LETTER FROM THE BOARD

Aggregate nominal value : Up to HK\$1,600,000
of the Rights Shares

As at the Latest Practicable Date, the Company has no outstanding convertible securities, options or warrants in issue which confer any right to subscribe for, convert or exchange into Shares.

Subscription Price

The Subscription Price is HK\$1.58 per Rights Share, payable in full by a Qualifying Shareholder upon acceptance of the relevant provisional allotment of Rights Shares and, where applicable, when a transferee of nil-paid Rights Shares applies for the Rights Shares.

The Subscription Price represents:

- (i) a discount of approximately 25.12% to the closing price of HK\$2.11 per Share as quoted on the Stock Exchange on the Latest Practicable Date;
- (ii) a discount of approximately 20.20% to the closing price of HK\$1.98 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (iii) a discount of approximately 27.85% to the average closing price per Share as quoted on the Stock Exchange for the last five (5) consecutive trading days up to and including the Last Trading Day of approximately HK\$2.19 per Share;
- (iv) a discount of approximately 24.40% to the average closing price per Share as quoted on the Stock Exchange for the last ten (10) consecutive trading days up to and including the Last Trading Day of approximately HK\$2.09 per Share;
- (v) a discount of approximately 14.59% to the theoretical ex-rights price of approximately HK\$1.85 per Share based on the closing price of HK\$1.98 per Share as quoted on the Stock Exchange on the Last Trading Day and number of Shares in issue as at the date of the Announcement;
- (vi) a premium of approximately 166.12% to the latest published audited consolidated net asset value per Share as at 31 December 2024 of approximately HK\$0.59 (based on the annual report for the year ended 31 December 2024 of the Company);
- (vii) a premium of approximately 195.74% to the latest published unaudited consolidated net asset value per Share as at 30 June 2025 of approximately HK\$0.53 (based on the interim report for the six months ended 30 June 2025 of the Company); and

LETTER FROM THE BOARD

(viii) a theoretical dilution effect (as defined under Rule 7.27B of the Listing Rules) of approximately 9.13%, represented by the theoretical diluted price of approximately HK\$1.99 per Share to the benchmarked price (as defined under 7.27B of the Listing Rules, taking into account the closing price on the Last Trading Day of HK\$1.98 per Share and the average of the closing prices of the Shares as quoted on the Stock Exchange for the five (5) previous consecutive trading days prior to the date of the Announcement of approximately HK\$2.19 per Share) of approximately HK\$2.19 per Share.

The net price per Rights Share (i.e. Subscription Price with cost and expenses incurred in the Rights Issue deducted) upon full acceptance of the provisional allotment of Rights Shares is estimated to be approximately HK\$1.57.

The Subscription Price was determined with reference to, among other things, (i) the market price of the Shares under the prevailing market conditions taking into consideration the relatively cautious investment sentiment of the general public investors in Hong Kong amid economic uncertainties; (ii) the low trading volume of the Shares for the three months immediately preceding and up to the Last Trading Day, the Company's average daily trading volume of approximately 145,539 Shares represented merely approximately 0.08% of the total number of issued Shares as at the Last Trading Day; (iii) the latest business performance and financial position of the Group as discussed in the section head "Financial and Trading Prospects of the Group" in Appendix I; and (iv) the reasons for and benefits of proposed Rights Issue as discussed in the section headed "Reasons for and benefits of the Rights Issue and intended use of proceeds" the amount of funds the Company intends to raise under the Rights Issue in this circular. The Directors consider that the Rights Issue will provide the Qualifying Shareholders the opportunity to maintain their respective pro-rata shareholding interests in the Company and to continue to participate in the future development of the Group and the Subscription Price at a discount to the current market price of the Shares would enhance the attractiveness of the Rights Issue and encourage the Qualifying Shareholders to take up their entitlements, thereby minimising possible dilution impact. Each Qualifying Shareholder will be entitled to subscribe for the Rights Shares at the same Subscription Price in proportion to his/her/its shareholding held on the Record Date.

After taking into consideration the reasons for the Rights Issue as stated in the section headed "Reasons for and benefits of the Rights Issue and intended use of proceeds" in this circular, the Directors (including the independent non-executive Directors after taking into account the advice of the Joint Independent Financial Advisers) consider that, the terms of the proposed Rights Issue, including the Subscription Price, are fair and reasonable and in the best interests of the Company and the Shareholders (including the Independent Shareholders) as a whole.

LETTER FROM THE BOARD

Qualifying Shareholders

The Rights Issue is only available to the Qualifying Shareholders. To qualify for the Rights Issue, a Shareholder must be registered as a member of the Company at the close of business on the Record Date and not be a Non-Qualifying Shareholder.

In order to be registered as members of the Company at the close of business on the Record Date, all transfers of the Shares (together with the relevant share certificate(s) and/or instrument(s) of transfer) must be lodged with the Company's branch share registrar in Hong Kong, Tricor Investor Services Limited at 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong, by 4:30 p.m. on Wednesday, 12 November 2025.

It is expected that the last day of dealings in the Shares on a cum-rights basis is Monday, 10 November 2025, and the Shares will be dealt with on an ex-rights basis from Tuesday, 11 November 2025.

Subject to the registration of the Prospectus Documents in accordance with the applicable laws and regulations, the Company will despatch the Prospectus Documents to the Qualifying Shareholders on the Prospectus Posting Date and will despatch the Prospectus only (without the PAL) to the Non-Qualifying Shareholder for their information only.

Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Non-Qualifying Shareholders should note that their shareholdings in the Company will be diluted.

Rights of Overseas Shareholders (if any)

The Prospectus Documents are not intended to be registered under the applicable securities legislation of any jurisdiction other than Hong Kong. Overseas Shareholders may not be eligible to take part in the Rights Issue as explained below. As at Latest Practicable Date, there were a total of eight (8) Overseas Shareholders with addresses in the PRC and the British Virgin Islands.

The Company has, in compliance with Rule 13.36(2)(a) of the Listing Rules, made reasonable enquiries of the legal requirements regarding the feasibility of extending the Rights Issue to the Overseas Shareholders. Based on the relevant legal advice provided by the legal advisers engaged by the Company and having considered the circumstances as at the Latest Practicable Date, the Directors are of the view that the relevant overseas legal restrictions and requirements of the relevant regulatory body or the Stock Exchange do not make it necessary or expedient to exclude the Overseas Shareholders with registered addresses in the PRC and the British Virgin Islands from the Rights Issue. Accordingly, the Rights Issue will be offered to the Overseas Shareholders in those jurisdictions.

The Company will continue to ascertain whether there are any other Overseas Shareholders as at the Record Date and will, if necessary, make further enquiries with legal advisers in other overseas jurisdictions regarding the feasibility of extending the Rights Issue to such Overseas Shareholders as at the Record Date and make relevant disclosure in the Prospectus.

LETTER FROM THE BOARD

The Company will despatch the Prospectus (without the PAL) to the Non-Qualifying Shareholders (if any) for their information only on the Prospectus Posting Date.

The Non-Qualifying Shareholders (which are excluded from the Rights Issue) will not have any entitlement under the Rights Issue. However, arrangements will be made for the Rights Shares which would otherwise have been provisionally allotted to the Non-Qualifying Shareholders to be sold in their nil-paid form as soon as practicable after dealings in their nil-paid Rights Shares commence and before dealings in the Rights Shares in their nil-paid form end, if a premium (net of expenses) can be obtained. The proceeds of such sale, less expenses, will be paid pro rata (but rounded down to the nearest cent) to the Non-Qualifying Shareholders in Hong Kong dollars, except that the Company will retain individual amounts of less than HK\$100 for its own benefit.

Overseas Shareholders should note that they may or may not be entitled to the Rights Issue, subject to the results of enquiries made by the Directors pursuant to Rule 13.36(2) of the Listing Rules. The Company reserves the right to treat as invalid any acceptance of Rights Shares where it believes that such acceptance or application would violate the applicable securities or other laws or regulations of any territory or jurisdiction. Accordingly, Overseas Shareholders should exercise caution when dealing in the securities of the Company.

Closure of register of members

The register of members of the Company will be closed from Thursday, 13 November 2025 to Wednesday, 19 November 2025 (both days inclusive) for determining the entitlements to the Rights Issue. No transfer of the Shares will be registered during this period.

Basis of provisional allotment

The basis of the provisional allotment shall be one (1) Rights Share (in nil-paid form) for every two (2) Shares in issue and held by the Qualifying Shareholders at the close of business on the Record Date at the Subscription Price payable in full on acceptance and otherwise on the terms and subject to the conditions set out in the Prospectus Documents.

Application for all or any part of a Qualifying Shareholder's provisional allotment should be made by lodging a duly completed PAL and a cheque or a banker's cashier order for the sum payable for the Rights Shares being applied for with the Registrar on or before the Latest Time for Acceptance.

If a Qualifying Shareholder wishes to accept only a part of, or to renounce or transfer a part of, the Rights Shares provisionally allotted to him/her/it under the PAL, such Qualifying Shareholder will need to split his/her/its PAL into the denominations required. Details as to how to split the PALs will be set out in the Prospectus.

