### INTRODUCTION

Reference is made to the Joint Announcement. The Company was informed by the Offeror that on 28 October 2025, the Offeror acquired the Acquisition Shares (i.e. 20,000,000 Shares which represent approximately 1.80% of the total number of the issued share capital of the Company as at the Latest Practicable Date) on the secondary market. The total consideration for the Acquisition Shares is HK\$13,597,870. The highest price and average price per Acquisition Share are HK\$0.68 and approximately HK\$0.6799 respectively.

### MANDATORY UNCONDITIONAL CASH OFFER

As at the Latest Practicable Date, the Company had 1,109,390,162 Shares in issue. Save for the Shares, the Company had no other relevant securities (as defined in Note 4 to Rule 22 of the Takeovers Code) as at the Latest Practicable Date.

Immediately prior to the Acquisition, (a) the Offeror (which is wholly-owned by Ms. Hong) had no interest in the Shares; and (b) Mr. Fu, an executive Director and the chairman of the Company and the spouse of Ms. Hong, (i) is the founder of a discretionary trust (the discretionary beneficiaries of which are Mr. Fu and his family members), the trustee of such discretionary trust was interested in 100% shareholding interest in Blueberry Worldwide and Blueberry Worldwide was directly interested in 330,695,000 Shares (representing approximately 29.81% of the total number of the issued share capital of the Company) and Mr. Fu is therefore deemed to be interested in 330,695,000 Shares; and (ii) was directly interested in 200,000 Shares (representing approximately 0.02% of the total number of the issued share capital of the Company).

---

## LETTER FROM ASTRUM CAPITAL

---

Immediately after the Acquisition, the Offeror and parties acting in concert with it (including Mr. Fu's direct and deemed interests in the Shares but excluding Sina's interests in the Shares) are in aggregate interested in a total of 350,895,000 Shares (representing approximately 31.63% of the total number of the issued share capital of the Company). Pursuant to Rule 26.1 of the Takeovers Code, after the Acquisition, the Offeror is required to make a mandatory unconditional cash offer for all the issued Shares (other than those already owned or to be acquired by the Offeror, Ms. Hong, Mr. Fu and Blueberry Worldwide).

During the period from the date of the Joint Announcement and up to the Latest Practicable Date, the Offeror further acquired 35,286,000 Shares on the secondary market. The total consideration for the Further Acquisition Shares is HK\$23,994,480. Both the highest price and average price per Further Acquisition Share are HK\$0.68. This letter forms part of this Composite Document and sets out, among other things, principal terms of the Offer, together with the information on the Offeror and the intention of the Offeror regarding the Group. The Offeror confirms that the Offer Price is final and will not be increased.

---

## LETTER FROM ASTRUM CAPITAL

---

If, after the Latest Practicable Date, any dividend or other distribution is declared, made or paid in respect of the Offer Shares, the Offeror must reduce the Offer consideration by an amount equal to that dividend (or other distribution) so that the overall value receivable by the Shareholders remains the same pursuant to Note 11 to Rule 23.1 of the Takeovers Code.

The procedures for acceptance and further details of the Offer are set out in Appendix I to this Composite Document and the accompanying Form of Acceptance.

### Comparison of value

### **Payment**

Payment in cash in respect of acceptances of the Offer will be made as soon as possible but in any event no later than seven Business Days after the date on which the duly completed acceptances of the Offer and the relevant documents of title in respect of such acceptances are received by the Offeror (or its agent) to render each such acceptance complete and valid.

### **Value of the Offer**

Based on the Offer Price of HK\$0.68 per Offer Share and 1,109,390,162 Shares in issue as at the Latest Practicable Date, the entire issued share capital of the Company was valued at approximately HK\$754.39 million.

Excluding 386,181,000 Shares held by the Offeror, Mr. Fu and Blueberry Worldwide, a total of 723,209,162 Shares will be subject to the Offer and the value of the Offer is approximately HK\$491.78 million (assuming there is no change in the number of issued Shares before the close of the Offer).

### **Confirmation of financial resources available for the Offer**

As at the Latest Practicable Date, each of Mr. Mai and Mr. Zhao was the beneficial owner of 4,050,000 Shares (representing approximately 0.37% of the total number of the issued share capital of the Company) and 1,105,203 Shares (representing approximately 0.10% of the total number of the issued share capital of the Company) respectively. Pursuant to the Irrevocable Undertakings, each of Mr. Mai and Mr. Zhao has irrevocably and unconditionally undertaken to and covenanted with the Offeror that he (i) will not accept the Offer if made by the Offeror in respect of the Shares held by him; (ii) will not take any other action to make the Shares owned by him available for acceptance of the Offer; and (iii) will not sell, transfer or dispose of or otherwise create any interest on the Shares owned by him before the close of the Offer. The Irrevocable Undertakings will cease upon the close of the Offer.

