic USD LIBOR ceases and will therefore transit in the future. The Group has assessed the impact and there was no significant effect on the condensed consolidated financial statements. The Group is closely monitoring the market and managing the transition to a new benchmark interest rate.

As at 31 December 2023, the carrying amounts of debt securities at amortised cost that are referenced to synthetic USD LIBOR and have yet to be transitioned to an alternate benchmark was \$32,823,000 (as at 31 March 2023: \$116,105,000). The total notional contract amount was \$32,796,000 (as at 31 March 2023: \$115,967,000).

Notes to the condensed consolidated financial statements

For the nine months ended 31 December 2023 (Expressed in Hong Kong dollars)

3. Acquisition of permanent office

(a) Property acquisition

On 17 November 2023, a Sales and Purchase agreement was entered into between the SFC and its landlord with a consideration of \$5.4 billion to acquire 12 office floors in the premises previously rented. Transaction of the nine office floors that we previously occupied was completed in December 2023 while acquisition of the three additional floors will be completed by 2028.

The property acquired during the period has been recognised as under fixed assets. Respective depreciation is calculated using the straight-line method over the estimated useful life of 50 years.

Capital commitments relating to the acquisition of the three additional floors contracted for at the end of the reporting period but not yet incurred amounted to \$1,073,345,000.

(b) Bank loans

To finance the property acquisition transaction, the Group has obtained a 5-year term loan of \$2,029,160,000 on 21 December 2023. The term loan carries a fixed interest rate of 4.7% per annum for the first two years and subsequently carries a floating interest rate of 1-month HIBOR plus 0.55% per annum.

This term loan is initially recognised at fair value, net of transaction costs incurred. It is subsequently measured at amortised cost. The carrying amount is considered to be the same as their fair value as the interest payable on the bank loan is at current market rates.

	Unaudited At 31 Dec 2023 \$'000
Bank loans – secured	
Current	18,262
Non-current	2,000,812
	2,019,074

The term loan was secured by the property with a carrying value of \$4,251,168,000 as at 31 December 2023.

(c) Gain arising from lease termination

As a result of the property acquisition, lease of the existing office spaces has been terminated, and provisions set aside for reinstatement costs and the lease provision recognised at the start of the original lease term according to HKFRS 16, *Leases*, were reversed and resulted in a one-off expense write back of \$112,034,000 for the period. The balance is included in the other income.

5. Cash held for Grant Scheme

A Grant Scheme for Open-ended Fund Companies and Real Estate Investment Trusts (the Grant Scheme) was established on 10 May 2021. The Grant Scheme is administered by the SFC and funded by the Government of the Hong Kong Special Administrative Region (the Government) to provide subsidies for qualified open-ended fund companies and real estate investment trusts to set up in Hong Kong. The cash held for the Grant Scheme are solely restricted for the use of such subsidies and are therefore not available for general use by any of the entities within the Group. The unused balance will be reimbursed to the Government upon the end of the Grant Scheme. The corresponding amount due to the Government is included in the creditors and accrued charges.

6. Exchange risk

The Group's investment guidelines for our investment portfolio only allow investments in assets denominated in Hong Kong dollars (HKD), US dollars (USD) and renminbi. The majority of the financial assets are denominated in either USD or HKD which are pegged within the Convertibility Zone. The exchange loss is mainly driven by the revaluation of USD denominated financial assets.

7. Consolidation

The SFC formed the ICC on 11 September 2002 with an issued share capital of \$0.2. On 20 November 2012, the SFC launched the IFEC as a company limited by guarantee and not having a share capital. Both companies are wholly owned subsidiaries of the SFC and are incorporated in Hong Kong.

The objective of the ICC is to facilitate the administration and management of the Investor Compensation Fund (ICF) established under the Securities and Futures Ordinance (SFO).

The objective of the IFEC is to improve the financial knowledge and capability of the general public and to assist them in making informed financial decisions.

As at 31 December 2023, the investments in subsidiaries, which are stated at cost less any impairment losses, amounted to \$0.2 (as at 31 March 2023: \$0.2).

Notes to the condensed consolidated financial statements

For the nine months ended 31 December 2023 (Expressed in Hong Kong dollars)

8. Related party transactions

The Group has related party relationships with the ICF and the Unified Exchange Compensation Fund. In addition to the related party transactions disclosed elsewhere in these condensed consolidated financial statements, the Group has the following related party transactions and balances.

