### **Mutual Recognition of Funds (MRF) between Switzerland and Hong Kong**

1. The Securities and Futures Commission (SFC) and the Swiss Financial Market Supervisory Authority (FINMA) signed a Memorandum of Understanding on Switzerland-Hong Kong Mutual Recognition of Funds and Asset Managers (Memorandum) on 2 December 2016. The Memorandum provides a recognition of asset managers as well as a framework for mutual recognition of publicly offered funds in both markets. “Public Offering” or “publicly offered” means
  - a. in Switzerland any marketing, offering, sale and distribution of CIS to investors who are not qualified as defined in Article 10 paras. 3, 3<sup>bis</sup> or 3<sup>ter</sup> Swiss Federal Act on Collective Investment Schemes (CISA) and/or
  - b. in Hong Kong any offer (including marketing, sales and distribution) of CIS to the public which requires authorization under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (SFO).

### **General principles**

2. MRF operates on the principles that, in respect of a fund that has been authorized or approved by the relevant authority in one jurisdiction (Home Jurisdiction) and is seeking or has received authorization or approval for Public Offering in the other jurisdiction (Host Jurisdiction):
  - a. the fund should meet the eligibility requirements in accordance with this Circular;
  - b. the fund should remain authorized or approved by the relevant authority in the Home Jurisdiction and is allowed for Public Offering within the Home Jurisdiction;
  - c. the fund should generally operate and be managed in accordance with the relevant laws and regulations in the Home Jurisdiction and its constitutive documents;
  - d. the sale and distribution of the fund in the Host Jurisdiction shall comply with the applicable laws and regulations in the Host Jurisdiction;
  - e. the fund will comply with the additional rules released by the relevant authority in the Host Jurisdiction governing the authorization or approval, post-authorization and ongoing compliance, and the sale and distribution of the fund in the Host Jurisdiction;
  - f. the management company of the fund shall ensure holders of both the Home Jurisdiction and Host Jurisdiction receive fair and the same treatment,

including in respect of investor protection, exercise of rights, compensation and disclosure of information; and

- g. ongoing disclosure of information on the fund shall be made available to the investors in the Home Jurisdiction and the Host Jurisdiction at the same time.
3. All direct information sharing by FINMA supervised entities including Swiss Asset Managers<sup>1</sup> with SFC is subject to Article 42c of the Swiss Financial Market Supervision Act (FINMASA). It is the responsibility of each entity concerned to analyse on a case-by-case basis whether the requirements for such direct information sharing with SFC are met. In some instances, supervised entities in Switzerland may be obliged to transmit the relevant information (indirectly) through FINMA to SFC by means of administrative assistance.
4. In general, funds that are seeking SFC authorization or have received SFC authorization for Public Offering in Hong Kong pursuant to Section 104 of the SFO have to comply with the SFC Handbook for Unit Trusts and Mutual Funds, Investment-Linked Assurance Schemes and Unlisted Structured Investment Products (SFC Handbook) and the circulars, guidelines and other requirements as may be issued by the SFC from time to time (together with the SFO, the Hong Kong Laws and Regulations). On the basis of the principles set out above, if an eligible Swiss fund complies with the relevant Swiss laws and regulations, it is generally deemed to have complied in substance with the relevant SFC requirements and will enjoy a streamlined process of authorization for Public Offering in Hong Kong.
5. In view of the differences between the Hong Kong and the Swiss regulatory regimes, to ensure proper investor protection and consistency with existing Hong Kong SFC-authorized funds, this Circular sets out the additional requirements with which an eligible Swiss fund has to comply when applying for SFC authorization for Public Offering in Hong Kong under the MRF, as well as other requirements which a Recognised Swiss Fund (see definition in paragraph 6 below) has to observe after obtaining SFC authorization. FINMA will issue separate rules regarding the approval of eligible Hong Kong funds for Public Offering in Switzerland.
6. Hereafter, Swiss funds that are eligible for SFC authorization or have received SFC authorization under the MRF are denoted as Recognised Swiss Funds.