As at the Latest Practicable Date, there were a total number of 62,381,197 Shares (representing approximately 5.62% of the total number of the issued share capital of the Company) held by the trustee of the 2024 Share Scheme for the purpose of satisfying (i) future vesting of options and/or awards that have been granted but remained unvested and (ii) future grants of options and/or awards under the 2024 Share Scheme. Given that the purpose of the 2024 Share Scheme is to allow the grant of options and/or awards, as appropriate, to eligible participants providing them an incentive by way of an opportunity to become Shareholders and to align their interests with that of the Company in recognition of the contributions they have made or are expected to make to the Group, the Company has irrevocably and unconditionally undertaken to the Offeror that it (i) will not instruct the trustee of the 2024 Share Scheme to accept the Offer; (ii) will not take any other action to make the Shares held by the trustee of the 2024 Share Scheme available for acceptance of the Offer in accordance with the scheme rules of the 2024 Share Scheme; and (iii) will instruct the trustee of the 2024 Share Scheme to hold the Shares and not to sell, transfer or dispose of or otherwise create any interest on the Shares held by it before the close of the Offer.

---

## LETTER FROM ASTRUM CAPITAL

---

Given that the value of the Offer is approximately HK\$491.78 million (assuming there is no change in the number of issued Shares before the close of the Offer) and taking into account the Irrevocable Undertakings and the Company's Undertaking, the maximum consideration payable by the Offeror under the Offer (other than the Non-Accepting Shares and the Shares already owned or agreed to be acquired by the Offeror, Ms. Hong, Mr. Fu and Blueberry Worldwide) will be approximately HK\$445.86 million (assuming there is no change in the number of issued Shares before the close of the Offer).

The Offeror intends to finance the entire consideration payable under the Offer (other than the Non-Accepting Shares and the Shares already owned or agreed to be acquired by the Offeror, Ms. Hong, Mr. Fu and Blueberry Worldwide) by (i) its internal resources in the amount of approximately HK\$40.6 million; and (ii) the Facility granted by Astrum Capital, Patrons Securities and Kingston Securities in the aggregate amount of HK\$430 million (as lenders) to the Offeror (as borrower) for the purpose of financing the Offer. All the Shares to be acquired by the Offeror under the Offer, and the cash and margin securities accounts (including the Acquisition Shares and the Further Acquisition Shares in the margin securities accounts) in the name of the Offeror opened and maintained with Astrum Capital will be charged in favour of Astrum Capital, Patrons Securities and Kingston Securities as a security for the Facility. Ms. Hong and Mr. Fu will also give a guarantee in favour of Astrum Capital, Patrons Securities and Kingston Securities, so as to guarantee the obligations of repayment and liabilities of the Offeror under the Facility Agreement and the Share Charge. Save as disclosed above, there was no agreement, arrangement or understanding existed whereby any securities acquired in pursuance of the Offer, the Acquisition Shares or the Further Acquisition Shares would be transferred, charged or pledged to any other persons. The Offeror does not intend that the payment of interest on, repayment of or security for any liability (contingent or otherwise) will depend to any significant extent on the business of the Company.

Each of Astrum Capital, Patrons Securities and Kingston Securities is a party acting in concert with the Offeror under class (9) of the definition of acting in concert under the Takeovers Code. The following is an extract of the independent auditor's report on the Group's financial statements for the years ended 31 December 2023 and 2024:

---

## LETTER FROM THE BOARD

---

**For the financial year ended 31 December 2023**

***“Our qualified opinion***

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

***Basis for Qualified Opinion***

As explained in note 3.3 and note 21(h) to the consolidated financial statements, the Group has an investment in certain equity securities<sup>(Note)</sup> listed on the Main Board of the Stock Exchange of Hong Kong Limited. This investment is accounted for as financial assets at fair value through profit or loss in the consolidated balance sheet. As at 31 December 2023, the carrying amount of the Group’s investment in the equity securities was RMB17,584 thousand, and the Group recognised a fair value loss of RMB27,247 thousand for the year then ended.

The trading of the above-mentioned equity securities was suspended in April 2023 and has not resumed. Management assessed the fair value of the Group’s investment in these equity interests as at 31 December 2023 using a market approach by benchmarking to the median share price decline ratio, between the dates of trading suspension and trading resumption, of certain selected companies listed on the Stock Exchange of Hong Kong Limited that have experienced share trading suspension and resumption.

Management, however, was unable to provide evidence about the appropriateness of the selection of companies to support the reasonableness of the median share price decline ratio. We were unable to obtain sufficient appropriate audit evidence we considered necessary to assess the reasonableness of the median share price decline ratio adopted in management’s assessment of the fair value of the Group’s investment in the equity securities. Consequently, we were unable to determine whether any adjustments might be necessary to the carrying amount of the Group’s investment included in financial assets at fair value through profit or loss as at 31 December 2023 and the amount of fair value loss included in other losses, net for the year ended 31 December 2023.

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.”

## LETTER FROM THE BOARD

---

**For the financial year ended 31 December 2024**

### ***Qualified Opinion***

“We have audited the consolidated financial statements of Tian Ge Interactive Holdings Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) set out on pages 129 to 288, which comprise the consolidated balance sheet as at 31 December 2024, and the consolidated statement of comprehensive income/loss, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (“**IASB**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### ***Basis for Qualified Opinion***

As explained in Notes 3.3 and 21 to the consolidated financial statements, the Group has an investment in certain equity securities<sup>(Note)</sup> listed on the Main Board of the Stock Exchange of Hong Kong Limited (“**SEHK**”). However, that equity securities was suspended for trading since April 2023 and its listing on the Main Board of the SEHK had been cancelled on 16 December 2024. This investment is accounted for as financial assets at fair value through profit or loss (“**FVTPL**”) in the consolidated balance sheet. As at 31 December 2023 and 2024, the carrying amount of the Group’s investment in the equity securities was RMB17,584 thousand and RMB2,778 thousand, respectively, and the Group recognised a fair value loss of RMB27,247 thousand and RMB15,105 thousand for the years ended 31 December 2023 and 2024, respectively.