(a) Reimbursement from the ICF for all the ICC's expenses, in accordance with Section 242(1) of the SFO

During the period, \$4,566,000 was recovered from the ICF for the ICC's expenses (31 December 2022: \$4,437,000). As at 31 December 2023, the ICC had an amount due from the ICF of \$207,000 (as at 31 March 2023: amount due from the ICF of \$208,000).

(b) Remuneration of key management personnel

	Unau Nine mon	
	31 Dec 2023 \$'000	31 Dec 2022 \$'000
Directors' fees and salaries, allowances and benefits in kind	23,672	20,892
Retirement scheme contributions	2,082	1,803
	25,754	22,695

The total remuneration is included in the staff costs and directors' emoluments. Directors' emoluments are for services in connection with the management of the affairs of the SFC. Discretionary pay is not included above as the decision to pay is subject to the approval process towards the end of the financial year and therefore is not determined until then.

(c) Legal services provided by a Non-executive Director

Prior to the appointment of a Non-executive Director (NED), the Group engaged him to provide legal services in respect of a number of matters. The NED had continued to provide services in respect of matters that commenced prior to his appointment on 1 August 2020. Fees paid or payable to him for such services were nil (31 December 2022: \$88,000) for the period and provided under normal commercial terms and conditions.

Notes to the condensed consolidated financial statements

For the nine months ended 31 December 2023 (Expressed in Hong Kong dollars)

9. Fair value measurement

(a) Financial assets measured at fair value

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair Value Measurement*, which is consistent with the hierarchy adopted in the consolidated financial statements for the year ended 31 March 2023.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
At 31 December 2023 (Unaudited) Debt securities	_	_	_	_

Pooled funds	1,045,571	_	_	1,045,571
	1,045,571	403,649	_	1,449,220

During the nine months ended 31 December 2023 and year ended 31 March 2023, there were no significant transfers between financial instruments in Level 1 and 2, and no transfers into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

The fair value of debt securities is based on evaluated prices at the end of the reporting period using current bid prices without any deduction for transaction costs. The fair value of the investment in the pooled funds is determined based on the net asset values of the pooled funds which are publicly available in the active market.

(b) Fair value of financial assets carried at other than fair value

The carrying amounts of the Group's financial instruments carried at cost or amortised cost were not materially different from their fair values as at 31 December 2023 and 31 March 2023 except for the following financial instruments, for which their carrying amount, fair value and the level of fair value hierarchy are disclosed below:

	Carrying		Fair v	alue

Notes to the condensed financial statements

For the nine months ended 31 December 2023 (Expressed in Hong Kong dollars)

1. Basis of preparation

We have prepared the interim financial information in accordance with the Hong Kong Accounting Standard 34, *Interim Financial Reporting* issued by the Hong Kong Institute of Certified Public Accountants.

The interim financial information contains condensed financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Investor Compensation Fund (the Fund) since the annual financial statements for the year ended 31 March 2023. The interim financial information does not include all of the information required for a full set of financial statements prepared in accordance with the Hong Kong Financial Reporting Standards.

The interim financial information is unaudited and the financial information relating to the financial year ended 31 March 2023 included in this report as comparative information does not constitute the Fund's statutory annual financial statements for that financial year but is derived from those financial statements.

We have applied the same accounting policies adopted in the financial statements for the year ended 31 March 2023 to the interim financial information.

There were no significant changes in the operations of the Fund for the nine months ended 31 December 2023.

2. Investor Compensation Company Limited expenses

The Securities and Futures Commission (SFC) formed the Investor Compensation Company Limited (ICC) in September 2002 to perform functions on behalf of the Fund in relation to the compensation of investors and other functions under Part III and Part XII of the Securities and Futures Ordinance (SFO). The Fund is responsible for funding the establishment and operation of the ICC. For the nine months ended 31 December 2023, the ICC incurred costs of \$4,566,000 for its operation (for the nine months ended 31 December 2022: \$4,437,000).

4. Provision for compensation

Pursuant to Section 3 of the Securities and Futures (Investor Compensation-Compensation Limits) Rules, the maximum compensation limit is \$150,000 per claimant for each default case occurring on or before 31 December 2019 or \$500,000 per claimant for each default case occurring on or after 1 January 2020.

The provision of compensation as at 31 December 2023 was \$3,394,000, which was related to a number of claims received in respect of a default case (as at 31 March 2023: \$3,394,000). The maximum liability of the Fund to these claims is the lower of \$150,000 per claimant or the amount claimed. The provision is expected to be paid within one year.