LETTER FROM THE BOARD

Fractional entitlements to the Rights Shares

The Company will not provisionally allot and will not accept application for any fractions of the Rights Shares. All fractions of the Rights Shares will be aggregated (and rounded down to the nearest whole number of a Share) and sold by the Company in the open market if a premium (net of expenses) can be obtained. Any of the Rights Shares remain unsold in the market will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

Arrangement on odd lot

In order to facilitate the trading of odd lots of the Shares arising from the Rights Issue, Wilson Securities Limited has been appointed as agent to match the purchase and sale of odd lots of the Shares at the relevant market price per Share for the period from 9:00 a.m. on Tuesday, 30 December 2025 to 4:00 p.m. on Wednesday, 21 January 2026) (both dates inclusive), on a best efforts basis. Details of the odd lots arrangement will be provided in the Prospectus. Holders of odd lots of Shares should note that successful matching of the sale and purchase of odd lots of Shares is not guaranteed. Any Shareholder who is in any doubt about the odd lots arrangement is recommended to consult his/her/its own professional advisers.

Status of the Rights Shares

The Rights Shares, when issued and fully paid, shall rank *pari passu* in all respects among themselves and with the Shares in issue at the time of allotment and issue of Rights Shares. Holders of fully-paid Rights Shares will be entitled to receive all future dividends and distributions which may be declared, made or paid after the date of allotment of the Rights Shares in their fully-paid form.

Procedures in respect of the Unsubscribed Rights Shares, the NQS Unsold Rights Shares and the Compensatory Arrangements

Sulfulon, a substantial shareholder of the Company as at the time of conducting the Rights Issue, will act as the Underwriter. Pursuant to Rule 7.21(2) of the Listing Rules, the Company will make arrangements described in Rule 7.21(1)(b) of the Listing Rules to dispose of the Unsubscribed Rights Shares and the NQS Unsold Rights Shares by offering the Unsubscribed Rights Shares and the NQS Unsold Rights Shares only to independent placees who and whose ultimate beneficial owner(s) are Independent Third Party(ies), for the benefit of Shareholders to whom they were offered by way of the Rights Issue. - (v) the Stock Exchange granting the listing of, and permission to deal in, the Unsubscribed Rights Shares and the NQS Unsold Rights Shares with or without conditions.

None of the above conditions precedent are capable of being waived by the parties to the Placing Agreement. As at the Latest Practicable Date, none of the above conditions precedent has been fulfilled.

The engagement between the Company and the Placing Agent of the Unsubscribed Rights Shares and NQS Unsold Rights Shares (including the commission payable) was determined after arm's length negotiation between the Placing Agent and the Company and is on normal commercial terms, the existing financial position of the Group, the size of the Rights Issue, and the current and expected market conditions. Furthermore, the Placing Agent shall ensure the Placing will not result in the Company's non-compliance with the Public Float Requirement immediately following the Placing. As at the Latest Practicable Date, the Placing Agent has not identified any Placee(s).

The Directors considered that the Compensatory Arrangements are fair and reasonable and provide adequate safeguard to protect the interests of the Company's minority Shareholders since the Compensatory Arrangements would provide (i) a distribution channel of the Unsubscribed Rights Shares and the NQS Unsold Rights Shares to the Company; (ii) an additional channel of participation in the Rights Issue for independent Qualifying Shareholders and the Non-Qualifying Shareholders; and (iii) a compensatory mechanism for the No Action Shareholders and Non-Qualifying Shareholders. LETTER FROM THE BOARD

REASONS FOR AND BENEFITS OF THE RIGHTS ISSUE AND INTENDED USE OF PROCEEDS

The Group is principally engaged in the development of browser, mobile games (including game design, programming and graphics) and computer software related to game operation, on the basis of which the Group licenses its self-developed browser and mobile games to licensed operators around the world, assists third parties in promoting game-related business and provides intellectual property rights licensing services to enterprises. The Group also self-operates its self-developed game products in overseas markets. The net proceeds from the Rights Issue, if fully subscribed, are estimated to be up to approximately HK\$150.88 million (assuming no change in the number of Shares in issue on or before the Record Date).

Set out below is the breakdown (the “**Net Proceeds Usage Items**”) of and the expected timeline for the use of the Net Proceeds:

Use of Net Proceeds	Allocation of the Net Proceeds HK\$' million (approximate)	Percentage of the Net Proceeds %	Expected timeline on utilisation
Build up a new development team in the PRC including the recruitment of approximately 8–10 professional staff members and the purchase of necessary office equipment, IT software and hardware	12.7	8.4%	By 31 December 2026
Set up a development base in Indonesia including the rental of a new office in Indonesia, the recruitment of 15–20 local professional and support staff members and the purchase of necessary office equipment, IT software and hardware	11.6	7.7%	By 31 December 2026
Acquisition of new simulation games (3–4 games) including purchase of the patents, trademarks, intellectual properties and licenses (if any)	42.1	27.9%	By 31 December 2026
Marketing for existing games and new games in Indonesia and other markets in Southeast Asia including advertising campaigns, promotion events and purchase of promotional materials	56.9	37.7%	By 31 December 2026

LETTER FROM THE BOARD

Use of Net Proceeds	Allocation of the Net Proceeds <i>HK\$' million</i> <i>(approximate)</i>	Percentage of the Net Proceeds <i>%</i>	Expected timeline on utilisation
General working capital for the Group including but not limited to staff salary, Directors' remuneration, office rent and rates, professional fees (including but not limited to legal advisers and auditors), listing annual fee, and other administrative overheads	27.6	18.3%	By 31 December 2026
	<u>150.9</u>	<u>100%</u>	

As disclosed in the interim report of the Group for the six months ended 30 June 2025, the Group's cash and cash equivalents as at 30 June 2025 amounted to approximately HK\$49.9 million. The Group intends to use such existing cash and cash equivalents (subject to future changes depending on the Group's actual needs) for (i) payroll expenses to the Group's existing employees; (ii) the enhancement of corporate image in Southeast Asia; (iii) legal and professional fees; and (iv) general working capital for the Group. As such, the management considers that it is necessary for the Company to conduct the Rights Issue for funding the Net Proceeds Usage Items set out above.

The Rights Issue will proceed irrespective of the level of acceptance of provisionally allotted Rights Shares. In the event that there is an under-subscription of the Rights Issue, the net proceeds of the Rights Issue will be allocated and utilised in accordance with the percentage allocated to the Net Proceeds Usage Items as shown above. As at the Latest Practicable Date, the Group expects to utilise the net proceeds from the Rights Issue, by 31 December 2026. The estimated net subscription price per Rights Share after deducting the related expenses of the Rights Issue is expected to be approximately HK\$1.57.

Apart from the Rights Issue, the Board has considered alternative financing means prior to resolving to the Rights Issue, including but not limited to debt financing, and other equity fund raising approaches such as placing of new Shares and open offer. The Board's views and the other approach attempted by the Company are set forth as follows:

- (i) in respect of debt financing, it may not be the most practicable financing plan for the Group to meet its capital needs, as debt financing may involve lengthy negotiation with financial institutions, and will incur additional interest burden of the Company and create pressure on the liquidity of the Company;
- (ii) for the placing of new Shares, the Company had attempted to place, up to an aggregate of 38,400,000 new Shares under the general mandate in June 2025. However, the proposed placing did not proceed as the relevant placing agreement lapsed due to the failure of fulfilment of the conditions precedent therein within the prescribed timeframe; and

LETTER FROM THE BOARD

- (iii) as for open offer, as it does not allow free trading of rights entitlements in the open market, the open offer would offer less flexibility to the Qualifying Shareholders as opposed to the Rights Issue, which render it less favorable to the Shareholders.

Having considered the alternative financing means and based on the considerations and reasons above, the Board is of the view that the Rights Issue will provide an opportunity to raise capital for the Company to accommodate the funding need for the operation and expansion of the Group, as well as whilst increasing the capital base and financial position of the Company and give the Qualifying Shareholders equal opportunity to maintain their respective pro-rata shareholding interests in the Company. Hence, the Board considers that fund raising through the Rights Issue is in the interests of the Company and the Shareholders as a whole. However, those Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Non-Qualifying Shareholders should note that their shareholdings will be diluted.

LETTER FROM THE BOARD

In respect of utilising around 37.70% of the net proceeds from the Rights Issue for marketing purpose as mentioned above, the Company wishes to highlight that the management plans to expand the Group's business into Indonesia, Vietnam, and Malaysia markets (following Singapore and Thailand). Since these markets have unique business environments, each with distinct languages, cultures, and game style preferences, the management believes that adequate resources to launch marketing campaigns is key to break into those competitive markets. The Company intends to allocate approximately HK\$56.88 million (approximately 37.70%) of the Net Proceeds in the following manner:

- (i) approximately HK\$2.96 million (approximately 1.96%) will be used for advertisements on social media such as Google, Facebook, game forums, YouTube, gaming magazines and the online game payment gateways;
- (ii) approximately HK\$21.55 million (approximately 14.28%) will be used for organizing offline PR/KOL events (such as player gathering) with souvenirs, gifts and other marketing materials on a regular basis for loyalty or high-payment game players;
- (iii) approximately HK\$17.68 million (approximately 11.72%) will be used for sponsoring events and game shows such as game exhibitions, offline game shows in each market, game competitions and industry conferences to promote our games; and
- (iv) approximately HK\$14.69 million (approximately 9.74%) will be used for sponsoring KOL live game show on a monthly basis. The Company plans to engage at least 8–10 local KOLs to promote new and existing games in Indonesia, Vietnam and Malaysia.

