LETTER FROM DL SECURITIES

29/F, Vertical Square,
28 Heung Yip Road,
Wong Chuk Hang, Hong Kong

28 November 2025

To the Independent Shareholders:

Dear Sir or Madam

**UNCONDITIONAL MANDATORY CASH OFFER BY
DL SECURITIES (HK) LIMITED FOR AND ON BEHALF OF
THE OFFEROR FOR ALL THE ISSUED SHARES
OF THE COMPANY (OTHER THAN THOSE ALREADY
OWNED AND/OR AGREED TO BE ACQUIRED
BY THE OFFEROR AND
THE OFFEROR CONCERT PARTIES)**

INTRODUCTION

Reference is made to the Joint Announcement jointly published by the Offeror and the Company dated 23 October 2025 in relation to, among other things, the Acquisition and the Offer.

On 18 October 2025, the Seller (as vendor) and the Offeror (as purchaser) entered into the Share Purchase Agreement pursuant to which the Seller has conditionally agreed to sell and the Offeror has conditionally agreed to acquire the Sale Shares, being 247,708,066 Shares, representing approximately 54.69% of the total issued Shares and the Seller's entire shareholding in the Company as at the date of the Share Purchase Agreement, for a total cash consideration of HK\$65,642,637.49 (equivalent to HK\$0.265 per Sale Share). The aggregate Consideration was determined after arm's length negotiation between the Seller and the Offeror, after taking into account, among others, (i) the business and the historical financial performance and financial position of the Group; and (ii) the Company's historical liquidity and share prices performance traded on the Stock Exchange.

Completion is conditional upon the fulfilment or waiver (if applicable) of the conditions precedent as set out in the Share Purchase Agreement and described in the section headed "Conditions Precedent to Completion" of the Joint Announcement. The completion of the sale and purchase of the First Batch Sale Shares took place on 28 October 2025. As at the Latest Practicable Date, the migration of the Second Batch Sale Shares from the Singapore Central Depository register to the Hong Kong share registrar has been completed and the Second Batch Sale Shares are in the process of being deposited into CCASS to facilitate completion. The completion of the sale and purchase of the Second Batch Sale Shares is expected to take place on or before 19 December 2025 (which has been agreed in writing by the Vendor and the Offeror).

Immediately prior to Completion of the sale and purchase of the First Batch Sale Shares, none of the Offeror, the ultimate beneficial owner of the Offeror and Offeror Concert Parties held any Shares. Immediately upon Completion of the sale and purchase of the First Batch Sale Shares, the Offeror will be interested in a total of 240,748,400 Shares, representing approximately

LETTER FROM DL SECURITIES

53.15% of the total issued Shares. Immediately upon Completion for all of the Sale Shares (i.e. First Batch Sale Shares and Second Batch Sale Shares), the Offeror will be interested in 247,708,066 Shares, representing approximately 54.69% of the total issued Shares.

Pursuant to Rule 26.1 of the Takeovers Code, upon Completion for the sale and purchase of the First Batch Sales Shares, the Offeror is required to make an unconditional mandatory cash offer for all the issued Shares (other than those already owned and/or agreed to be acquired by the Offeror and the Offeror Concert Parties). For the avoidance of doubt, the obligation of the Offeror to make an unconditional mandatory cash offer pursuant to Rule 26.1 of the Takeovers Code is not subject to the Completion for the sale and purchase of the Second Batch Sale Shares. Further, as the Company's primary listing is not on the SGX-ST and the Company is not a Singapore incorporated public company, the Singapore Code on Takeovers and Mergers will not apply to this Offer. DL Securities is, on behalf of the Offeror, making the Offer in compliance with the Takeovers Code on the terms set out in this Composite Document.

This letter forms part of this Composite Document and sets out, among other things, details of the terms of the Offer, the information of the Offeror and the intention of the Offeror in relation to the Group. Further details of the terms and the procedures of acceptance of the Offer are set out in Appendix I to this Composite Document and the accompanying Acceptance Form(s).

The Independent Shareholders are strongly advised to consider carefully the information contained in the "Letter from the Board", the "Letter from the Independent Board Committee" and the "Letter from the Independent Financial Adviser", the accompanying Acceptance Form(s) and the appendices which form part of this Composite Document and to consult their professional advisers if in doubt before reaching a decision as to whether or not to accept the Offer.

THE OFFER

DL Securities, for and on behalf of the Offeror and in compliance with the Takeovers Code, is making the Offer on the following basis:

For each Offer Share HK\$0.265 in cash

The Offer Price of HK\$0.265 per Offer Share under the Offer is equal to the price per Sale Share paid by the Offeror for the 247,708,066 Sale Shares under the Share Purchase Agreement.

The Offer is extended to all Independent Shareholders in accordance with the Takeovers Code. The Offer Shares to be acquired under the Offer shall be fully paid and free from all encumbrances together with all rights attached thereto, including but not limited to all rights to any dividend or other distribution declared, made or paid on or after the date on which the Offer is made, being the date of despatch of this Composite Document.

The Offer is unconditional in all respects when made.

The Offeror confirms that the Offer Price is final and will not be increased.

LETTER FROM DL SECURITIES

Immediately following Completion of the sale and purchase of the First Batch Sale Shares and as at the Latest Practicable Date, the Company had 452,948,000 Shares in issue, of which 240,748,400 Shares were held by the Offeror and Offeror Concert Parties (representing 53.15% of the total issued share capital of the Company). Immediately upon Completion for all of the Sale Shares, the Offeror will be interested in 247,708,066 Shares, representing approximately 54.69% of the total issued Shares.

As at the Latest Practicable Date, there were no other relevant securities (as defined in Note 4 to Rule 22 of the Takeovers Code) of the Company in issue other than the Shares.

The Board confirms that, as at the Latest Practicable Date, (i) the Company had not declared any dividend or other distribution which remained unpaid; and (ii) it did not have any intention to make, declare or pay any future dividend/make other distributions on or before the close of the Offer. If, after the date of despatch of this Composite Document, any dividend or other distribution is made or paid in respect of the Offer Shares, the Offeror will reduce the Offer Price by an amount equal to that of such dividend or other distribution received or receivable by the Shareholders pursuant to Note 3 to Rule 26.3 and Note 11 to Rule 23.1 of the Takeovers Code.

