2. It appears to the Securities and Futures Commission (**Commission**) that the imposition of the prohibitions and the requirements set out in the Notice of this date issued by the Commission under sections 204 and 205 of the SFO is desirable in the interest of the investing public and in the public interest.

3. The Commission has reached this view on the basis of the following matters:

(1) The Commission suspects that (i) certain members of the management of Tianju Dihe (Suzhou) Technology Co., Ltd. (stock code: 2479) (**Tianju Dihe**); (ii) The Reynold Lemkins Group (Asia) Limited (**Reynold**); (iii) Liu Haoran (**Liu**); (iv) Kaufmann & Company Pan-Asia Limited (**Kaufmann**); and (v) Yang Dong (**Yang**) (collectively, **Relevant Persons**) may have been involved in a fraudulent scheme to create a false or artificial appearance of demand for Tianju Dihe's shares in its initial public offering (**IPO**). Reynold was owned by Liu and Kaufmann was owned by Yang. Reynold was a cornerstone investor of the IPO and was allotted shares in Tianju Dihe's IPO on 28 June 2024. The Commission's investigation to date indicates that Reynold's cornerstone subscription was directly, or indirectly through Kaufmann, financed by Tianju Dihe. Accordingly, it did not represent genuine independent investor demand for the IPO shares. If Reynold's subscription were excluded, there would not be sufficient demand for Tianju Dihe's IPO shares for the listing to proceed on the existing terms.

(2) The Commission therefore has reasons to suspect that the Relevant Persons might have committed offences under section 300 of the SFO by employing a fraudulent or deceptive scheme in transactions involving the shares of Tianju Dihe.

(3) Where it appears to the Commission that a person has contravened section 300 of the SFO, the Court of First Instance (**CFI**), on the application of the Commission, may make orders requiring the person to take such steps as the CFI may direct, including steps to restore the parties to the transactions to the position in which they were before these transactions were entered into, or to pay damages to any other person(s) under section 213 of the SFO.

(4) Accordingly, a person involved in the suspected scheme may be ordered to restore affected IPO investors to the position in which they were before their subscription transactions were entered into, or to compensate them for their loss. The maximum amount currently estimated to be required for such restoration and/or compensation is **HK$285,030,265**.

(5) Among the Relevant Persons, Reynold, Liu and Kaufmann hold accounts with the Specified Corporations (**Account Holders**) which are the subject of the Notice issued by the Commission on this date under sections 204 and 205 of the SFO (**Accounts**) and which contain assets that may be available to satisfy any future restoration and/or compensation order.

(6) The Commission considers it necessary to preserve assets in the Accounts, **in cash, securities or other form, up to HK$285,030,265**, pending further investigation and any future application under section 213 of the SFO.

(7) In addition to imposing prohibitions and requirements over the Accounts, the Commission considers it necessary to prohibit the Specified Corporations from executing any instructions given directly or indirectly by the Account Holders where the Specified Corporations know that any of the Account Holders is the ultimate beneficial owner of, and/or the person ultimately giving the relevant instructions. The Specified Corporations are also required to notify the Commission immediately upon receipt of any aforesaid instruction(s).

(8) The Commission therefore considers it desirable in the interest of the investing public and in the public interest to impose on the Specified Corporations the prohibitions and the requirements set out in the Notice issued by the Commission on this date.