INTENTION OF THE SULFULON CONCERT GROUP

Sulfulon, acting as the Underwriter, is a controlling shareholder of the Company, being interested in approximately 34.11% of the total issued share capital of the Company, as at the Latest Practicable Date and will continue to be a controlling shareholder of the Company upon the allotment and issue of the Rights Shares. It is the intention of the Sulfulon Concert Group to continue the existing businesses of the Group, and they have no intention to (i) introduce any major changes to the businesses of the Group (including any redeployment of the fixed assets of the Group); (ii) downsize, cease or dispose of any existing businesses, operations and assets of the Group; or (iii) terminate the continued employment of the employees of the Group.

FUND RAISING EXERCISE OF THE COMPANY IN THE PAST 12 MONTHS

The Company had not conducted any fund raising activities in the past 12 months immediately preceding the Latest Practicable Date.

TAKEOVERS CODE IMPLICATIONS AND APPLICATION FOR THE WHITEWASH WAIVER

As at the Latest Practicable Date, the Sulfulon Concert Group is interested in 78,340,000 Shares in aggregate, representing approximately 40.8% of the existing issued share capital of the Company.

Assuming (i) there is no change in the number of issued Shares from the Latest Practicable Date up to and including the date of completion of the Rights Issue; (ii) none of the Qualifying Shareholders other than Mr. Zhang, Sulfulon and Infinities Investment have taken up their entitlements under the Rights Issue; and (iii) none of the Unsubscribed Rights Shares and the NQS Unsold Rights Shares have been placed by the Placing Agent, (I) the aggregate interests in the Company held by the Sulfulon Concert Group upon the completion of the Rights Issue will increase from the current level of approximately 40.8% to approximately 51.0% of the issued share capital of the Company as enlarged by the allotment and issue of the Rights Shares; and (II) the shareholding of Sulfulon in the Company will be increased from approximately 34.1% to approximately 42.7% on stand alone basis. The Sulfulon Concert Group will, in the absence of the Whitewash Waiver, be obliged to make a mandatory cash offer for all issued Shares not already owned or agreed to be acquired by it pursuant to Rule 26 of the Takeovers Code, unless the Whitewash Waiver is granted.

If the Whitewash Waiver is granted by the Executive and approvals by the Independent Shareholders are obtained, upon completion of the Rights Issue, assuming there is no change in the issued share capital of the Company other than the allotment and issue of Rights Shares, the maximum potential holding of voting rights of the Sulfulon Concert Group in the Company will exceed 50%, the Sulfulon Concert Group may thereafter increase its shareholdings in the Company without incurring any further obligation under Rule 26 of the Takeovers Code to make a general offer.

LETTER FROM THE BOARD

An application has been made by the Sulfulon Concert Group to the Executive for the Whitewash Waiver pursuant to Note 1 on dispensations from Rule 26 of the Takeovers Code. The Whitewash Waiver, if granted by the Executive, would be subject to, among other things, (i) the approval of the Whitewash Waiver by at least 75% of the Independent Shareholders at the EGM by way of poll; and (ii) the approval by more than 50% of the Independent Shareholders at the EGM by way of poll in respect of the Rights Issue, the Placing Agreement, the Underwriting Agreement and the transactions contemplated thereunder. The Sulfulon Concert Group and those who are involved in and/or interested in the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder are required to abstain from voting on the proposed resolutions approving the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder at the EGM. If the Whitewash Waiver is not granted by the Executive, the Rights Issue will not proceed.

As at the Latest Practicable Date, the Company does not believe that the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder give rise to any concerns in relation to compliance with other applicable rules or regulations (including the Listing Rules). The Company notes that the Executive may not grant the Whitewash Waiver if the Rights Issue, the Placing Agreement, the Underwriting Agreement and the transactions contemplated thereunder do not comply with other applicable rules and regulations.

LISTING RULES IMPLICATION

As the Company has not conducted any rights issue, open offer and/or placing within the 12-month period immediately preceding this circular, and the Rights Issue will neither increase the total number of issued Shares nor the market capitalisation of the Company by more than 50%, the Rights Issue is not subject to the approval of the Shareholders pursuant to Rule 7.19A(1) of the Listing Rules.

The Rights Issue would not result in a theoretical dilution effect (as defined under Rule 7.27B of the Listing Rules) of 25% or more on its own. As such, the theoretical dilution impact of the Rights Issue is in compliance with Rule 7.27B of the Listing Rules.

As at the Latest Practicable Date, Mr. Zhang is the controlling shareholder of the Company holding approximately 40.8% of the issued share capital of the Company (through his direct interests and indirect interests through Sulfulon and Infinities Investment). As such, each of Mr. Zhang, Sulfulon and Infinities Investment is a connected person of the Company under Chapter 14A of the Listing Rules and the transactions contemplated under the Underwriting Agreement constitute a connected transaction for the Company under the Listing Rules and are subject to the reporting, announcement and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules.

LETTER FROM THE BOARD

Mr. Zhang, Sulfulon and Infinities Investment, who are interested in 78,340,000 Shares in aggregate (representing approximately 40.8% of the existing issued share capital of the Company) as at the Latest Practicable Date, shall abstain from voting in favour of the resolutions to approve the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder at the EGM. As at the Latest Practicable Date, none of the Directors or chief executives of the Company had any interests in the Shares or any material interest in the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder.

As at the Latest Practicable Date, save for the Irrevocable Undertaking from Mr. Zhang, Sulfulon and Infinities Investment, the Company has not received any other irrevocable commitments to accept or reject the Rights Shares or to vote for or against the Rights Issue.

EGM

A notice convening the EGM to be held at 11:00 a.m. on Friday, 7 November 2025 at 20 Science Park Road, #02-25 Teletech Park, Singapore 117674 is enclosed with this circular. Each of Mr. Zhang, Sulfulon and Infinities Investment controls or is entitled to exercise control over their respective voting rights of the Shares held by them at a general meeting of the Company. Completion and return of the form of proxy will not preclude you from attending and voting in person at the meeting or any adjournment thereof should you so wish.

Subject to the fulfilment of certain conditions of the Rights Issue, the Prospectus Documents will be despatched to the Qualifying Shareholders on or before Thursday, 20 November 2025 whereas the Prospectus will be despatched to the Non-Qualifying Shareholders, if any, for information only.

(g) Our view

After considering that, (i) by excluding the one-off gain on surrender of promissory notes to the Company during FY2023, the Group's financial performance suffered from a loss for the year of approximately HK\$2.2 million for FY2023 as compared to a profit for the year of approximately HK\$35.5 million for FY2022 and remained unstable at a slight profit for the year of approximately HK\$1.9 million for FY2024 and a loss for the period of approximately HK\$6.7 million for HY2025; (ii) the Group's net assets decreased from approximately HK\$140.3 million as at 31 December 2023 to approximately HK\$114.0 million as at 31 December 2024, and further decreased to approximately HK\$102.6 million as at 30 June 2025; and (iii) the additional funding needs to support the Group's business expansion and development as detailed under the paragraph headed "II. Reasons for and benefits of the Rights Issue and intended use of proceeds" below in this letter, we are of the view that the Rights Issue is in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole.

II. Reasons for and benefits of the Rights Issue and intended use of proceeds

As stated in the Letter from the Board, the net proceeds from the Rights Issue (the "**Net Proceeds**"), if fully subscribed, (after deducting the related expenses) are estimated to be up to approximately HK\$150.9 million (assuming no change in the number of Shares in issue on or before the Record Date), of which the Company intends to apply the Net Proceeds as to:

- (i) approximately HK\$12.7 million (representing 8.4% of the Net Proceeds) for building up a new development team in the PRC including the recruitment of approximately 8–10 professional staff members and the purchase of necessary office equipment, IT software and hardware;

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

- (ii) approximately HK\$11.6 million (representing 7.7% of the Net Proceeds) for setting up a development base in Indonesia including the rental of a new office in Indonesia, the recruitment of 15–20 local professional and support staff members and the purchase of necessary office equipment, IT software and hardware;
- (iii) approximately HK\$42.1 million (representing 27.9% of the Net Proceeds) for acquisition of new simulation games (3–4 games) including purchase of the patents, trademarks, intellectual properties and licenses (if any);
- (iv) approximately HK\$56.9 million (representing 37.7% of the Net Proceeds) for marketing for existing games and new games in Indonesia and other markets in Southeast Asia including advertising campaigns, promotion events and purchase of promotional materials; and
- (v) approximately HK\$27.6 million (representing 18.3% of the Net Proceeds) for general working capital for the Group including but not limited to staff salary, Directors' remuneration, office rent and rates, professional fees (including but not limited to legal advisers and auditors), listing annual fee, and other administrative overheads.