INTRODUCTION

Reference is made to the Joint Announcement jointly published by the Offeror and the Company dated 23 October 2025 in relation to, among other things, the Acquisition and the Offer.

LETTER FROM THE BOARD

On 18 October 2025, the Seller (as vendor) and the Offeror (as purchaser) entered into the Share Purchase Agreement pursuant to which the Seller has conditionally agreed to sell and the Offeror has conditionally agreed to acquire the Sale Shares, being 247,708,066 Shares, representing approximately 54.69% of the total issued Shares and the Seller's entire shareholding in the Company as at the date of the Share Purchase Agreement, for a total cash consideration of HK\$65,642,637.49 (equivalent to HK\$0.265 per Sale Share).

Immediately prior to Completion of the sale and purchase of the First Batch Sale Shares, none of the Offeror, the ultimate beneficial owner of the Offeror and Offeror Concert Parties held any Shares.

Completion is conditional upon the fulfilment or waiver (if applicable) of the conditions precedent as set out in the Share Purchase Agreement and described in the section headed "Conditions Precedent to Completion" of the Joint Announcement. The completion of the sale and purchase of the First Batch Sale Shares took place on 28 October 2025. As at the Latest Practicable Date, the migration of the Second Batch Sale Shares from the Singapore Central Depository register to the Hong Kong share registrar has been completed and the Second Batch Sale Shares are in the process of being deposited into CCASS to facilitate completion. The completion of the sale and purchase of the Second Batch Sale Shares is expected to take place on or before 19 December 2025 (which has been agreed in writing by the Vendor and the Offeror).

Immediately following the Completion of the sale and purchase of the First Batch Sale Shares, the Offeror will be interested in a total of 240,748,400 Shares, representing approximately 53.15% of the total issued Shares. Immediately following the Completion for all of the Sale Shares (i.e. First Batch Sale Shares and Second Batch Sale Shares), the Offeror will be interested in 247,708,066 Shares, representing approximately 54.69% of the total issued Shares.

Pursuant to Rule 26.1 of the Takeovers Code, following the Completion for the sale and purchase of the First Batch Sales Shares, the Offeror is required to make an unconditional mandatory cash offer for all the issued Shares (other than those already owned and/or agreed to be acquired by the Offeror and the Offeror Concert Parties). For the avoidance of doubt, the obligation of the Offeror to make an unconditional mandatory cash offer pursuant to Rule 26.1 of the Takeovers Code is not subject to the Completion for the sale and purchase of the Second Batch Sale Shares. Further, as the Company's primary listing is not on the SGX-ST and the Company is not a Singapore incorporated public company, the Singapore Code on Takeovers and Mergers will not apply to this Offer.

Details of the terms of the Offer, the information of the Offeror and the intention of the Offeror in relation to the Group are set out in the "Letter from DL Securities" and Appendices I and IV to this Composite Document and the accompanying Acceptance Form(s).

INTRODUCTION

We refer to the composite offer and response document (the “Composite Document”) jointly issued by the Company and the Offeror dated 28 November 2025, of which this letter forms part. Unless the context otherwise requires, terms used in this letter shall have the same meanings as those defined in the Composite Document.

We have been appointed by the Board to form the Independent Board Committee to consider the Offer and to advise the Independent Shareholders as to, in our opinion, whether or not the Offer is fair and reasonable and to make recommendation in respect of acceptance of the Offer.

Alpha Financial Group Limited has been appointed as the Independent Financial Adviser with our approval to make recommendation to us in respect of the Offer and, in particular, whether the Offer is fair and reasonable and to make recommendation in respect of the acceptance of the Offer. Details of its advice and recommendation, together with the principal factors and reasons which it has considered before arriving at such recommendation, are set out in the “Letter from the Independent Financial Adviser” in this Composite Document.

We also wish to draw your attention to the “Letter from DL Securities”, the “Letter from the Board” and the additional information set out in the Appendices to this Composite Document and the accompanying Acceptance Form(s) in respect of the terms of the Offer and the acceptance and settlement procedures for the Offer.

LETTER FROM THE INDEPENDENT BOARD COMMITTEE

Having considered the terms of the Offer and the letter of advice and recommendations from the Independent Financial Adviser, we concur with the view of the Independent Financial Adviser and consider that the Offer is fair and reasonable so far as the Independent Shareholders are concerned.

However, given the recent volatility in the closing prices of the Shares, Independent Shareholders who wish to realise their investments in the Company are reminded to monitor the market price of the Shares during the Offer Period and should, having regard to their own circumstances, consider selling their Shares in the open market instead of accepting the Offer, if the net proceeds obtained from the sale of such Shares in the open market would be higher than the net proceeds from accepting the Offer. Accordingly, we advise the Independent Shareholders to accept the Offer if the amount they can receive under the Offer is higher than the net proceeds from the sale of such Shares in the open market. Notwithstanding our recommendations, the Independent Shareholders are strongly advised that the decision to realise or to hold their investment is subject to individual circumstances and investment objectives. If in doubt, the Independent Shareholders should consult their own professional advisers for professional advice.

Furthermore, the Independent Shareholders who wish to accept the Offer are recommended to read carefully the procedures for accepting the Offer as detailed in this Composite Document and the accompanying Acceptance Form(s). If in any doubt, the Independent Shareholders should consult their own professional advisers for professional advice.

INTRODUCTION

We refer to our appointment as the Independent Financial Adviser to the Independent Board Committee and the Independent Shareholders in relation to the Offer, details of which are set out in the letter from the Board (the “**Letter from the Board**”) contained in the Composite Document dated 28 November 2025 issued by the Company, of which this letter forms part. Capitalised terms used in this letter shall have the same meanings as defined in the Composite Document unless the context requires otherwise.