As at 31 December 2023, the management assessed the fair value of the Group’s investment in the equity securities using a market approach by benchmarking to the median share price decline ratio, between the dates of trading suspension and trading resumption, of certain selected companies listed on the SEHK that have experienced share trading suspension and resumption.

As set out in predecessor auditor’s report dated 28 March 2024 on the Group’s consolidated financial statements for the year ended 31 December 2023, the predecessor auditor had qualified its opinion due to the management was unable to provide evidence about the appropriateness of the selection of comparable companies to support the reasonableness of the median share price decline ratio adopted in the assessment of the fair value of the abovementioned equity securities. The predecessor auditor was unable to obtain sufficient appropriate audit evidence it considered necessary to assess the reasonableness of the median share price decline ratio adopted in the management’s assessment of the fair value. Consequently, the predecessor auditor was unable to determine whether any adjustments might be necessary to the fair value of the Group’s investment included in financial assets at FVTPL as at 31 December 2023 and the amount of fair value loss included in other gains/(losses), net for the year ended 31 December 2023.

---

## LETTER FROM THE BOARD

---

Despite the above, given the lack of sufficient appropriate audit evidence to assess the appropriateness of the key assumptions adopted by the management in its previous year's assessments of the valuation of that equity securities, as of the date of this report, we were unable to determine whether any adjustments were necessary to the opening balances of the Group's investment in that equity securities as at 1 January 2024. Any adjustments to the opening balances of the fair value of the Group's investment in that equity securities as at 1 January 2024 could have a significant consequential effect on the consolidated statement of comprehensive income/loss as reported by the Group for the year ended 31 December 2024 and its corresponding figures for the year ended 31 December 2023. There were no other satisfactory audit procedures that we could perform to determine whether any adjustments to the fair value change included in other gains/(losses), net recognised in the consolidated statement of comprehensive income/loss for the year ended 31 December 2024 were necessary.

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (“**IESBA Code**”), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.”

*Note:* The equity securities pertain to Huafang Group Inc. (stock code: 03611) which was listed on the Main Board of the Stock Exchange.

Pursuant to Note 3 to Rule 2 of the Takeovers Code, the Board would like to draw the attention of the Independent Shareholder to the qualified opinion issued by PricewaterhouseCoopers and Deloitte Touche Tohmatsu on the consolidated financial statements of the Group for the years ended 31 December 2023 and 2024, respectively.

As disclosed in the annual report of the Company for the year ended 31 December 2024, while the management understands and accepts the limitation on the auditor's audit, it is of the view that the market approach adopted by the Company was an acceptable and the only practical method to assess the fair value of the Group's investment in shares of Huafang Group Inc. (the “**Relevant Shares**”). The Company expects the audit limitations relating to the Relevant Shares to have the effect of comparability of the relevant financial information presented in the consolidated financial statements for the year ending December 31, 2025 as its then comparative figures in the consolidated statement of comprehensive income/loss for the year ended December 31, 2024, and barring any unforeseen circumstances, the management expects the auditor to cease issuing qualified opinions for the year ending December 31, 2026. Based on the foregoing, the Board considers that the qualified opinions issued by PricewaterhouseCoopers and Deloitte Touche Tohmatsu would not have any material implication on the Offer and the Company.

The Independent Shareholders are advised to take into account the foregoing and consider carefully the terms of the Offer. If the Independent Shareholders decide not to accept the Offer, they should be aware of the potential risks associated with the uncertainties in consolidated financial statements of the Group for the years ended 31 December 2023 and 2024.

2. The Offeror is a company incorporated in the British Virgin Islands with limited liability and is wholly and beneficially owned by Ms. Hong. Ms. Hong is deemed to be interested in 55,286,000 Shares held by the Offeror as at the Latest Practicable Date. 4. Mr. Mai is an executive Director.
5. Mr. Zhao is an executive Director and the chief executive officer of the Company.
6. Xinshow Limited, the nominee to the trustee of the 2024 Share Scheme, is wholly owned by TCT (BVI) Limited, which is in turn wholly owned by The Core Trust Company Limited. Therefore, TCT (BVI) Limited and The Core Trust Company are deemed to be interested in 66,412,002 Shares held by Xinshow Limited. As at the Latest Practicable Date, amongst such 66,412,002 Shares, (i) 500,000 Shares are to be used to satisfy the unvested share awards granted to an employee of the Group under the 2024 Share Scheme; (ii) 61,881,197 Shares are to be used to satisfy future grants of share awards under the 2024 Share Scheme (as disclosed in the circular of the Company dated 6 June 2024, a total of 63,113,000 restricted share units (“RSU(s)”) were being held by an independent trustee to the Post-IPO RSU scheme of the Company adopted on 16 June 2014 (and subsequently amended on 30 March 2021) (“Excess Shares”) pending future grants. The Excess Shares were a result of a series of on-market purchases made in prior years and remain to be granted to eligible participants. Among the 63,113,000 RSUs, there were grants of 500,000 RSUs on 28 March 2025 and 880,000 RSUs on 10 October 2024. As the relevant share award holders may deal with the Shares in respect of the vested share awards themselves directly, such 4,030,805 Shares are not included in the Shares held by Xinshow Limited and instead are included in the Shares held by other Shareholders in the table above. There have been no dealings in the securities of the Company by Xinshow Limited in the six months immediately prior to the Latest Practicable Date.
7. Save for Mr. Fu and Mr. Mai, none of the other Directors hold any Shares.
8. Certain percentage figures in the above table are subject to rounding adjustments. Accordingly, figures shown as totals may not be an arithmetic aggregation of the figures preceding them.