For the expected timeline on the utilisation of the Net Proceeds, please refer to the section headed “Reasons for and benefits of the Rights Issue and intended use of proceeds — Timeline for intended use of proceeds” in the Letter from the Board. According to the Letter from the Board, in respect of utilising the item (iv) above of the Net Proceeds, the management of the Company plans to expand the Group's business into Indonesia, Vietnam, and Malaysia markets (following Singapore and Thailand). Since these markets have unique business environments, each with distinct languages, cultures, and game style preferences, the management of the Company believes that adequate resources to launch marketing campaigns is key to break into those competitive markets. The management of the Company intends to allocate approximately HK\$56.9 million (approximately 37.7% of the Net Proceeds) in the following manner:

- (a) approximately HK\$3.0 million (approximately 1.96% of the Net Proceeds) will be used for advertisements on social media such as Google, Facebook, game forums, YouTube, gaming magazines and the online game payment gateways;
- (b) approximately HK\$21.5 million (approximately 14.28% of the Net Proceeds) will be used for organizing offline PR/KOL events (such as player gathering) with souvenirs, gifts and other marketing materials on a regular basis for loyalty or high-payment game players;

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

- (d) approximately HK\$14.7 million (approximately 9.74% of the Net Proceeds) will be used for sponsoring KOL live game show on a monthly basis. The Company plans to engage at least 8–10 local KOLs to promote new and existing games in Indonesia, Vietnam and Malaysia.

As discussed in the paragraph headed “1. Background and financial information of the Group” above in this letter, we noted that there was a decreasing trend of the Group’s cash and cash equivalents from approximately HK\$85.5 million as at 31 December 2023 to approximately HK\$49.9 million as at 30 June 2025, in tandem with the decreasing trend of the Group’s net assets from approximately HK\$140.3 million as at 31 December 2023 to approximately HK\$102.6 million as at 30 June 2025. As stated in the Letter from the Board, the Group intends to use such existing cash and cash equivalents (subject to future changes depending on the Group’s actual needs) for (i) payroll expenses to the Group’s existing employees; (ii) the enhancement of corporate image in Southeast Asia; (iii) legal and professional fees; and (iv) general working capital for the Group. Since the Group’s existing cash and cash equivalents has been earmarked for the Group’s business operations, representing a tight in the Group’s existing cash and cash equivalents for the business expansion and development, the management of the Company considers that it is necessary for the Company to conduct the Rights Issue for funding the use of proceeds from the Rights Issue set out above.

According to the 2025 Interim Report, in order to support the development and expansion of the Group’s business, the Group intends to set up a research and development team, and publish games in Indonesia. The Group will also prudently consider acquiring or investing in games and other internet projects that align with its business interests should there be suitable opportunities. In this regard, we have discussed with the Directors and be advised that

- (i) the usage of the Net Proceeds for acquiring new simulation games (3–4 games) including purchase of the patents, trademarks, intellectual properties and licenses (if any) aligns with the Group’s strategy to devote more resources on game development and game publishing business; and
- (ii) the usage of the Net Proceeds for (a) setting up a development base in Indonesia including the rental of a new office in Indonesia, the recruitment of 15–20 local professional and support staff members and the purchase of necessary office equipment, IT software and hardware; and (b) marketing for existing games and new games in Indonesia and other markets in Southeast Asia including advertising campaigns, promotion events and purchase of promotional materials can expand the Group’s business development in Southeast Asia.

We concur with the Directors’ view that the Rights Issue would provide an opportunity to raise capital for the Group to accommodate the funding needs for the operation and expansion of the Group, as well as whilst broadening the capital base of the Group.

On the basis that the gaming industry demonstrated an increasing trend in terms of revenue projected by the government agencies in Vietnam and Malaysia, we consider that the market outlook of the gaming industry in Vietnam and Malaysia will remain positive.

Having considered (i) the Group's existing cash and cash equivalents is in tight and has earmarked for the stable liquidity on the existing business operations; (ii) the Group's business expansion to the gaming markets in Southeast Asia, including Indonesia, Vietnam and Malaysia aligns with the Group's intention to set up a research and development team, and publish games in Indonesia and devote more resources on game development and game publishing business; (iii) the prospect of gaming markets in Southeast Asia, including Indonesia, Vietnam and Malaysia will remain positive; and (iv) the Rights Issue would broaden the capital base of the Group, we concur with the Directors' view that the Rights Issue is fair and reasonable and in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole.

III. Other financing alternatives

We have also made enquiry to the Directors, other financing alternatives, including debt financing, and other forms of equity financing such as open offer, placing have been considered.

The Directors advised us that debt financing would result in additional interest burden of the Group and create pressure to the liquidity of the Group. The Group's net current assets decreased from approximately HK\$91.2 million as at 31 December 2023 to approximately HK\$57.1 million as at 31 December 2024 and further dropped to approximately HK\$54.2 million as at 30 June 2025. According to the Directors, such decrease in the Group's net current assets was mainly due to the decrease of cash and cash equivalents from approximately HK\$85.5 million as at 31 December 2023 to approximately HK\$53.6 million as at 31 December 2024 and further dropped to approximately HK\$49.9 million as at 30 June 2025. The Directors also advised that debt financing may require lengthy due-diligence and negotiation process. Based on the current financial position of the Company, the Directors consider that it is not beneficial to raise fund by debt financing.

In addition to debt financing, we understand that the Directors had considered to conduct equity financing such as open offer. According to the Directors, open offer while it is similar to a rights issue, offering Qualifying Shareholders to participate, it does not allow free trading of rights entitlements in the open market. According to the Directors, the Company has considered to placing of up to 38,400,000 new shares under the general mandate in June 2025, but the placing has been lapsed and terminated on 11 July 2025 as further extension of the long stop date has not been negotiated. For details, please refer to the Company's announcements dated 24 June 2025, 2 July 2025 and 11 July 2025.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

In view of the above, the Directors considered that the Rights Issue is the most suitable equity financing method available to the Group as:

- (i) the Qualifying Shareholders have the option to subscribe for the Rights Shares at their sole discretion;
- (ii) the Qualifying Shareholders who do not take up their entitlements can sell the nil-paid Rights Shares in the market; and
- (iii) the Rights Issue offers all the Qualifying Shareholders equal opportunities to participate in the enlargement of the Group's capital base and enables the Shareholders to maintain their proportionate interests in the Company and continue to participate in development of the Company in the future should they wish to do so.

After considering that (i) debt financing would increase the Group's interest burden and create pressure to the liquidity of the Group; (ii) open offer does not offer the Qualifying Shareholders the option to sell the nil-paid Rights Shares in the market; (iii) the recent placing of new shares under general mandate was lapsed and terminated on 11 July 2025; and (iv) the Rights Issue will enable the Shareholders to maintain their proportionate interests in the Company should they so wish, we concur with the Directors' view that the Rights Issue is fair and reasonable and in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole.

(b) Historical Share price performance

According to the Letter from the Board, the net price per Rights Share (i.e. Subscription Price with cost and expenses incurred in the Rights Issue deducted) upon full acceptance of the provisional allotment of Rights Shares is estimated to be approximately HK\$1.57. The Subscription Price was determined with reference to, among others, (i) the market price of the Shares under the prevailing market conditions taking into consideration the relatively cautious investment sentiment of the general public investors in Hong Kong amid economic uncertainties; (ii) the low trading volume of the Shares for the three months immediately preceding and up to the Last Trading Day, the Company’s average daily trading volume of approximately 145,539 Shares represented merely approximately 0.08% of the total number of issued Shares as at the Last Trading Day; (iii) the latest business performance and financial position of the Group as discussed in the paragraph headed “(V) Financial and trading prospects of the Group” under the section headed “Appendix I Financial information of the Group” in this Circular; and (iv) the reasons for and benefits of proposed Rights Issue as discussed in the section headed “Reasons for and benefits of the Rights Issue and intended use of proceeds” in the Letter from the Board. Each Qualifying Shareholder will be entitled to subscribe for the Rights Shares at the same Subscription Price in proportion to his/her/its shareholding held on the Record Date.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

In order to assess the fairness and reasonableness of the Subscription Price, we have reviewed the daily closing price of the Shares (the “**Closing Prices**”) during the period from 2 October 2024 to 3 October 2025 (being 12 months immediately preceding the Last Trading Day) (the “**Review Period**”). We consider the Review Period is adequate to illustrate the recent price movement of the Shares which reflect prevailing market sentiments and the comparison between the Closing Prices and the Subscription Price. The chart below illustrates the historical Closing Prices during the Review Period:

Historical daily closing price of the Share during the Review Period

Source: Website of the Stock Exchange (www.hkex.com.hk)

During the Review Period, the highest and the lowest Closing Prices were HK\$4.24 on 7 October 2024 and HK\$1.54 on 27 August 2025, with an average closing price of approximately HK\$2.22.

The closing prices of the Shares demonstrated a first surge from HK\$2.94 per Share on 3 October 2024 to HK\$4.24 per Share on 7 October 2024, representing an increase of approximately 44.2%. Save for the publication of voluntary announcement on unusual price and trading volume movements on 7 October 2024, no particular news or announcement were made by the Company on that period and the Directors are not aware of any reason for such increase of the Share price. After that, the closing prices of the Shares demonstrated a generally decreasing trend from HK\$4.24 per Share on 7 October 2024 to HK\$2.10 on 15 January 2025. Then, the closing price of the Share suddenly rose again from HK\$2.10 on 15 January 2025 to HK\$2.80 on 20 January 2025, representing an increase of approximately 33.3%. No particular news or announcement were made by the Company on that period and the Directors are not aware of any reason for such increase of the Share price.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

After 20 January 2025, the closing prices of Shares was on a generally decreasing trend from HK\$2.80 on 20 January 2025 to HK\$1.85 on 7 July 2025. Then, there was a sudden rise again in the closing price from HK\$1.85 per Share on 7 July 2025 to HK\$2.53 per Share on 9 July 2025, representing an increase of approximately 36.8%. Save for the publication of supplemental announcement on placing of new Shares under general mandate on 8 July 2025, no particular news or announcement were made by the Company on that period and the Directors are not aware of any reason for such increase of the Share price. After that, the closing prices of the Shares demonstrated a generally decreasing trend from HK\$2.53 per Share on 9 July 2025 to HK\$1.98 on the Last Trading Day.