The Board was notified by the Seller and the Offeror that on 18 October 2025, the Seller (as vendor) and the Offeror (as purchaser) entered into the Share Purchase Agreement pursuant to which the Seller has conditionally agreed to sell and the Offeror has conditionally agreed to acquire the Sale Shares, being 247,708,066 Shares, representing approximately 54.69% of the total issued Shares and the Seller’s entire shareholding in the Company as at the date of the Share Purchase Agreement, for a total cash consideration of HK\$65,642,637.49 (equivalent to HK\$0.265 per Sale Share). The aggregate Consideration was determined after arm’s length negotiation between the Seller and the Offeror, after taking into account, among others, (i) the business and the historical financial performance and financial position of the Group; and (ii) the Company’s historical liquidity and share prices performance traded on the Stock Exchange.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Immediately following Completion of the sale and purchase of the First Batch Sale Shares and as at the Latest Practicable Date, the Company had 452,948,000 Shares in issue, of which 240,748,400 Shares were held by the Offeror and Offeror Concert Parties (representing 53.15% of the total issued share capital of the Company). Immediately upon Completion for all of the Sale Shares, the Offeror will be interested in 247,708,066 Shares, representing approximately 54.69% of the total issued Shares.

As at the Latest Practicable Date, there were no other relevant securities (as defined in Note 4 to Rule 22 of the Takeovers Code) of the Company in issue other than the Shares.

Accordingly, pursuant to Rule 26.1 of the Takeovers Code, following the Completion for the sale and purchase of the First Batch Sales Shares, the Offeror is required to make a mandatory unconditional cash offer for all the issued Shares (other than those already owned and/or agreed to be acquired by the Offeror and parties acting in concert with it).

THE INDEPENDENT BOARD COMMITTEE

Pursuant to Rules 2.1 and 2.8 of the Takeovers Code, a board which receives an offer, or is approached with a view to an offer being made, must, in the interests of shareholders, establish an independent committee of the board to make a recommendation (i) as to whether the offer is, or is not, fair and reasonable; and (ii) as to acceptance, and the members of the independent board committee should comprise all non-executive directors who have no direct or indirect interest in the offer.

An Independent Board Committee, comprising all of the three independent non-executive Directors, namely Mr. Hua Shi, Ms. Li Ying and Mr. Wang Cheng, has been established to advise and give a recommendation to the Independent Shareholders on whether the Offer is fair and reasonable and as to the acceptance of the Offer.

We, Alpha Financial Group Limited, have been appointed as the independent financial adviser to advise the Independent Board Committee and the Independent Shareholders in this respect and our opinion herein is solely for the assistance of the Independent Board Committee in connection with its consideration of the Offer pursuant to Rule 2.1 of the Takeovers Code. We have also assumed that all statements of belief, opinion, expectation and intention made by the Directors in the Composite Document were reasonably made after due enquiries and careful considerations.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our opinion and recommendation to the Independent Board Committee and the Independent Shareholders in relation to the Offer, we have considered the principal factors and reasons as set out below:

1. Background of the Offer

The Board was notified by the Seller and the Offeror that on 18 October 2025, the Seller (as vendor) and the Offeror (as purchaser) entered into the Share Purchase Agreement pursuant to which the Seller has conditionally agreed to sell and the Offeror has conditionally agreed to acquire the Sale Shares, being 247,708,066 Shares, representing approximately 54.69% of the total issued Shares and the Seller's entire shareholding in the Company as at the date of the Share Purchase Agreement, for a total cash consideration of HK\$65,642,637.49 (equivalent to HK\$0.265 per Sale Share). The aggregate Consideration was determined after arm's length negotiation between the Seller and the Offeror, after taking into account, among others, (i) the business and the historical financial performance and financial position of the Group; and (ii) the Company's historical liquidity and share prices performance traded on the Stock Exchange.

Immediately following Completion of the sale and purchase of the First Batch Sale Shares and as at the Latest Practicable Date, the Company had 452,948,000 Shares in issue, of which 240,748,400 Shares were held by the Offeror and Offeror Concert Parties (representing 53.15% of the total issued share capital of the Company). Immediately upon Completion for all of the Sale Shares, the Offeror will be interested in 247,708,066 Shares, representing approximately 54.69% of the total issued Shares.

As at the Latest Practicable Date, the Company had 452,948,000 Shares in issue. On the basis of the Offer Price being HK\$0.265 per Offer Share, the total issued share capital of the Company would be valued at HK\$120,031,220.00.

Upon Completion and as at the Latest Practicable Date, assuming no new Shares are issued on or before the Closing Date, based on the Offer Price of HK\$0.265 per Offer Share and 205,239,934 Offer Shares, the maximum consideration for the Offer would be HK\$54,388,582.51.

Accordingly, pursuant to Rule 26.1 of the Takeovers Code, the Offeror is required to make a mandatory unconditional cash offer for all the issued Shares (other than those already owned and/or agreed to be acquired by the Offeror and parties acting in concert with it).

