Dear Sirs,

We welcome the SFC's plan to move to an electronic filing system for Part XV Disclosures. We would like to make the following two comments:

1. As investors, we prefer Option C.
2. It would be very helpful if the Exchange could provide a 'Comments' box in the electronic DI form, so that the disclosing party may be able to make any clarificatory comments.

We request that our name be withheld from publication.

Very sincerely yours,