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

*Financial performance for the six months ended 30 June 2024 (“6M2024”) and the six months ended 30 June 2025 (“6M2025”)*

Based on the 2025 Interim Report, revenue of the Group increased by approximately 511.3% from approximately RMB5.3 million for 6M2024 to approximately RMB32.4 million for 6M2025. The revenue for 6M2025 mainly comprised approximately RMB24.3 million from live social video platforms and approximately RMB4.5 million from game marketing and operation. The increase in revenue was mainly resulted from the integration of the “Sila Chat” platform and the healthy growth of the game marketing and operation during 6M2025.

The gross profit of the Group increased from approximately RMB4.1 million for 6M2024 to approximately RMB10.9 million for 6M2025, representing an increase of approximately 165.9% which resulted from the increase in revenue in 6M2025. The decrease in gross profit margin from approximately 77.7% in 6M2024 to 33.7% in 6M2025 was mainly attributable to the optimisation and integration of the “Sila Chat” platform which brought in revenue but also led to a proportional increase in costs. The Group recorded loss attributable to owners of the Company for 6M2025 of approximately RMB22.4 million versus profit attributable to owners of the Company of approximately RMB44.1 million for 6M2024 which was resulted from the decrease in change of other gains (which comprised of (1) fair value gain of RMB21.7 million on venture capital and private equity funds; (2) fair value gain of RMB16.7 million on other financial instruments, primarily from investment fund; and (3) fair value loss of RMB34.0 million on derivatives held for trading) from approximately RMB73.9 million for 6M2024 to RMB4.0 million for 6M2025.

*Financial performance for the year ended 31 December 2023 (“FY2023”) and the year ended 31 December 2024 (“FY2024”)*

We noted from the 2024 Annual Report that the Group recorded revenue of approximately RMB10.2 million for FY2024, representing a decrease of approximately RMB57.4 million or 84.9% as compared to approximately RMB67.6 million for FY2023. The decrease in revenue was primarily due to the suspension of the domestic live streaming business at the end of 2023 resulted from a structural adjustment of the proportion of the Group’s domestic and overseas business due to challenging PRC market sentiment.

The gross profit of the Group decreased from approximately RMB58.8 million for FY2023 to approximately RMB8.1 million for FY2024, representing a decrease of approximately 86.2% which was mainly resulted from the decrease in the revenue, in particular the live social video platforms segment which recorded a decline of approximately 91.3%.

---

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

Nonetheless, the Group recorded a change in profit attributable to owners of the Company to approximately RMB20.0 million for FY2024 from loss attributable to owners of the Company approximately RMB134.7 million for FY2023, mainly attributable to the change of other gains (net) (arising from the fair value gain from the Group's investment portfolio including unlisted equity investments and other financial instruments) amounting to approximately RMB85.1 million in FY2024 from other losses (net) (arising from the fair value losses on various investment attributed to venture capital and private equity funds) amounting approximately RMB62.1 million in FY2023.

### *Qualified opinion of independent auditor's report of the Company*

As set out in the 2024 Annual Report and the annual report for the year ended 31 December 2023 (the “**2023 Annual Report**”), the auditor(s) of the Company (the “**Auditor(s)**”) issued a qualified opinion (“**Qualified Opinion**”) for the consolidated financial statements for FY2024. Regarding the Qualified Opinion in summary, the Auditors disclosed that due to failure to provide evidence about the appropriateness for the selection of comparable companies in relation to the Group's investments to support the reasonableness of the calculation adopted in the assessment of the fair value of the securities, the Auditors were unable to obtain sufficient audit evidence and to determine whether any adjustments may be necessary to the fair value of the Group's investment included in financial assets at FVTPL as at 31 December 2023 and the amount of fair value loss included in other gains/(losses), net for the year ended 31 December 2023. As such, the Auditor is unable to determine any adjustments were necessary to the opening balance of the Group's investment as at 1 January 2024. There were no other satisfactory audit procedures that the Auditor could perform to determine whether any adjustments to the fair value change included in other gains/(losses), net recognised in the consolidated statement of comprehensive income/loss for the year ended 31 December 2024 were necessary.

Save for the aforesaid, the Auditors expressed that the consolidated financial statements for the FY2023 and FY2024 give a true and fair view of the consolidated financial position of the Group as at the respective period, and of its consolidated financial performance and its consolidated cash flows for the relevant period. As set out in the Letter form the Board, the Board considers that the Qualified Opinion issued by the Auditors would not have any material implication on the Offer and Company.