FY2023 vs FY2024

The revenue decreased by approximately 0.4% from approximately RMB1,657.3 million for FY2023 to approximately RMB1,650.5 million for FY2024. Revenue derived from the production and sales of processed food, chilled and frozen chicken meat, chilled and frozen rabbit meat and other products contributed approximately 45.9%, 42.1%, 10.6%, and 1.4% of the revenue for FY2024 (FY2023: approximately 48.1%, 38.8%, 11.3%, and 1.8%), respectively. The contribution of processed food, chilled and frozen rabbit meat and other products decreased by approximately 5.0%, 6.7% and 20.2%, respectively, while the contribution of chilled and frozen chicken meat increased by approximately 8.0%. The increase of loss making was a net impact of the following: (i) decrease in income on government grants of approximately RMB5.2 million; (ii) decrease in gross profit of approximately RMB21.2 million due to decrease in revenue and gross profit margin; and (iii) decrease in other income of RMB12.2 million due to decrease in recognition of gain arising from changes in fair value less estimated costs to sell of biological assets.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Revenue derived from the production and sales of processed food products decreased by 5.0% to approximately RMB757.8 million for FY2024. Affected by the intense competition from other domestic suppliers, domestic revenue of processed food decreased. Revenue derived from the production and sales of chilled and frozen chicken meat increased by 8.0% to approximately RMB694.9 million for FY2024. With the consumption market recovering, the demand of chilled and frozen chicken meat increased, the Group actively released production capacity and increased slaughter volume to meet market demand. The sales of chilled and frozen rabbit meat products decreased by 6.7% to approximately RMB175.5 million for FY2024. Slowing demand of rabbit meat in overseas markets led to the sales decline of chilled and frozen rabbit meat in FY2024. Revenue derived from the production and sale of other products decreased by 20.2% to RMB22.4 million for FY2024. Due to changes in the market environment, the Group actively reduced the production and sale of pet food, and focused resources on processed food and chilled and frozen chicken meat. On a geographical basis, the revenue of the Group from PRC, EU and Japan contributed approximately 75.5%, 13.7% and 9.2% of the revenue for FY2024 (FY2023: approximately 73.6%, 15.3% and 9.2%), respectively. Revenue from PRC sales increased by approximately 2.1% to approximately RMB1,246.2 million for FY2024. Revenue derived from chilled and frozen chicken meat contributed the majority of domestic sales revenue growth. Revenue from export sales decreased by approximately 7.5% to approximately RMB404.3 million for FY2024. The decrease in seafood sales in the processed food segment led to the decrease in overseas revenue.

Other income for FY2024 was approximately RMB11.6 million, representing a decrease of approximately RMB18.0 million, from approximately RMB29.6 million for FY2023, where the decrease in other income was mainly due to the net impact of the following: (i) decrease of approximately RMB12.2 million in recognition of gain arising from changes in fair value less estimated costs to sell of biological assets as a result of decrease in market price of breeder chickens; and (ii) decrease of approximately RMB5.2 million in income on government grants.

The selling and distribution costs for FY2024 amounted to approximately RMB46.1 million, representing a decrease of approximately RMB7.2 million, from approximately RMB53.3 million for FY2023, mainly due to the less of advertising and promotion expenses incurred in FY2024.

The Group recorded administrative expenses, comprised mainly staff costs, professional fees, depreciation charge, travelling expenses and other miscellaneous administrative expenses, of approximately RMB36.1 million for FY2024, which was decreased from approximately RMB47.2 million for FY2023, representing a decrease of approximately RMB11.1 million. The decrease in administrative expenses was mainly due to recognition of foreign exchange gain of approximately RMB1.0 million for FY2024 (FY2023: gain of approximately RMB5.3 million) and deduction of remunerations of executive Directors.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Other operating expenses of the Group recorded approximately RMB13.7 million for FY2024, which represented a slight decrease of approximately RMB0.8 million as compared to FY2023 of approximately RMB14.5 million. The slight decrease was mainly due to the decrease in loss on disposal of investment property of approximately RMB1.2 million.

The finance costs incurred decreased by approximately 6.3%, from approximately RMB18.0 million for FY2023, to approximately RMB16.9 million for FY2024, which was mainly due to the decrease in average balance of bank borrowings in FY2024.

31 December 2023 vs 31 December 2024

As at 31 December 2024, the Group had net assets of approximately RMB536.4 million (31 December 2023: RMB553.6 million), comprising non-current assets of approximately RMB669.4 million (31 December 2023: RMB675.2 million), and current assets of approximately RMB654.2 million (31 December 2023: RMB906.9 million). Major current liabilities are trade and bills payables, interest-bearing bank borrowings and loans from related parties which amounted to approximately RMB269.8 million (31 December 2023: RMB414.0 million), approximately RMB149.5 million (31 December 2023: RMB188.0 million) and approximately RMB39.0 million (31 December 2023: RMB35.9 million), respectively, as at 31 December 2024.

As at 31 December 2024, the Group has cash and cash equivalent of approximately RMB234.2 million (31 December 2023: RMB284.3 million) and had total interest-bearing bank borrowings of approximately RMB149.5 million (31 December 2023: RMB188.0 million). The gearing ratio for the Group was approximately 73.7% as at 31 December 2024 (31 December 2023: 84.2%), based on total debt of approximately RMB387.3 million (31 December 2023: RMB457.0 million) and equity attributable to Company's owners of approximately RMB525.4 million (31 December 2023: RMB542.5 million).

The increase in revenue was mainly due to the increase in sales volume of export as a result of increase in demand from international trading. Revenue derived from the production and sales of chilled and frozen chicken meat increased by approximately 18.2% to approximately RMB378.2 million in HY2025. With the increase in market demand, the Group increased the number of broiler chickens raised and slaughter volume of broilers, resulting in an increase in the sales of chilled and frozen chicken meat. Other products were mainly feed products and chicken and rabbit meat by-products. Revenue derived from the production and sales of other products decreased by approximately RMB8.0 million to approximately RMB6.5 million in HY2025. 4. Future prospects and outlook of the Group

The Group is principally engaged in the production and trading of food products, breeding and sale of livestock, poultry and rabbits.

As disclosed in the 2024 Annual Report and 2025 Interim Report, with re-emergence of trade protectionism and global recession, the industry is facing complicated external environment and challenges. As the Company focuses on a consumer products industry, the business is affected by economic growth, consumers' preferences, industry cycle and animal epidemics.

According to the Food Outlook published by the Food and Agriculture Organization of the United Nations in November 2025, the world meat production is forecasted to reach 383.5 million tonnes in 2025, up by 1.4%, from 378.1 million tonnes from 2024, with poultry meat being the expected driver which is expected to grow at 2.9%. Global meat trade is also expected to reach 43.0 million tonnes in 2025, up from 42.2 million tonnes in 2024, where poultry and pig meat trades expected to only grow at 1.1% and 1.5%, respectively.

Further, we also look into the consumer markets of the PRC and the EU, which contributed approximately 75.5% and 13.7% to the revenue of the Group during FY2024, respectively, where both are considered major geographical markets of the Group that contributed over 10% to the revenue of the Group during FY2024.