5. Contributions from the Securities Dealers' Deposits Fund and the Commodities Dealers' Deposits Fund

Under Section 76 (11) of Schedule 10 of the SFO, the SFC shall pay into the Fund any remaining balance in the Securities Dealers' Deposits Fund (SDD) and the Commodities Dealers' Deposits Fund (CDD) after repaying the dealers' deposits and any money due to the registered dealers.

During the nine months ended 31 December 2023, the SFC had \$5,470,000 and \$617,000 paid into the Fund from the SDD and the CDD respectively.

6. Related party transactions

The Fund has related party relationships with the SFC, the ICC, the Unified Exchange Compensation Fund, the SDD and the CDD. The SDD and the CDD were wound up in June 2023. There were no related party transactions other than those disclosed in the interim financial information of the Fund for the nine months ended 31 December 2023 and 2022.

7. Contingent liabilities

In addition to the provision for compensation made as described in note 4, there were 12 outstanding claims as at 31 December 2023 (14 outstanding claims as at 31 March 2023). The maximum liability in respect of these claims in aggregate was \$2,199,000 (as at 31 March 2023: \$2,430,000). This is determined based on the lower of the maximum compensation limit per claimant (as detailed in note 4) or the amount claimed.

8. Exchange risk

The Fund's policy only allows investments in assets denominated in Hong Kong dollars (HKD), US dollars (USD) and renminbi. All financial assets are denominated in either USD or HKD which are pegged within the Convertibility Zone. For the nine months ended 31 December 2023 and 2022, the Fund's exchange gain/loss was mainly driven by the revaluation of USD denominated financial assets.

Report of the Securities Compensation Fund Committee

The members of the Securities Compensation Fund Committee (the Committee) present this report together with the unaudited condensed financial statements for the nine months ended 31 December 2023.

Establishment of the Unified Exchange Compensation Fund

Part X of the repealed Securities Ordinance (Chapter 333) established the Unified Exchange Compensation Fund (the Fund). However, when the Securities and Futures Ordinance (SFO) and its subsidiary legislation came into effect from 1 April 2003, a new single Investor Compensation Fund (ICF) was formed to ultimately replace the Fund and the Commodity Exchange Compensation Fund. Up to 31 December 2023, the Fund transferred \$994,718,000 to the ICF. After the settlement of all claims against the Fund and its other liabilities, the Securities and Futures Commission will eventually transfer the remaining balance of the Fund to the ICF.

Part X of the repealed Securities Ordinance remains effective in respect of the operation of the Fund to the extent described in Section 74 of Schedule 10 of the SFO.

Financial statements

The financial performance of the Fund for the period ended 31 December 2023 and the financial position of the Fund as at that date are set out in the unaudited condensed financial statements on pages 55 to 60.

Notes to the condensed financial statements

For the nine months ended 31 December 2023 (Expressed in Hong Kong dollars)

1. Basis of preparation

We have prepared the interim financial information in accordance with the Hong Kong Accounting Standard 34, *Interim Financial Reporting* issued by the Hong Kong Institute of Certified Public Accountants. As the Unified Exchange Compensation Fund (the Fund) will eventually cease operation as a result of the Securities and Futures Ordinance which came into effect from 1 April 2003, we have prepared the interim financial information on a non-going concern basis. We expect that the operations of the Fund will be maintained until all claims and recoveries from liquidators in relation to the broker defaults that happened on or before 31 March 2003 have been fully settled.

The interim financial information contains condensed financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Fund since the annual financial statements for the year ended 31 March 2023. The interim financial information does not include all of the information required for a full set of financial statements prepared in accordance with the Hong Kong Financial Reporting Standards.

The interim financial information is unaudited and the financial information relating to the financial year ended 31 March 2023 included in this report as comparative information does not constitute the Fund's statutory annual financial statements for that financial year but is derived from those financial statements.

We have applied the same accounting policies adopted in the financial statements for the year ended 31 March 2023 to the interim financial information.

There were no significant changes in the operations of the Fund for the nine months ended 31 December 2023.

2. Equity securities received under subrogation

At the end of each reporting period, the fair value of the equity securities received under subrogation is remeasured, with any resultant gain or loss being recognised in "Recoveries". Dividend income, if any, is also recognised in "Recoveries".

As at 31 December 2023, the equity securities received under subrogation amounted to \$16 (as at 31 March 2023: \$30). The balances as at 31 December 2023 and 31 March 2023 are too small to present on the condensed statement of financial position which is expressed in thousands of dollars.

In the absence of claims or other provisions as set out in Section 106 of the repealed Securities Ordinance, the SFC must refund to SEHK the deposit within six months after the trading right was relinquished.