We noted that the Subscription Price of HK\$1.58 per Rights Share is below the majority of the Closing Prices during the Review Period. The Subscription Price represents (i) a discount of approximately 62.74% to the highest Closing Price of HK\$4.24 on 7 October 2024; (ii) a slight premium of approximately 2.60% to the lowest Closing Price of HK\$1.54 on 27 August 2025; and (iii) a discount of approximately 28.83% to the average Closing Price of approximately HK\$2.22 during the Review Period.

After the publication of the Announcement, the closing prices of Shares demonstrated a generally sideways trend from HK\$1.98 per Share on the Last Trading Day to HK\$2.11 per Share on the Latest Practicable Date.

With reference to the sub-paragraph headed “(d) Market comparables analysis” below in this paragraph, we noted that it is a common market practice that the subscription price of a rights issue is set at a discount to the prevailing market prices of the relevant shares to encourage the existing shareholders to participate in a rights issue as to meet the need of equity fund raising. We concur with the Directors’ view that the Subscription Price, which is set at a discount to the prevailing market prices of the Shares by the LTD Discount, the 5 Days Discount and the TERP Discount, is in line with the general market practice and thus acceptable.

Notes:

1. It is calculated by dividing the average daily trading volume of Shares for the month/period by the total number of Shares in issue at the end of month/period; and
2. It is calculated by dividing the average daily trading volume of Shares for the month/period by the total number of Shares in issue held by the public Shareholders at the end of month/period.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

As illustrated in the above table, the average daily trading volume of the Shares during the Review Period ranged from approximately 16,890 Shares to approximately 1,108,050 Shares, representing (i) from approximately 0.009% to approximately 0.577% of the total number of the Shares in issue; or (ii) from approximately 0.015% to approximately 0.975% of the total number of the Shares held by public Shareholders, with an average of approximately 103,244 Shares, representing (i) approximately 0.054% of the total number of the Shares in issue; or (ii) approximately 0.091% of the total number of the Shares held by public Shareholders. We noted from the above table that the liquidity of the Shares was generally thin during the Review Period. During the period from 6 October 2025 to the Latest Practicable Date, the average daily trading volume of the Share remained generally thin at approximately 219,636 Shares, representing (i) approximately 0.114% of the total number of the Shares in issue; or (ii) approximately 0.193% of the total number of the Shares held by public Shareholders.

As aforementioned, the Subscription Price of HK\$1.58 is below the majority of the Closing Prices throughout the Review Period. Given that (i) the generally thin liquidity of the Shares during the Review Period; and (ii) the general decreasing trend of the Closing Prices from HK\$3.10 per Share on 2 October 2024 to HK\$1.98 on the Last Trading Day, we consider that it is reasonable to offer a discount for the Subscription Price to encourage the Qualifying Shareholders to subscribe for the Rights Shares; or the Unsubscribed Rights Shares and the NQS Unsold Rights Shares to the placee(s) pursuant to the Placing Agreement.

(d) Market comparables analysis

We have further performed an analysis on the comparison between the Rights Issue and other rights issues conducted by other listed companies on the Stock Exchange which were announced from 1 January 2025 to the Last Trading Day. We identified an exhaustive list of 15 comparables (the “**Rights Issue Comparables**”) based on the selection criteria that (i) the shares of the company are listed on the Stock Exchange; (ii) the market capitalisation of the company ranges from HK\$50 million to HK\$500 million as at the respective last trading day; and (iii) the rights issue is conducted on a non-underwritten basis, best-effort underwritten basis or non-fully underwritten basis. We consider that the aforementioned selection criteria of the Rights Issue Comparables from 1 January 2025 to the Last Trading Day (3 October 2025) allows us to (i) capture the Rights Issue Comparables, which could provide a general reference for the recent market practice in relation to the principal terms of rights issue; and (ii) generate a sufficient sample size for the purpose of our comparable analysis. Shall the Rights Issue Comparables be different in their principal activities, business nature, market capitalisations, financial performance and financial positions as compared to the Company, having considered that our analysis is mainly concerned of the principal terms of the rights issues under the prevailing market condition and sentiment, we consider that the Rights Issue Comparables can provide a general reference in relation to the terms of rights issue under recent market condition and sentiment. In view of the above, we are of the view that the Rights Issue Comparables are fair and representative. Details of the Rights Issue Comparables are set out below:

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

As shown in the above table, we noted that 14 out of 15 Rights Issue Comparables set the subscription price at a discount to their respective last trading days. It demonstrates that it is common to set the subscription price of a rights issue at a discount to its prevailing market price in order to encourage the existing shareholders to participate the rights issue.

Based on the above Rights Issue Comparables, we can also summarise our findings:

- (i) the subscription price to the closing price on the respective last trading day of the Rights Issue Comparables ranged from no discount to a discount of approximately 74.50%, with an average discount of approximately 31.01%. The Subscription Price represents a discount of approximately 20.20% to the closing price per Share on the Last Trading Day, which is lower than the average discount of the Rights Issue Comparables;
- (ii) the subscription price to the average closing price for the last five consecutive trading days immediately prior to and including the respective last trading day of the Rights Issue Comparables ranged from a discount of approximately 2.14% to a discount of approximately 73.38%, with an average discount of approximately 31.39%. The Subscription Price represents a discount of approximately 27.85% to the average closing price per Share for the last five consecutive trading days immediately prior to and including the Last Trading Day, which is also lower than the average discount of the Rights Issue Comparables;
- (iii) the subscription price to the theoretical ex-rights price on the respective last trading day of the Rights Issue Comparables ranged from no discount to a discount of approximately 66.07%, with an average discount of approximately 22.54%. The Subscription Price represents a discount of approximately 14.59% to the ex-rights price per Share on the Last Trading Day, which is also lower than the average discount of the Rights Issue Comparables;
- (iv) the subscription price to the net asset value per share of the Rights Issue Comparables ranged from a premium of approximately 152.14% to a discount of approximately 97.12%, with an average discount of approximately 53.86%. The Subscription Price represents a premium of approximately 195.74% to the unaudited consolidated net asset value per Share as at 30 June 2025, which is higher than all the Rights Issue Comparables; and
- (v) the theoretical dilution effect of the Rights Issue Comparables ranged from approximately 0.43% to 24.93%, with an average of approximately 13.18%. The theoretical dilution effect of the Rights Issue of approximately 9.13% is lower than the average theoretical dilution effect the Rights Issue Comparables.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

(e) Our view on the Subscription Price

Having considered that:

- (i) it is a common market practice for the companies listed on the Stock Exchange to set the subscription price of a rights issue at a discount to the market price in order to encourage the existing shareholders to participate the rights issue;
- (ii) the discounts represented by the Subscription Price to the closing price on the Last Trading Day, the average closing price per Share for the last five consecutive trading days immediately prior to and including the Last Trading Day and the theoretical ex-rights price per Share are lower than the average discounts of the Rights Issue Comparables;
- (iii) the premium represented by the Subscription Price to the net asset value per Share as at 30 June 2025 is higher than all the Rights Issue Comparables;
- (iv) the theoretical dilution effect of the Rights Issue is lower than the average theoretical dilution effect of the Rights Issue Comparable;
- (v) the closing price of the Shares was on a generally downward trend during the Review Period;
- (vi) the trading volume of the Shares was generally thin during the Review Period;
- (vii) the Rights Issue would strengthen the capital base and financial position of the Group;
- (viii) other financing alternatives may not be feasible as discussed in the paragraph headed “III. Other financing alternatives” above in this letter; and
- (ix) all the Qualifying Shareholders are offered an equal opportunity to participate in the Rights Issue and to take up their entitlements in full at the same price to maintain their respective shareholdings in the Company,

we are of the view that the Subscription Price is on normal commercial terms, fair and reasonable as far as the Independent Shareholders are concerned.

Conditions precedent : The obligations of the Placing Agent under the Placing Agreement are conditional upon, among others, the following conditions being fulfilled:

- (i) the Independent Shareholders passing (a) the ordinary resolutions at the EGM to approve the Rights Issue, the Placing Agreement, the Underwriting Agreement and the transactions contemplated thereunder; and (b) the special resolution at the EGM to approve the Whitewash Waiver;
- (ii) the Underwriting Agreement not being terminated by the Underwriter pursuant to the terms thereof on or before the Latest Time for Underwriting Termination;
- (iii) the SFC having granted the Whitewash Waiver;
- (iv) the Company's warranties contained in the Placing Agreement remain true and accurate and not misleading in all material respects at all time prior to the date of completion of the Rights Issue; and
- (v) the Stock Exchange granting the listing of, and permission to deal in, the Unsubscribed Rights Shares and the NQS Unsold Rights Shares with or without conditions.