Citing from the China Economic Update published by The World Bank in June 2025, it is anticipated that the GDP growth is projected to slow down from 5.0% in 2024, to 4.5% and 4.0% in 2025 and 2026, respectively, as higher trade restrictions slow export growth and heightened uncertainty weighs on manufacturing investment and labor demand. In the same report, it also highlighted that uncertainty around trade policy and global growth poses downside risks to China's growth outlook in a global sense, and prolonged weakness in the property sector could further temper investment in a domestic sense, where further softening of labor market conditions due to higher uncertainty and delayed corporate investment could weigh on consumption. In addition, the consumer market is expected remain sluggish, with the consumer price index is anticipated to grow at a low rate of 0.5% in 2025. Accordingly, as the Company engages in a consumer products industry, with the sluggish environment of the consumer market, we are of the view that the outlook of domestic market that the Company operates remain uncertain.

For the consumer market in the EU, which represents the majority of the Group's overseas market, citing from the Autumn 2025 Economic Forecast published by the European Commission in November 2025, it is anticipated that the GDP growth in the EU will be at 1.5% for 2025 and 2026, which was slower than previously estimated due to high inflation and energy prices. The ongoing conflict in Ukraine and volatile energy markets in the EU continues to result in a cautious spending environment, which dampens the consumer market in the EU. Accordingly, we are of the EU consumer of overseas market that the Company operates also remain uncertain.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Also taking into account that (i) the Group has been making losses for FY2023, FY2024 and HY2025 as discussed in the section headed “2 (c) Historical financial information” in this letter; (ii) the auditors has issued the Disclaimer of Opinion as the Company and the lenders were still negotiation on the outstanding terms of the loan extension agreement, as discussed in the section headed “2 (d) Going Concern/Disclaimer of Opinion” in this letter; (iii) the sluggish PRC consumer market that the Company operates, as cited from China Economic Update published by The World Bank in June 2025; and (iv) the stagnant EU consumer market which forms the majority of the Group’s overseas market, where slower growth was forecasted due to high inflation and energy prices, as cited from the Autumn 2025 Economic Forecast published by the European Commission in November 2025, we consider that the Group’s outlook and prospects remain uncertain.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

5.2 Historical performance of the Shares

We have reviewed the movements in the closing price of the Shares for the Review Period. We consider that the length of the Review Period to be reasonably long enough to illustrate the relationship between the historical trend of the closing price of the Shares and the Offer Price and is also a common approach when assessing historical performance of Shares in a general offer. Set out below is the chart showing the daily closing price of the Shares as quoted on the Stock Exchange during the period commencing from 18 October 2024, being the twelve-month period prior to the Last Trading Day and up to and including the Latest Practicable Date (the “**Review Period**”):

Daily closing price of the Shares on the Stock Exchange

Source: the website of the Stock Exchange (www.hkex.com.hk)

Note: Trading of the Shares on the Stock Exchange has been suspended from 20 to 23 October 2025 pending the release of the Joint Announcement.

We noted from the above charts that, during the Review Period, the Shares closed on the Stock Exchange within the range of the lowest of HK\$0.145 per Share during the period from 2 April 2025 to 23 April 2025 to the highest of HK\$0.66 per Share on 6 November 2025. The Offer Price is higher than the average closing price of approximately HK\$0.211 per Share during the Review Period, which represents a premium of approximately 25.5% over the average closing price per Share during the Review Period. We noted that the closing price of the Shares has been below the Offer Price prior to the publication of the Joint Announcement during the Review Period.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

We observed that the closing price of the Shares fluctuated between HK\$0.145 to HK\$0.248 per Share from the start of the Review Period until around mid-May 2024. Subsequent to the announcement in relation to the private placing of the Shares by controlling shareholder of the Company on 9 January 2025, the closing price of the Shares experienced a hike to HK\$0.239 per Share on the same day.

During the period from 24 October 2025 (from the resumption of trading after the release of the Joint Announcement) up to and including the Latest Practicable Date (the “**Post-Announcement Period**”), the Offer Price of HK\$0.265 per Share represents (i) a discount of approximately 44.2% to the lowest closing price of HK\$0.475 per Share; and (ii) a discount of approximately 59.8% to the highest closing price of HK\$0.66 per Share during the Post-Announcement Period. We believe that the aforesaid surge in closing prices of the Share from the start of the Post-Announcement Period was likely linked to the market reaction to the Joint Announcement and driven by the surge in trading volume during the same period, which might be a temporary and unsustainable market reaction to the Offer. During the Post-Announcement Period, we also noted that since the highest closing price of HK\$0.66 per Share as mentioned above, the closing price of the Shares has exhibited a generally decreasing trend and closed at HK\$0.495 per Share on the Latest Practicable Date, while reaching a lowest point of HK\$0.475 per Share on 19 November 2025.

As the Offer Price represents a premium over the average closing price per Share during the Review Period and the closing price of the Shares has been below the Offer Price prior to the publication of the Joint Announcement during the Review Period, from the standpoint of the historical performance of the Shares, we are of the view that the Offer Price is fair and reasonable. However, as the closing price of the Shares experienced a surge from the start of the Post-Announcement Period, which was likely linked to the market reaction to the Joint Announcement and might be a temporary and unsustainable market reaction to the Offer, the Independent Shareholders should also closely monitor the market price of Shares during the Offer Period and should consider selling their Shares in the open market, rather than accepting the Offer, if the net proceeds from the sale of such Shares in the open market would exceed the net proceeds receivable under the Offer should they intend to accept the Offer.