In light of the foregoing, and given the Auditors disclosed that the FY2023 and FY2024 give a true and fair view of the financial performance of the Group, we concur with the view of the Board that the Qualified Opinion would not have any material implication on the Offer and the Company and we consider that the 2023 Annual Report and 2024 Annual Report provide a fair and representative illustration of the Group's financial situation and performance and would not materially affect our opinion in relation to the Offer.

### **1.2 Historical dividend of the Group**

As at the Latest Practicable Date, (a) no dividends or distributions have been declared but unpaid; and (b) there is no intention for the Company to make, declare or pay any dividends or distributions prior to and including the date of closing of the Offer. If, after the Latest Practicable Date, any dividend or other distribution is declared, made or paid in respect of the Offer Shares, the Offeror must reduce the Offer consideration by an amount equal to that dividend (or other distribution) so that the overall value receivable by the Shareholders remains the same pursuant to Note 11 to Rule 23.1 of the Takeovers Code.

The Company declared interim dividend of HK\$0.01 per Share in August 2025. The Company declared HK\$0.03 per Share dividend for the year ended 31 December 2024 and HK\$0.02 per Share dividend for the year ended 31 December 2023.

### *1.3 Outlook and prospects of the Group*

As stated in the interim report of the Group for 6M2025, looking ahead, the Group will deepen its focus on online interactive entertainment enriching platform ecosystems, strengthening competitive advantages, and diversifying application scenarios to meet personalized demands of global users. The Group will adhere to the “multiple-point incubation and selective development” strategy, concentrating resources on high-potential products. Through continuous product optimisation, rapid iteration, global-localised operations, and refined go-to-market tactics, the Group aims to solidify and expand our user base and market share.

Simultaneously, the Group will actively embrace AI-driven transformation. At the micro level, the Group encourages employees to adopt advanced AI tools across product development, operations, promotion, and customer service. At the macro-strategic level, the Group will leverage AI to drive product innovation and elevate overall business efficiency and decision-making.

Based on “The 55<sup>th</sup> Statistical Report on China’s Internet Development” published by the China Internet Network Information Center (CNNIC) in January 2025<sup>1</sup>, which is an administrative organisation authorised by the Ministry of Industry and Information Technology of China and serves as the national network information centre of China, the rise of the online livestreaming industry, coupled with the increasing application of AI technologies, has been extensively leveraged across different aspects including driving the cultural and tourism industry and contributing to the broader economic development. By December 2024, the number of internet applications and users continued to expand, with the number of live streaming users recorded at 833 million, representing an increase of 17.37 million as compared to December 2023. Various applications including, but not limited to, online video and live broadcasting, have recorded a steady growth rate in user size and utilisation of 0.3% and 2.1%, respectively from December 2023 to December 2024.

Despite the measured growth seen in the PRC internet industry, competition in social-centric fields like online interactive entertainment remains intense and dynamic. Success in these areas often derives from replicating and scaling proven models while continuously unlocking new growth vectors. Against this backdrop, the Group, guided by sustainable development, will proactively adapt to market shifts, explore cross-sector opportunities beyond its core business, and relentlessly pursue long-term Shareholder value.

In view of the gross profit of the Group being only approximately RMB8.1 million for FY2024 and approximately RMB10.9 million for 6M2025 respectively and the profit for the year attributable to the owners of the Company was approximately RMB20.0 million for FY2024 and the loss for the period attributable to the owners of the Company was approximately RMB22.4 million for 6M2025, we noted that the Group’s profit level were highly depend on the other gains/(losses) on financial assets at FVTPL, including among others, financial instruments, investments in venture capital and private equity funds, equity investment, listed equity securities, investment in wealth management products or structured notes, and not primarily driven by the its core operating activities in recent periods. As such, the Group’s performance may be influenced by market assessment in the fair value of such financial assets and remains subject to market conditions beyond the Company’s control.

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

Considering the intense market competition in the social centric fields such as the online interactive segment and the difficulty in forecasting the performance of financial assets as it may depend on external factors such as market sentiment and conditions making its earning profit less predictable, we are of the opinion that the business performance of the Group will remain subject to fluctuations and uncertainty.

After the Acquisition, the Offeror and Mr. Fu have become the controlling Shareholders (as defined under the Listing Rules). The Offeror will conduct a review of the existing principal businesses and the financial position of the Group for the purpose of formulating business plans and strategies for the future business development of the Group. Save for the Offeror's intention regarding the Group as set out above, the Offeror has no intention to discontinue the employment of the employees or to dispose of or re-deploy the assets of the Group other than those in its ordinary course of business. The Offeror also intends to continue the existing principal business of the Group immediately after the Acquisition and has no intention to downsize, cease, or dispose of any of the existing business of the Group.

In view of Ms. Hong and Mr. Fu already working in the Group with key roles, we consider that there would not be a material change in the Group's business shortly after the Offer.

### 3.2 Historical Share price performance

We have reviewed and analysed the closing prices of Shares for approximately 12 months immediately prior to the Last Trading Day commencing on 19 November 2024 and up to and including the Latest Practicable Date (the “**Review Period**”), which is a commonly adopted timeframe for similar share price analysis in the market and is considered to be adequately lengthy to illustrate the recent trend of the closing prices of the Shares for our analysis on the offer price under the Offer and its trading volume for the purpose of assessing the fairness and reasonableness of the offer price under the Offer below:

Source: [www.hkex.com.hk](http://www.hkex.com.hk)

The Offer Price of HK\$0.68 represents (a) a premium of approximately 9.0% to the average closing Share price of approximately HK\$0.624 per Share for the Review Period; (b) equivalent to the closing price of HK\$0.68 per Share as quoted on the Stock Exchange on the Last Trading Day; and (c) equivalent to the closing price of HK\$0.68 per Share as quoted on the Stock Exchange on the Latest Practicable Date.