None of the above conditions precedent are capable of being waived by the parties to the Placing Agreement. As at the Latest Practicable Date, none of the above conditions precedent has been fulfilled.

In the event that the above condition precedents have not been fulfilled on or before the completion of the Rights Issue, all rights, obligations and liabilities of the parties thereunder in relation to the Placing shall cease and determine and none of the parties shall have any claim against the other in respect of the Placing (save for any antecedent breaches thereof prior to such termination).

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

Termination : The obligations of the Placing Agent under the Placing Agreement will be terminated if all of the Rights Shares have been accepted by the Qualifying Shareholders on or before the Latest Time for Acceptance.

Sulfulon, a substantial shareholder of the Company as at the time of conducting the Rights Issue, will act as the Underwriter. Pursuant to Rule 7.21(2) of the Listing Rules, the Company will make arrangements described in Rule 7.21(1)(b) of the Listing Rules to dispose of the Unsubscribed Rights Shares and the NQS Unsold Rights Shares by offering the Unsubscribed Rights Shares and the NQS Unsold Rights Shares only to independent placees who and whose ultimate beneficial owner(s) are Independent Third Party(ies), for the benefit of Shareholders to whom they were offered by way of the Rights Issue. There will be no excess application arrangements in relation to the Rights Issue.

For details of the terms of the Placing Agreement and the Compensatory Arrangements, please refer to the section headed “Proposed Rights Issue — Placing Agreement” and “Proposed Rights Issue — Procedures in respect of the Unsubscribed Rights Shares, the NQS Unsold Rights Shares and the Compensatory Arrangements” in the Letter from the Board respectively.

(g) The Placing and the Compensatory Arrangements

Pursuant to the Placing Agreement, the placing price of the Unsubscribed Rights Shares and/or the NQS Unsold Rights Shares (as the case may be) shall be not less than the Subscription Price. The final price will be determined based on the demand for and the market conditions of the Unsubscribed Rights Shares and/or the NQS Unsold Rights Shares during the process of placement. Given that (i) the placing price shall be not less than the Subscription Price, which is not prejudicial to the interests of the Qualifying Shareholders; and (ii) the Subscription Price is fair and reasonable as discussed above in this paragraph, we consider that the placing price, which shall be not less than the Subscription Price is fair and reasonable so far as the Independent Shareholders are concerned.

Regarding the Placing and the Compensatory Arrangements, we also note that among the Rights Issue Comparables, 8 out of 15 Rights Issue Comparables had the placing and compensatory arrangements, which suggests that it is a common market practice for such arrangement. Given that the Placing and the Compensatory Arrangements would provide (i) a distribution channel of the Unsubscribed Rights Shares and/or the NQS Unsold Rights Shares; (ii) a compensatory mechanism for No Action Shareholders and the Non-Qualifying Shareholders; and (iii) it is a common market practice for the placing and compensatory arrangements, we consider that the Placing and the Compensatory Arrangements are on normal commercial terms so far as the Independent Shareholders are concerned.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

(h) The Placing Commission

Pursuant to the terms of the Placing Agreement, subject to fulfilment of the conditions set out in the Placing Agreement and the completion of the Placing, the Company shall pay to the Placing Agent in respect of the Placing, a Placing Commission in Hong Kong dollars, of HK\$100,000.

As stated in the Letter from the Board, the engagement between the Company and the Placing Agent of the Unsubscribed Rights Shares and the NQS Unsold Rights Shares was determined after arm's length negotiation between the Placing Agent and the Company and is on normal commercial terms with reference to the existing financial position of the Group, the size of the Rights Issue, and the current and expected market conditions.

According to the Rights Issue Comparables above in this paragraph, we noted that the fixed placing fee of the Rights Issue Comparables ranged from HK\$100,000 to HK\$150,000, with an average of HK\$116,667. The Placing Commission of HK\$100,000 is lower than the average fixed placing fee of the Rights Issue Comparables. Furthermore, according to the Placing Agreement, there is no placing commission rate to be payable by the Company. We are of the view that the Placing Commission is fair and reasonable so far as the Independent Shareholders are concerned and in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole.

V. Principal terms of the Underwriting Agreement

On 5 October 2025, the Company and the Underwriter entered into the Underwriting Agreement, pursuant to which the Rights Shares (other than those Rights Shares subject to the Irrevocable Undertakings) will be non-fully underwritten by the Underwriter in accordance with the terms of the Underwriting Agreement as described below.

Set out below are the principal terms of the Underwriting Agreement:

Date : 5 October 2025

Issuer : The Company

Underwriter : Sulfulon

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

Sulfulon is a company incorporated in the British Virgin Islands with limited liability which is principally engaged in investment holding and does not engage in securities underwriting as part of its ordinary course of business. As at the Latest Practicable Date, Sulfulon is beneficially interested in 65,500,000 Shares, representing approximately 34.1% of the total issued Shares and is a controlling shareholder of the Company. As such, the Underwriter complies with Rule 7.19(1)(b) of the Listing Rules. The ultimate beneficial owner of Sulfulon is Mr. Zhang.

- Number of Rights Shares underwritten by the Underwriter : Sulfulon has (other than the Rights Shares agreed to be taken up by Sulfulon, Mr. Zhang and Infinities Investment under the Irrevocable Undertakings) conditionally agreed to underwrite such number of Rights Shares not taken up under the Compensatory Arrangements, which together with the Shares already held by the Sulfulon Concert Group and the Undertaken Shares, and depending on the number of Untaken Rights Shares, up to 51.0% of the total enlarged issued Shares at completion of the Rights Issue. For the avoidance of doubt, no further Rights Share will be taken by Sulfulon under the Underwriting Agreement, when the number of Shares held by Sulfulon Concert Group (together with the Undertaken Shares) have already reached 51.0% of the total enlarged issued Shares at completion of the Rights Issue. The remaining Rights Shares (if any) will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.
- Commission : The Underwriter will not receive any underwriting commission
- Public Float Requirement : The Company and the Underwriter shall ensure the Company complies with the Public Float Requirement upon completion of the Underwriting Agreement.

For details of the terms of the Underwriting Agreement, please refer to the section headed “The Underwriting Agreement” in the Letter from the Board.

As stated in the Letter from the Board, the terms of the Underwriting Agreement (including the commission rate) were determined after arm’s length negotiation between the Company and the Underwriter by reference to the financial position of the Group, the size of the Rights Issue, the current and expected market condition and the prevailing market rate.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

Pursuant to the Irrevocable Undertakings, each of Mr. Zhang, Sulfulon and Infinities Investment has unconditionally and irrevocably undertaken to the Company, among other things, that (i) he/it will not sell or transfer such Shares before the Latest Time for Acceptance or the termination of the Rights Issue; and (ii) he/it will accept and pay for the full entitlements to the provisional allotment under the Rights Issue, being 1,920,000 Rights Shares for Mr. Zhang, 32,750,000 Rights Shares for Sulfulon, and 4,500,000 Rights Shares for Infinities Investment. Pursuant to the Underwriting Agreement, Sulfulon has (other than the Rights Shares agreed to be taken up by Sulfulon, Mr. Zhang and Infinities Investment under the Irrevocable Undertakings) conditionally agreed to underwrite such number of Rights Shares not taken up under the Compensatory Arrangements, which together with the Shares already held by the Sulfulon Concert Group and the Undertaken Shares, and depending on the number of Untaken Rights Shares, up to 51.0% of the total enlarged issued Shares at completion of the Rights Issue. We consider that the aforesaid Irrevocable Undertakings and the underwriting arrangement would secure the Company's fund-raising through the Rights Issue to a certain extent. Furthermore, the Irrevocable Undertakings given by Mr. Zhang, Sulfulon and Infinities Investment, together with the underwriting arrangement indicate the Sulfulon Concert Group's support for the Rights Issue and the Group's business expansion and development.

Pursuant to the Underwriting Agreement, the Underwriter will not receive any underwriting commission. We consider that this is beneficial to the Company as it can avoid any additional transaction cost to be incurred should the Company appoint a willing independent underwriter for the Rights Issue.