Daily trading volume of the Shares on the Stock Exchange

Source: the website of the Stock Exchange (www.hkex.com.hk)

Notes:

- (1) Trading of the Shares on the Stock Exchange has been suspended from 20 to 23 October 2025 pending the release of the Joint Announcement.
- (2) Calculated based on average daily trading volume over the month/period divided by the total number of 452,948,000 Shares in issue as at the end of each month/period during the Review Period.
- (3) Calculated based on average daily trading volume over the month/period divided by the total number of public shares at each month/period end according to the announcements of the Company disclosing relevant information regarding the public float of the Company.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Trading volume of the Shares during the Review Period

The daily trading volume of the Shares on the Stock Exchange has been thin during the Review Period, given that it had only recorded 32 out of 269 trading days with over 40,000 Shares (which is 10 board lots based on 4,000 Shares per board lot as at the Latest Practicable Date) during the Review Period, for which a majority were on the days after the publication of the Joint Announcement, where a surge in trading volume was recorded (notably on 24 October 2025 where approximately 259.1 million Shares were traded). The issued shares of the Company of 452,948,000 Shares remained the same during the Review Period and up to the Latest Practicable Date.

The average daily trading volume of the Shares on the Stock Exchange amounted to approximately 1.4 million Shares during the Review Period, representing approximately 0.3% of the Company's issued share capital as at the Latest Practicable Date, or representing ranging from approximately no trading at all throughout October 2024 (from 18 October 2024) to approximately 17.0 million Shares, or approximately 3.75% in terms of percentage to the total number of total issued Shares and approximately 8.28% in terms of percentage to the public float of the Company as at the end of the respective month, in October 2025.

There are only 22 trading days which recorded trading volume of more than 0.5% of the issued share capital of the Company during the Review Period. It indicates that the liquidity of the Shares had been inactive during the Review Period not to mention that there has been more than 204 out of 269 trading days during the Review Period which recorded zero trading volume.

Given the thin historical daily trading volume of the Shares during the Review Period, it is uncertain as to whether there is sufficient liquidity for the Independent Shareholders to dispose of a significant number of Shares on the Stock Exchange without creating downward pressure on the Share price on the market. As such, we are of the view that the prevailing market price of the Shares may not necessarily reflect the actual proceeds that the Independent Shareholders (especially those with more sizeable holdings) may receive if they elect to dispose of their Shares on the open market. Therefore, we are of the view that the Offer represents an opportunity for the Independent Shareholders, particularly for those who hold a large volume of the Shares, to dispose of part or all of their Shares at the Offer Price if they so wish to. The Independent Shareholders who wish to realise their investments in the Group are reminded that they should carefully and closely monitor the market price of the Shares during the Offer Period.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

5.4 Historical discounts to net asset value per Share

The Offer Price represents a discount of approximately 79.1% to the unaudited consolidated net asset value attributable to Shareholders (“NAV”) of approximately HK\$1.269 per Share as at 30 June 2025. The chart below illustrates the historical closing prices of the Shares as quoted on the Stock Exchange during the Review Period, and up to the Latest Practicable Date against the Offer Price and the latest available NAV of the Company at the relevant time.

NAV per Share

Source: the website of the Stock Exchange (www.hkex.com.hk)

Note: The NAV per Share was calculated based on the latest available net assets as set out in the respective interim or annual results of the Company at the relevant time, divided by the total number of Shares in issue.

As shown in the chart above, the Shares have been trading at a substantial discount to the NAV per Share for most of the time during the Review Period. The Offer Price represents a lesser discount of approximately 79.1% to the NAV of approximately HK\$1.269 per Share as at 30 June 2025, where the Shares have been trading at an average discount of approximately 83.3% to the NAV over the Review Period. In addition, as the Shares have been trading at a discount to the NAV during the entire the Review Period and the Offer Price represents a lesser discount to the NAV than the average discount that the Shares have been trading at during the Review Period in turn, implies that the Offer Price represents a better valuation than that of how market has been valuing the Shares from the NAV perspective. On this basis, we are of the view that the Offer Price is fair and reasonable from the perspective of the NAV per share so far as the Independent Shareholders are concerned.

5.5 Comparative Analysis

In order to further assess the fairness and reasonableness of the Offer Price, we have considered the price-to-book ratio (the “**P/B Ratio**”), the price-to-earnings ratio (the “**P/E Ratio**”) and dividend yield which are commonly adopted trading multiple analyses. Given that the Group was loss-making for the years ended 31 December 2022, 2023 and 2024 and no dividend was distributed for the years ended 31 December 2022, 2023 and 2024, we were unable to analyse with reference to P/E Ratio and dividend yield. Accordingly, we consider the P/B Ratio to be an appropriate indicator of the fair values of the comparable companies.

As at the Latest Practicable Date, the Company had 452,948,000 Shares in issue. On the basis of the Offer Price being HK\$0.265 per Offer Share, the total issued share capital of the Company would be valued at HK\$120,031,220. The P/B Ratio of the Company implied by the Offer Price is approximately 0.2 times (the “**Implied P/B Ratio**”) based on the unaudited consolidated net assets attributable to Shareholders as at 30 June 2025.

For the purpose of comparison, we have identified an exhaustive list of 3 other listed companies on the Stock Exchange based on the criteria that at least 75% of its revenue for the latest full financial year was generated from the provision of sales, production and trading of food and meat products and breeding and trading of livestock and poultry in the PRC, which is similar to that of the Company (the “**Peer Comparable(s)**”). We noted that the theoretical market capitalisation of the Company was only approximately HK\$120.0 million with reference to the Offer Price, we would limit the selection from a market capitalisation perspective, as other 2 comparable companies within the above selection are with market capitalisation of above HK\$5 billion, which are disproportionally larger than that of the Company. Nonetheless, in order to provide a limited number of comparable companies in our analysis for the Independent Shareholders, we would include our search to small-cap listed companies of market capitalisation of less than HK\$1 billion in search for boarder comparables for comparison.