---

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

During the Review Period, the Share price remained relatively stable ranging between HK\$0.50 and HK\$0.78 per Share. As illustrated in the above graph, a notable movement was noted where the Share price increased from HK\$0.58 on 3 June 2025 to HK\$0.78 on 6 June 2025. Based on our discussion with the Management, we understand that, save for share repurchase conducted on 4 June 2025 and 6 June 2025, the Directors were not aware of any matters related to the Group which could have caused a material impact on the Share price during the aforesaid period. After recording the highest share closing price on 6 June 2025, the share closing price decreased gradually to HK\$0.68 as at the Last Trading Day and HK\$0.68 on the Latest Practicable Date.

**Shareholders should note that the information set out above is not an indicator of the future performance of Shares and that the price of Shares in the future may increase or decrease from its closing price as at the Latest Practicable Date.**

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

*Notes:*

1. Calculated based on the total number of the Shares in issue at the end of month/period.
2. Calculated based on the total number of the Shares held by public shareholders as set out in the Letter from the Board as at the Latest Practicable Date.
3. During the Review Period, the trading in the Shares had been halted on 30 October 2025 and trading was resumed on 20 November 2025.

As set out in the table above, the percentage of average daily number of Shares traded relative to the total number of Shares in issue ranged from approximately 0.08% to 0.85%, with an average of approximately 0.29%. It is noted that in 8 out of the 12 months, the trading percentage falls below the average of 0.29%. In addition, the percentage of average daily trading volume to the total number of Shares held by public shareholders ranged from approximately 0.26% to 2.69%, with an average of approximately 0.91%, and it is noted that 8 out of the 12 months recorded a percentage of below of the aforesaid average of 0.91%.

As shown in the above table, March 2025 recorded a relatively high trading volume as compared to other months, representing 2.69% of average daily trading volume to the total number of Shares held by public Shareholders as at the Latest Practicable Date. Based on our review, we noted that the observed increase in trading volume was primarily attributable to the high trading activity recorded between 4 March 2025 and 7 March 2025, which ranged from 20,506,000 Shares up to 52,049,000 Shares. As advised by Management, they are not aware of any material events that could potentially be related to the aforesaid movement in trading volume in the said period.

As such, we consider that the trading liquidity of the Shares have been thin in the open market during the Review Period, which may impose limitation on potential investor participation. In this context, Shareholders shall be aware that, depending on their shareholding size, when attempting to realise their investment or dispose their Shares in the open market could potentially exert downward pressure on the price of the Shares causing the sale proceeds from the disposal in the open market to be lower than Offer Price.

### **3.4 Market comparable analysis**

With a view to assess the fairness and reasonableness of the Offer Price, we have also conducted market comparable analysis by comparing the price-to-earnings ratio (the “**P/E Ratio**”), the price-to-book ratio (the “**P/B Ratio**”) of the Company as implied by the Offer Price, and the dividend yield (the “**Dividend Yield**”) based on the closing price of the Share on the Last Trading Day against that of other listed companies on the Main Board of the Stock Exchange that engages in similar business to those of the Group.

Based on the unaudited net asset value attributable to owners of the Company of approximately RMB2,180.7 million (equivalent to approximately HK\$2,377.0 million) as at 30 June 2025, the total implied value of the Company based on the Offer Price under the Offer, being approximately HK\$754.4 million, and the implied P/B ratio (the “**Implied P/B Ratio**”) of the Company would be approximately 0.32 times.

---

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

We noted that the Company could be in a net loss position for the year ended 31 December 2024 after excluding the fair value gain on financial assets measured at fair value through profit and loss, which is not one of the core operating activities of the Group. As such, we have disclosed in the below table the P/E Ratio of the Company calculated based on (i) the latest profit attributable to owners of the Company; and (ii) the net loss position of the Company after deducting the fair value gain on financial assets, respectively.

While the P/E Ratio is generally regarded as a meaningful metric when a company records positive earnings to reflect the profitability and earning profile, we consider the inclusion of the P/E Ratio analysis, taking into account alternative scenarios, to be relevant as it does not necessarily indicate as a standalone measure of profitability but serve as an additional reference for Shareholders for indicative purpose.

For the purpose of our analysis, we have identified comparable companies based on the following criteria: (a) the shares of which are listed on the Main Board of the Stock Exchange; (b) the listed company(ies) that principally engaged in media or content entertainment related business or media content production, which are of a similar nature as the Company is also principally engaged in online interactive entertainment services; and (c) the trading of shares of the subject companies were not suspended on the Last Trading Day and Latest Practicable Date (the “**Criteria**”). Companies that fall into the aforesaid Criteria but recorded net liabilities as at the latest financial year/period have been excluded for the purpose of this analysis.

Shareholders should note that, market capitalisation is not a selection criteria when conducting the market comparable analysis as we noted that the principal business of the Company is relatively niche and only a limited number of listed companies operate in the same nature. The market capitalisation of the comparable companies is presented in the below table for illustration purpose only.