Having considered that (i) the Unsubscribed Rights Shares and the NQS Unsold Rights Shares will firstly be placed to the independent place(s) by the Placing Agent before underwritten by Sulfulon; (ii) the underwriting arrangement will enable the Group to secure fund-raising through the Rights Issue to a certain extent; (iii) the Irrevocable Undertakings given by Mr. Zhang, Sulfulon and Infinities Investment, together with the underwriting arrangement indicate the continuous support from Sulfulon Concert Group to the Group's business expansion and development; (iv) the underwriting arrangement made by Sulfulon is in compliance with Rule 7.21(1)(b) of the Listing Rules; (v) there is no cost incurred to the Company for the underwriting arrangement which is favourable to the Company; (vi) the Rights Issue would strengthen the capital base and financial position of the Group; (vii) the Subscription Price is on normal commercial terms, fair and reasonable as discussed in the paragraph headed "IV. Principal terms of the Rights Issue and the Placing Agreement" above in this letter; and (viii) the Placing, the Compensatory Arrangements and the Placing Commission are on normal commercial terms, fair and reasonable as discussed in the paragraph headed "IV. Principal terms of the Rights Issue and the Placing Agreement" above in this letter, we are of the view that although the entering of the Underwriting Agreement is not in the ordinary and usual course of the Group's business, the Underwriting Agreement is on normal commercial terms, fair and reasonable so far as the Independent Shareholders are concerned and in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

VI. Potential dilution effect of the Rights Issue on the shareholding structure of the Group

All the Qualifying Shareholders are entitled to subscribe for the Rights Shares. For those Qualifying Shareholders who take up their full provisional allotments under the Rights Issue, their shareholding interests in the Company will remain unchanged after the completion of the Rights Issue. Those Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and the Non-Qualifying Shareholders should note that their shareholdings in the Company will be diluted upon completion of the Rights Issue and their aggregate shareholding interests in the Company may be reduced by a maximum of approximately 33.33%. It should be noted that the actual changes in the shareholding structure of the Company upon completion of the Rights Issue are subject to various factors, such as the results of acceptance of the Rights Issue. Set out below is the shareholding structure of the Company (i) as at the Latest Practicable Date and (ii) immediately upon completion of the Rights Issue:

	As at the Latest Practicable Date		Immediately after completion of the Rights Issue (assuming full acceptance of the Rights Shares by all the Qualifying Shareholders)		Immediately after completion of the Rights Issue (assuming nil acceptance of the Rights Shares by the Qualifying Shareholders, except for Sulfulon, Infinities Investment and Mr. Zhang have taken up on the Rights Shares pursuant to the Irrevocable Undertakings and all of the Unsubscribed Rights Shares and NQS Unsold Rights Shares have been placed by the Placing Agent)		Immediately after completion of the Rights Issue (assuming nil acceptance of the Rights Shares by the Qualifying Shareholders, except for Sulfulon, Infinities Investment and Mr. Zhang have taken up on the Rights Shares pursuant to the Irrevocable Undertakings and the Underwriting Agreement and none of the Unsubscribed Rights Shares and NQS Unsold Rights Shares have been placed by the Placing Agent)

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

Notes:

- 1 As at the Latest Practicable Date, Mr. Zhang is interested in approximately 40.8% of the total issued Shares, i.e. 78,340,000 Shares, comprising of:
 - (i) 65,500,000 Shares (representing approximately 34.1% of the issued Shares) held by Sulfulon, where Mr. Zhang is interested in the entire issued shares of Sulfulon and he is therefore deemed to be interested in the Shares held by Sulfulon by virtue of the SFO;
 - (ii) 9,000,000 Shares (representing approximately 4.7% of the issued Shares) held by Infinities Investment, where Mr. Zhang is interested in the entire issued shares of Infinities Investment, which is wholly owned by Infinities Super Holding Limited. Infinities Super Holding Limited is a company incorporated in the Cayman Islands with limited liability and is wholly-owned by Mr. Zhang. Therefore, Mr. Zhang is deemed to be interested in the Shares held by Infinities Investment by virtue of the SFO; and
 - (iii) 3,840,000 Shares owned by him directly, representing approximately 2.0% of the issued Shares.
- 2 As at the Latest Practicable Date, each of Sulfulon, Infinities Investment and Mr. Zhang, has provided the Irrevocable Undertakings to the Company; and Sulfulon, acting as the Underwriter, has entered into the Underwriting Agreement with the Company on 5 October 2025. For details, please refer to the section headed “Proposed Rights Issue — Irrevocable Undertakings” and the section headed “Proposed Rights Issue — The Underwriting Agreement” in this Circular.
- 3 As at the Latest Practicable Date, none of the Directors and/or their respective connected persons was directly or indirectly interested in any Shares.
- 4 As confirmed by the Directors, the Company will take all appropriate steps to ensure the sufficient public float being maintained for the purpose of complying with the Public Float Requirement.

We are aware of the potential dilution effects of the Rights Issue. Nonetheless, we consider that the foregoing should be balanced by the following factors:

- (i) it is in the interests of the Company and the Shareholders (including the Independent Shareholders) as a whole to raise capital through the Rights Issue for the Group’s business expansions as discussed in the paragraph headed “II. Reasons for and benefits of the Rights Issue and intended use of proceeds” above in this letter;
- (ii) the Rights Issue would broaden the capital base of the Group;
- (iii) the Qualifying Shareholders have their choices of whether to accept the Rights Issue or not;
- (iv) the Qualifying Shareholders are provided an equal opportunity to subscribe for their assured entitlements under the Rights Issue for the purpose of maintaining their respective existing shareholding interests in the Company;
- (v) the Qualifying Shareholders have the opportunity to sell their nil-paid Rights Shares in the market if they do not wish to take up the Rights Issue entitlements;
- (vi) the Qualifying Shareholders who wish to increase their shareholding interests in the Company through the Rights Issue, may, subject to availability, acquire additional nil-paid Rights Shares in the market;

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

- (vii) the Compensatory Arrangements will provide a compensatory mechanism for the No Action Shareholders and the Non-Qualifying Shareholders;
- (viii) the maximum dilution effect of shareholding of the Rights Issue of approximately 33.33% is lower than the average maximum dilution of approximately 42.16% of the Rights Issue Comparables;
- (ix) the theoretical dilution effect of the Rights Issue of approximately 9.13% is lower than the average theoretical dilution effect of approximately 13.18% of the Rights Issue Comparables, and complies with the dilution limit under the Listing Rules;
- (x) the positive impact on the financial position of the Group as a result of the Rights Issue as mentioned in the paragraph headed “VII. Possible financial effect of the Rights Issue” below in this letter; and
- (xi) the Independent Shareholders are offered a chance to express their views on the terms of the Rights Issue through their votes at the EGM.

Having considered the above, we are of the view that the potential dilution effect on the shareholding is acceptable.

VII. Possible financial effect of the Rights Issue

Shareholders should consider the unaudited pro forma statement of adjusted consolidated net tangible assets of the Group attributable to owners of the Company as stated in the section headed “Appendix II Unaudited pro forma financial information of the Group” (the “**Pro Forma Information**”) in this Circular.

According to the Pro Forma Information, as at 30 June 2025, the Group had unaudited consolidated net tangible assets of the Group attributable to owners of the Company of approximately HK\$82.2 million. As stated in the Pro Forma Information, assuming completion of the Rights Issue took place on 30 June 2025, the unaudited consolidated net tangible assets of the Group attributable to owners of the Company would increase from approximately HK\$82.2 million to HK\$233.1 million. The unaudited consolidated net tangible assets per Share before completion of the Rights Issue was approximately HK\$0.43, upon completion of the Rights issue, the unaudited pro forma adjusted consolidated net tangible assets per Share immediately after completion of the Rights issue would increase from approximately HK\$0.43 to HK\$0.81.

According to the 2025 Interim Report, as at 30 June 2025, the Group had unaudited consolidated net asset value of the Group attributable to owners of the Company of approximately HK\$96.9 million. Assuming completion of the Rights Issue took place on 30 June 2025, the unaudited consolidated net asset value of the Group attributable to owners of the Company would increase from approximately HK\$96.9 million to approximately HK\$247.8 million. The unaudited consolidated net asset value per Share before completion of the Rights Issue was approximately HK\$0.50, upon completion of the Rights Issue, the unaudited pro forma adjusted consolidated net asset value per Share immediately after completion of the Rights issue would increase from approximately HK\$0.50 to HK\$0.86.

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

It should be noted that the aforementioned analyses are for illustrative purpose only and do not purport to represent how the financial position of the Group will be upon completion of the Rights Issue.

VIII. The Whitewash Waiver

As at the Latest Practicable Date, the Sulfulon Concert Group is interested in 78,340,000 Shares in aggregate, representing approximately 40.8% of the existing issued Shares.

Assuming (i) there is no change in the number of issued Shares from the Latest Practicable Date up to and including the date of completion of the Rights Issue; (ii) none of the Qualifying Shareholders other than Mr. Zhang, Sulfulon and Infinities Investment have taken up their entitlements under the Rights Issue; and (iii) none of the Unsubscribed Rights Shares and the NQS Unsold Rights Shares have been placed by the Placing Agent, (I) the aggregate interests in the Company held by the Sulfulon Concert Group upon the completion of the Rights Issue will increase from the current level of approximately 40.8% to approximately 51.0% of the issued Shares as enlarged by the allotment and issue of the Rights Shares; and (II) the shareholding of Sulfulon in the Company will be increased from approximately 34.1% to approximately 42.7% of the issued Shares on a stand-alone basis. The Sulfulon Concert Group will, in the absence of the Whitewash Waiver, be obliged to make a mandatory cash offer for all issued Shares not already owned or agreed to be acquired by it pursuant to Rule 26 of the Takeovers Code, unless the Whitewash Waiver is granted.

If the Whitewash Waiver is granted by the Executive and approvals by the Independent Shareholders are obtained, upon completion of the Rights Issue, assuming there is no change in the issued Shares other than the allotment and issue of Rights Shares, the maximum potential holding of voting rights of the Sulfulon Concert Group in the Company will exceed 50%, the Sulfulon Concert Group may thereafter increase its shareholdings in the Company without incurring any further obligation under Rule 26 of the Takeovers Code to make a general offer.