Although the number of the Peer Comparables were limited, we are of the view that the valuation of the peer listed companies is comparable to that of the Company because the Peer Comparables also engage in the provision of sales, production and trading of food and meat products and breeding and trading of livestock and poultry in the PRC, and we consider that the Peer Comparables represent the companies operating in the same business segment and in the same geographical location to that of the Company. Based on the above, having considered the exhaustive list of Peer Comparables having met the selection criteria, we are of the view that the Peer Comparables are representative samples and it is fair and reasonable for the Peer Comparables to represent companies similar to that of the Company for comparison purpose and thus provide a limited reference of the valuation based on market trading prices of companies for the Independent Shareholders to take reference of.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The table below illustrates the market capitalisation and net asset value of the Peer Comparables as well as the calculated P/B Ratio:

Source: the website of the Stock Exchange (www.hkex.com.hk) and the financial reports of the respective Peer Comparables

Notes:

1. The P/B Ratios of the Peer Comparables are calculated based on the market capitalisation of the respective Peer Comparable as at the Last Trading Day divided by the net assets value of the respective Peer Comparable as extracted from their respective latest published interim or annual results as at the Last Trading Day.
2. The Implied P/B Ratio is calculated based on the theoretical market capitalisation of the Company with reference to the Offer Price.
3. P/B ratio is not applicable due to the net liabilities position of China Yurun Food Group Ltd (1068) as at 30 June 2025.

As illustrated in the table above, the Implied P/B Ratio of the Company calculated based on the theoretical market capitalisation of the Company with reference to the Offer Price is approximately 0.2 times, which is similar to the average of approximately the Peer Comparables and within range of approximately 0.1 to 0.3 times. Accordingly, this indicates the implied valuation of the Company based on the Offer Price is within range of the valuations of the Peer Comparables based on their respective closing share prices from the perspective of P/B Ratio. On this basis, as a limited reference for the Independent Shareholders, we are of the view that the Offer Price is fair and reasonable from a price-to-book valuation standpoint.

5.6 General offer precedents

We are of the view that past general offer transactions of companies listed on the Stock Exchange may not be a good reference for assessing the fairness and reasonableness of the Offer Price considering these companies are from different industries, which therefore have different market fundamentals and prospects. Accordingly, we consider the analysis in the sections above to be more relevant for the Independent Shareholders.

5.7 Conclusion

We noted that:

- (i) the Offer Price of HK\$0.265 per Share represents premium over the closing price of the Shares during the entire Review Period prior to the publication of the Joint Announcement, representing a premium of approximately 25.5% over the average closing price of HK\$0.211 per Share during the Review Period and up to approximately 82.8%;
- (ii) the Offer Price of HK\$0.265 per Share represents a discount of approximately 55.1% to the average closing price of approximately HK\$0.59 per Share during the Post-Announcement Period, which was driven by the recent volatility and surge in closing price of the Shares after the publication of the Joint Announcement and might be a temporary and unsustainable market reaction to the Offer;
- (iii) the thin historical daily trading volume of the Shares during the Review Period may raise uncertainty as to whether there is sufficient liquidity for the Independent Shareholders to dispose of a significant number of Shares on the Stock Exchange without creating downward pressure on the Share price on the market, particularly for those who hold a large volume of the Shares;
- (iv) the P/B Ratio of the Company implied by the Offer Price of approximately 0.2 times is similar to the average and within range of the P/B ratios of the Peer Comparables, as a limited reference for the Independent Shareholders; and
- (v) the Offer Price represents a lesser discount of approximately 79.1% to the NAV of approximately HK\$1.269 per Share as at 30 June 2025 than the average discount of 83.3% to the NAV that the Shares has been trading at over the Review Period, which, in turn, implies that the Offer Price represents a better valuation than that of how market has been valuing the Shares from the NAV perspective.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

While the Offer Price represents a discount to the average closing price during the Post-Announcement Period, which might be a temporary and unsustainable market reaction, as illustrated in the above (ii), considering that the Offer Price represents a premium to the prevailing closing price of the Shares prior to the Joint Announcement and a lesser discount to the NAV, as illustrated in the above (i) and (v); the implied P/B Ratio of the Offer Price is within range of the Peer Comparables perspective, as illustrated in the above (iv), and that the Offer represents an opportunity for the Independent Shareholders to dispose of their Shares with the uncertainties as illustrated in the above (iii), on balance, we are of the view that the Offer Price is fair and reasonable so far as the Independent Shareholders are concerned.

6. Public float and maintaining the listing status of the Company

The Stock Exchange has stated that if, at the close of the Offer, less than the minimum prescribed percentage applicable to the Company, being 25% of the issued Shares (excluding treasury shares), are held by the public or if the Stock Exchange believes that (i) a false market exists or may exist in the trading of the Shares; or (ii) there are insufficient Shares in public hands to maintain an orderly market, it will consider exercising its discretion to suspend dealings in the Shares. In such event, trading in the Shares on the SGX-ST may also be suspended.

As disclosed in the Letter from DL Securities, the Offeror intends the Company to remain listed on the Stock Exchange and the SGX-ST. Mr. Gao, the sole director of the Offeror, and the new Director(s) to be appointed (if any) to the Board will jointly and severally undertake to the Stock Exchange to take appropriate steps to ensure that sufficient public float exists in the Company's Shares.

Therefore, it should be noted that upon the close of the Offer, there may be insufficient public float of the Shares and the trading in the Shares may be suspended until sufficient public float exists for the Shares. Further announcement(s) regarding the restoration of public float (if any) will be made by the Company as and when appropriate.

RECOMMENDATION

Based on the foregoing, having considered the aforementioned principal factors and reasons for the Offer, we noted that:

- (i) the Offer Price represents premium of over the closing price of the Shares during the entire Review Period prior to the publication of the Joint Announcement, representing a premium of approximately 25.5% over the average closing price per Share during the Review Period and up to approximately 82.8%, as discussed in paragraphs headed "5.7 Conclusion" in this letter;
- (ii) the Offer Price of HK\$0.265 per Share represents a discount of approximately 55.1% to the average closing price of approximately HK\$0.59 per Share during the Post-Announcement Period, which was driven the recent volatility and surge in closing price of the Shares after the publication of the Joint Announcement might be a temporary and unsustainable market reaction to the Offer, as discussed in paragraphs headed "5.7 Conclusion" in this letter;

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

- (iii) the thin historical daily trading volume of the Shares during the Review Period may raise uncertainty as to whether there is sufficient liquidity for the Independent Shareholders to dispose of a significant number of Shares on the Stock Exchange without creating downward pressure on the Share price on the market, particularly for those who hold a large volume of the Shares, as discussed in paragraphs headed “5.3 Historical trading volume of the Shares” in this letter;
- (iv) the Offer Price represents a lesser discount of approximately 79.1% to the NAV of approximately HK\$1.269 per Share as at 30 June 2025 than the average discount of 83.3% to the NAV that the Shares has been trading at over the Review Period, which, in turn, implies that the Offer Price represents a better valuation than that of how market has been valuing the Shares from the NAV perspective, as discussed in paragraphs headed “5.4 Historical discounts to net asset value per Share” in this letter; and
- (v) the Group has been making losses for FY2023, FY2024 and HY2025 and the Group’s outlook and prospects remain uncertain, as discussed in the paragraphs headed “4. Future prospects and outlook of the Group” in this letter.