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Based on the Criteria, we have identified an exhaustive list of four comparable companies (the “Comparable Companies”). The table below sets out the P/E Ratio, the P/B Ratio and the Dividend Yield of the Company for comparison purposes.

Company (Stock Code)	Principal activities	Market capitalisation (Note 5) (HK\$'million)	P/E Ratio (Note 1) (times)	P/B Ratio (Note 2) (times)	Dividend Yield (Note 3) (%)
China Ruiyi Holdings Limited (136)	Content production, online streaming services, online gaming services and manufacturing and sales of accessories	36,573.4	N/A (Note 4)	1.68	N/A
Be Friends Holdings Ltd (1450)	Provision of full-service video application services, including live broadcasting, video content production and broadcasting institutions and other organisation etc	1,578.5	20.42	2.99	N/A
Inkeverse Group Limited (3700)	Principally engaged in value-added service and entertainment content service	1,898.7	9.84	0.38	N/A
Medialink Group Limited (2230)	Media content distribution investment in media content production	468.1	8.95	0.76	5.83
		Maximum	20.42	2.99	
		Minimum	8.95	0.38	
		Average	13.07	1.45	
The Company (based on the Offer Price)		754.4	35.26 (Note 6) N/A (Note 7)	0.32	4.41

*Notes:*

1. The P/E Ratio is calculated by dividing the market capitalisation as at the Last Trading Day by the profit attributable to owners of the respective company according to their latest financial information.
2. The P/B Ratio is calculated by dividing their market capitalisation as at the Last Trading Day by the net asset value attributable to owners of the respective company according to their latest financial information.
3. The Dividend Yield is calculated based on the latest distributed dividend per share divided by the closing price of the share on the Last Trading Day.
4. The subject company recorded a loss attributable to owners of the company as at the latest financial year.
5. The market capitalisation is calculated by the closing price of the subject company as at the Last Trading Day multiplied by the respective number of issued shares as at 31 October 2025.
6. The P/E Ratio of the Company is calculated by the market capitalisation as at the Last Trading Day divided by the profit attributable to owners of the Company for the year ended 31 December 2024 of approximately RMB19,996,000 (equivalent to approximately HK\$21,395,000).
7. As we noted that the Company would be in a net loss position for the year ended 31 December 2024 after deducting the fair value gain on financial assets, the P/E Ratio of the Company is also denoted as N/A for illustrative purpose.

---

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

It is noted from the above table that the Comparable Companies recorded P/E Ratio between approximately 8.95 times to 20.42 times and P/B Ratio between approximately 0.38 times to 2.99 times, respectively. Among the four Comparable Companies, only Medialink Group Limited declared a dividend during the latest financial year, with a recorded Dividend Yield of approximately 5.83%.

Based on the Offer Price, it is noted that the Company's P/E Ratio, calculated based on the profit attributable to owners of the Company for the year ended 31 December 2024, is higher than all of the Comparable Companies while the Implied P/B Ratio is lower than all of the Comparable Companies and do not fall within the respective range of the Comparable Companies. Despite the P/E Ratio of the Company being higher than all of the Comparable Companies, the Offer Price may not be attractive from the perspective of the P/B Ratio analysis. As P/E Ratio and P/B Ratio are commonly applied valuation benchmark in the market, providing an illustration of the Company's earning profit and asset base relative to peers, the P/E Ratio and P/B Ratio analysis are presented herein as additional information for the Shareholders and for illustration purpose only.

In addition, given that the P/E Ratio of the Company being N/A in light of its net loss position after deducting the fair value gain from financial assets, which underscores the Company's lack of recurring profitability from core operations and the limited applicability of the P/E Ratio as a standalone valuation metric.

Taking into account (i) the outcome of the P/B Ratio analysis may not appear favourable; and (ii) the Company's inability to demonstrate recurring profitability from its principal business activities, the Offer presents an opportunity for the Shareholders to realise their investment. In addition to the aforesaid, Shareholders should note that, in assessing whether the Offer Price is fair and reasonable as a whole, Shareholders shall place more weight on other factors and analysis set out in this letter including the Group's share price performance and thin trading liquidity as well as the Group's operation and business outlook (as analysed above), all of which provide a broader and more balanced context for evaluation.

---

## LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

---

- (e) save for the trading volume in March 2025, the highest percentage of average daily trading volume of all other months/periods during the Review Period was (i) approximately 0.43% to total number of Shares in issue; and (ii) approximately 1.34% to total number of Shares held by public Shareholders;

- (g) the thin trading liquidity of the Company could impose limitation for the Shareholders to dispose their Shares in the open market and could exert downward pressure on the Share price when such occurs, therefore the Offer provides an opportunity for the Shareholders, in particular those with significant shareholding interest to realise their investment at a fixed price;
- (h) the business prospect of the Company as discussed in the section headed "Outlook and prospects of the Group" and that the performance of the Company may continue to be subject to intense market competition despite the stable growth and ongoing development of the internet industry in the PRC; and

based on the above principal factors and reasons, we consider that the Offer is fair and reasonable. Accordingly, we advise the Independent Board Committee to recommend the Independent Shareholders to accept the Offer.

Save as disclosed, no dividend was paid or proposed during the three years ended 31 December 2024 and the six months ended 30 June 2025.