Considering that the Offer Price is higher than the closing price of the Shares during the entire Review Period prior to the publication of the Joint Announcement, the recent volatility and surge in closing price of the Shares after the publication of the Joint Announcement might be a temporary and unsustainable market reaction to the Offer, and that the Offer represents an opportunity for the Independent Shareholders to dispose of their Shares given the thin historical daily trading volume of the Shares during the Review Period, on balance, we are of the view that the Offer is fair and reasonable so far as the Independent Shareholders are concerned.

However, in view of the recent volatility of the closing prices of the Shares, those Independent Shareholders who intend to accept the Offer are reminded that they should closely monitor the market price of Shares during the Offer Period and should consider selling their Shares in the open market, rather than accepting the Offer, if the net proceeds from the sale of such Shares in the open market would exceed the net proceeds receivable under the Offer. On this basis, we recommend the Independent Board Committee to recommend, and we ourselves recommend, the Independent Shareholders to accept the Offer if the amount they can receive under the Offer is higher than the net proceeds from the sale of such Shares in the open market.

In addition, we would like to remind the Independent Shareholders that they should bear in mind the potential difficulties they may encounter in disposing of the Shares after the close of the Offer in view of the historical low trading liquidity of the Shares and there is no guarantee that the prevailing level of the Share price will sustain during and after the Offer Period. The Independent Shareholders are strongly advised that the decision to realise or to continue to hold the Shares is subject to individual circumstances and investment objectives of the Independent Shareholders. In any event, the Independent Shareholders should note that there is no certainty that the current trading volume and/or current trading price level of the Shares will be sustainable during or after the Offer Period.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The Independent Shareholders are also reminded to read carefully the procedures for acceptance of the Offer, details of which are set out in Appendix I to the Composite Document and the accompanying Acceptance Form(s), if they wish to accept the Offer.

No dividend was paid or proposed by the Company during each of the three years ended 31 December 2022, 2023 and 2024, and for the six months ended 30 June 2025. Hence dividends per Share for each of the year ended 31 December 2022, 2023 and 2024 were inapplicable.

There has been no change in the Group's accounting policies which would result in the figures in its consolidated financial statements for each of the three years ended 31 December 2022, 2023 and 2024, and for the six months ended 30 June 2025, being not comparable to a material extent.

The consolidated financial statements of the Group for the year ended 31 December 2022, 2023 and 2024 were audited by BDO Limited.

The consolidated financial statements of the Group for the year ended 31 December 2022 contained disclaimer of opinion related to going concern. The Group (i) incurred a loss attributable to the owners of the Company of approximately RMB15,417,000 during the year ended 31 December 2022, and the Group's current liabilities exceeded its current assets by approximately RMB24,952,000, and (ii) had bank borrowings, amount due to a related party, other borrowings and loans from immediate holding company, with an aggregate amount of approximately RMB385,838,000 as at 31 December 2022 that were due for repayment within one year from 31 December 2022, while the Group only maintained its cash and cash equivalents of RMB197,939,000. The auditors was concerned with the Group's ability to continue as a going concern which will be dependent on the successful outcomes of the Group's plans and measures to mitigate its liquidity pressure as set out in note 3(b) to the consolidated financial statements of the Group.

The consolidated financial statements of the Group for the year ended 31 December 2023 contained disclaimer of opinion related to going concern. The Group incurred a loss attributable to the owners of the Company of approximately RMB8,353,000 during the year ended 31 December 2023, and the Group's current liabilities exceeded its current assets by approximately RMB229,000. As at 31 December 2023, the Group had a loan from a related party of HK\$39,000,000 (equivalent to approximately RMB35,905,000) (the "**Related Party Loan**"). The Company notified the auditors that the Company successfully negotiated an extension for the repayment of the Related Party Loan to 22 April 2025 and provided the relevant extension agreement to the auditors. The auditors was concerned that the extension was merely a postponement of the issue, as the lender (as petitioner) of the Related Party Loan could file a winding-up petition against the Company when the extension period lapses. The auditors was concerned with the Group's ability to continue as a going concern which will be dependent on the successful outcomes of the Group's plans and measures to mitigate its liquidity pressure as set out in note 3(b) to the consolidated financial statements of the Group.

The consolidated financial statements of the Group for the year ended 31 December 2024 contained disclaimer of opinion related to going concern. The Group incurred a loss attributable to the owners of the Company of approximately RMB21,473,000 during the year ended 31 December 2024, and the Group had net current liabilities of approximately RMB26,551,000. The Related Party Loan was set to mature on 22 April 2025. There was another related party loan of the Company of HK\$2,700,000 (equivalent to approximately RMB2,323,000) which was also set to mature on 22 April 2025. As the Company and the lenders were still negotiating on the loan extension agreement, the Company was not able to provide the signed loan extension agreement to the auditors of the Company, accordingly, the auditors issued the disclaimer of opinion on the financial statements of the Company on its going concern, which will be dependent on the successful outcomes of the Group's plans and measures to mitigate its liquidity pressure as set out in note 3(b) to the consolidated financial statements of the Group.

Save as disclosed above, there were no items of any income or expense which are material in respect of the consolidated financial results of the Company for each of the three years ended 31 December 2022, 2023 and 2024, and for the six months ended 30 June 2025.

Save for the Offer, there have been no other significant events of the Company after 30 June 2025.