Save as disclosed above, there were no items of any income or expense which are material in respect of the consolidated financial results of the Company for each of the three years ended 31 December 2022, 2023 and 2024.

The consolidated financial statements of the Group for each of the years ended 31 December 2022 and 2023 were audited by PricewaterhouseCoopers and the consolidated financial statements of the Group for the year ended 31 December 2024 were audited by Deloitte Touche Tohmatsu. The consolidated financial statements of the Group for the year ended 31 December 2022 did not contain any qualified or modified opinion, nor any emphasis of matter or material uncertainty related to going concern. PricewaterhouseCoopers and Deloitte Touche Tohmatsu issued qualified opinion on the consolidated financial statements of the Group for the years ended 31 December 2023 and 2024, respectively, details of which are as follows:

*For the financial year ended 31 December 2023*

**“Our qualified opinion**

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

**Basis for Qualified Opinion**

As explained in note 3.3 and note 21(h) to the consolidated financial statements, the Group has an investment in certain equity securities<sup>(Note)</sup> listed on the Main Board of the Stock Exchange of Hong Kong Limited. This investment is accounted for as financial assets at fair value through profit or loss in the consolidated balance sheet. As at 31 December 2023, the carrying amount of the Group’s investment in the equity securities was RMB17,584 thousand, and the Group recognised a fair value loss of RMB27,247 thousand for the year then ended.

The trading of the above-mentioned equity securities was suspended in April 2023 and has not resumed. Management assessed the fair value of the Group’s investment in these equity interests as at 31 December 2023 using a market approach by benchmarking to the median share price decline ratio, between the dates of trading suspension and trading resumption, of certain selected companies listed on the Stock Exchange of Hong Kong Limited that have experienced share trading suspension and resumption.

Management, however, was unable to provide evidence about the appropriateness of the selection of companies to support the reasonableness of the median share price decline ratio. We were unable to obtain sufficient appropriate audit evidence we considered necessary to assess the reasonableness of the median share price decline ratio adopted in management’s assessment of the fair value of the Group’s investment in the equity securities. Consequently, we were unable to determine whether any adjustments might be necessary to the carrying amount of the Group’s investment included in financial assets at fair value through profit or loss as at 31 December 2023 and the amount of fair value loss included in other losses, net for the year ended 31 December 2023.

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.”

*For the financial year ended 31 December 2024*

### **“Qualified Opinion**

We have audited the consolidated financial statements of Tian Ge Interactive Holdings Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) set out on pages 129 to 288, which comprise the consolidated balance sheet as at 31 December 2024, and the consolidated statement of comprehensive income/loss, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (“**IASB**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### **Basis for Qualified Opinion**

As explained in Notes 3.3 and 21 to the consolidated financial statements, the Group has an investment in certain equity securities<sup>(Note)</sup> listed on the Main Board of the Stock Exchange of Hong Kong Limited (“**SEHK**”). However, that equity securities was suspended for trading since April 2023 and its listing on the Main Board of the SEHK had been cancelled on 16 December 2024. This investment is accounted for as financial assets at fair value through profit or loss (“**FVTPL**”) in the consolidated balance sheet. As at 31 December 2023 and 2024, the carrying amount of the Group’s investment in the equity securities was RMB17,584 thousand and RMB2,778 thousand, respectively, and the Group recognised a fair value loss of RMB27,247 thousand and RMB15,105 thousand for the years ended 31 December 2023 and 2024, respectively.

As at 31 December 2023, the management assessed the fair value of the Group’s investment in the equity securities using a market approach by benchmarking to the median share price decline ratio, between the dates of trading suspension and trading resumption, of certain selected companies listed on the SEHK that have experienced share trading suspension and resumption.

As set out in predecessor auditor’s report dated 28 March 2024 on the Group’s consolidated financial statements for the year ended 31 December 2023, the predecessor auditor had qualified its opinion due to the management was unable to provide evidence about the appropriateness of the selection of comparable companies to support the reasonableness of the median share price decline ratio adopted in the assessment of the fair value of the abovementioned equity securities. The predecessor auditor was unable to obtain sufficient appropriate audit evidence it considered necessary to assess the reasonableness of the median share price decline ratio adopted in the management’s assessment of the fair value. Consequently, the predecessor auditor was unable to determine whether any adjustments might be necessary to the fair value of the Group’s investment included in financial assets at FVTPL as at 31 December 2023 and the amount of fair value loss included in other gains/(losses), net for the year ended 31 December 2023.

Despite the above, given the lack of sufficient appropriate audit evidence to assess the appropriateness of the key assumptions adopted by the management in its previous year's assessments of the valuation of that equity securities, as of the date of this report, we were unable to determine whether any adjustments were necessary to the opening balances of the Group's investment in that equity securities as at 1 January 2024. Any adjustments to the opening balances of the fair value of the Group's investment in that equity securities as at 1 January 2024 could have a significant consequential effect on the consolidated statement of comprehensive income/loss as reported by the Group for the year ended 31 December 2024 and its corresponding figures for the year ended 31 December 2023. There were no other satisfactory audit procedures that we could perform to determine whether any adjustments to the fair value change included in other gains/(losses), net recognised in the consolidated statement of comprehensive income/loss for the year ended 31 December 2024 were necessary.

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (“**IESBA Code**”), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.”