The Sulfulon Concert Group has made an application to the Executive for the Whitewash Waiver pursuant to Note 1 on dispensations from Rule 26 of the Takeovers Code. The Whitewash Waiver, if granted by the Executive, would be subject to, among other things, (i) the approval of the Whitewash Waiver by at least 75% of the Independent Shareholders at the EGM by way of poll; and (ii) the approval by more than 50% of the Independent Shareholders at the EGM by way of poll in respect of the Rights Issue, the Placing Agreement, the Underwriting Agreement and the transactions contemplated thereunder. The Sulfulon Concert Group and those who are involved in and/or interested in the Rights Issue, the Placing Agreement, the Underwriting Agreement or the Whitewash Waiver are required to abstain from voting on the proposed resolutions approving the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder at the EGM. If the Whitewash Waiver is not granted by the Executive, the Rights Issue will not proceed.

In view that (i) it is in the interests of the Company and the Shareholders (including the Independent Shareholders) as a whole to raise capital through the Rights Issue for the Group's business expansions as discussed in the paragraph headed "II. Reasons for and benefits of the

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

Rights Issue and intended use of proceeds” above in this letter; (ii) the Rights Issue would strengthen the capital base and financial position of the Group; (iii) the principal terms of the Rights Issue and the Placing Agreement are on normal commercial terms, fair and reasonable as discussed in the paragraph headed “IV. Principal terms of the Rights Issue and the Placing Agreement” above in this letter; (iv) the principal terms of the Underwriting Agreement are on normal commercial terms, fair and reasonable as discussed in the paragraph headed “V. Principal terms of the Underwriting Agreement” above in this letter; and (v) the approval of the Whitewash Waiver by the Independent Shareholders and the granting of the Whitewash Waiver by the Executive is a non-waivable condition precedent to the Rights Issue, we are of the view that the Whitewash Waiver is fair and reasonable so far as the Independent Shareholders are concerned and in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole.

RECOMMENDATION

Having considered the principal factors and reasons as discussed above, in particular,

- (i) the Group’s existing cash and cash equivalents is in tight and has been earmarked for the Group’s existing business operations which represents that the Group’s has immediate funding needs to raise fund for business expansion and development;
- (ii) the prospect of gaming markets in Southeast Asia, including Indonesia, Vietnam and Malaysia will remain positive as discussed in the paragraph headed “Reasons for and benefits of the Rights Issue and intended use of proceeds”;
- (iii) the Rights Issue would strengthen the capital base and financial position of the Group;
- (iv) the Rights Issue is the most preferable option over the other financing alternatives such as debt financing, placing of new Shares and open offer, as it will not increase the Group’s interest burden, not create pressure to the Group’s liquidity and allow all the Qualifying Shareholders to participate in the Rights Issue for the business expansion and development of the Group with the flexibility of trading of nil-paid Rights Shares in the market;
- (v) the principal terms of the Rights Issue and the Placing Agreement are consistent with prevailing market practices as discussed in paragraph headed “IV. Principal terms of the Rights Issue and the Placing Agreement”;
- (vi) the principal terms of the Underwriting Agreement are consistent with prevailing market practices as discussed in paragraph headed “V. Principal terms of the Underwriting Agreement”;
- (vii) the Irrevocable Undertakings as provided by Mr. Zhang, Sulfulon and Infinities Investment and the underwriting commitment demonstrate the Sulfulon Concert Group’s confidence in the Group’s future development, and there is no underwriting commission will be charged by Sulfulon for its commitment under the Underwriting Agreement;

LETTER FROM JOINT INDEPENDENT FINANCIAL ADVISERS

- (viii) the maximum dilution on the shareholding interests of public Shareholders, which will be potentially diluted by up to a maximum of approximately 33.33% following the completion of the Rights Issue, is considered to be acceptable given the financial position of the Group, and that the principal terms of the Rights Issue, the Placing Agreement and the Underwriting Agreement are on normal commercial terms, fair and reasonable; and
- (ix) the approval of the Whitewash Waiver by the Independent Shareholders and the granting of the Whitewash Waiver by the Executive is a non-waivable condition precedent to the Rights Issue. If the Whitewash Waiver is not granted by the Executive, or if granted, is not approved by the Independent Shareholders, the Rights Issue will not proceed,

we consider that although the entering of the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder are not in the ordinary and usual course of the Group's business, the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder are on normal commercial terms, fair and reasonable so far as the Independent Shareholders are concerned and in the interest of the Company and the Shareholders (including the Independent Shareholders) as a whole. Accordingly, we recommend (i) the Independent Board Committee to advise the Independent Shareholders; and (ii) the Independent Shareholders to vote in favour of the relevant resolution(s) to be proposed at the EGM to approve the Rights Issue, the Placing Agreement, the Underwriting Agreement, the Whitewash Waiver and the transactions contemplated thereunder.

Crowe (HK) CPA Limited is the auditor of the Company. No modified opinion, emphasis of matter or material uncertainty related to going concern was contained in the Company's auditor's report for the financial year ended 31 December 2024. Modified opinion was issued in the Company's auditor's report for the financial years ended 31 December 2022 and 2023, and a material uncertainty related to going concern existed for the financial year ended 31 December 2022, the details of which are extracted from the annual reports of the Company for the years ended 31 December 2022 and 2023 and set out as follows:

For the year ended 31 December 2022

“QUALIFIED OPINION

We have audited the consolidated financial statements of Fire Rock Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 75 to 136, which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR QUALIFIED OPINION

1. Comparative information

We were firstly appointed as auditor of the Company on 13 April 2023. As set out in notes 3(c) and 32 to the Group's consolidated financial statements for the year ended 31 December 2022, the directors of the Company (the “Directors”)

considered that the Group had lost control (i.e. the ability to direct the operating and financing activities that significantly affect the Group's returns) over Shenzhen Fire Element Network Technology Company Limited ("**Shenzhen Fire Element**"), Shenzhen Fire Element Network Science and Technology Company Limited ("**Shenzhen Fire Element Network Science and Technology**"), Shenzhen Tak Shing Technology Limited ("**Shenzhen Tak Shing**") and Shenzhen Viking Network Technology Co., Limited ("**Shenzhen Viking**"), collectively referred as to the "PRC Major Subsidiaries", since 4 December 2021 (the "**Deconsolidation Date**") based on the legal opinion issued by the Company's PRC lawyer on 20 June 2023 and criminal judgement issued by the People's Court of Yuanjiang, Hunan Province on 13 March 2023 stating that:

- the management of the PRC Major Subsidiaries were detained by the Public Security Bureau on 4 December 2021 for their committing the crime of establishment of a gambling house through the mobile game developed and operated by the PRC Major Subsidiaries; and
- the PRC Major Subsidiaries' official seals, financial seals, financial records and computer hardware, which are necessary for operating the mobile games business in the PRC, were seized by the Public Security Bureau on 4 December 2021;

As a result, the operation of the PRC Major Subsidiaries was substantially ceased since 4 December 2021. The Directors considered that the financial position, financial performance and cash flows of the PRC Major Subsidiaries are significant to the Group's consolidated financial statements for the year ended 31 December 2021. The Directors prepared the consolidated financial statements of the Group for the year ended 31 December 2021 based on the PRC Major Subsidiaries' unaudited statements of financial position as at 4 December 2021 and unaudited statements of profit or loss for the period from 1 January 2021 to 4 December 2021. However, as a result of the circumstances described above, the Directors were unable to provide us with the complete set of accounting books and records for the PRC Major Subsidiaries. We were therefore unable to carry out audit procedures to obtain sufficient appropriate audit evidence to satisfy ourselves as to whether items below are free from material misstatements:

- the Group's consolidated equity on 1 January 2021;
- the corresponding figures (in respect of the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and consolidated statement of cash flows for the year ended 31 December 2021, which were substantially attributable to the PRC Major Subsidiaries, and the related disclosure notes) disclosed in the consolidated financial statements for the year ended 31 December 2022;
- the existence, rights and obligations, completeness, accuracy and fair value of assets and liabilities acquired, the related deferred tax adjustment and the corresponding goodwill from the acquisition of the holding company of

Shenzhen Tak Shing and Shenzhen Viking at the acquisition date in 2021 as set out in note 31 and the disclosure of such in other related disclosure notes to the consolidated financial statements for the year ended 31 December 2022; and

- *the existence, rights and obligations, completeness, accuracy, valuation of assets and liabilities of PRC Major Subsidiaries at the Deconsolidation Date and the loss arising from the deconsolidation of PRC Major Subsidiaries of approximately HKD1,200,338,000 for the year ended 31 December 2021 as set out in note 32 and the disclosure of such in other related disclosure notes to the consolidated financial statements for the year ended 31 December 2022.*

Our opinion on the current year's consolidated financial statements is modified because of the possible effect of this matter on the comparability of the current year's figures and the corresponding figures.

2. Valuation of refundable deposits paid for strategic acquisitions

As set out in note 20(a) to the consolidated financial statements for the year ended 31 December 2022, the Group had paid refundable deposits of USD2,500,000 (equivalent to approximately HKD19,500,000) and USD4,500,000 (equivalent to approximately HKD35,024,000) at 31 December 2022 and 2021 respectively to a party (the “Vendor”) for the acquisition of certain equity shares in an entity (the “Target”), which is engaged in provision of digital payment services in Singapore, held by the Vendor. In April 2022, USD2,000,000 (equivalent to approximately HKD15,524,000) was refunded by the Vendor. According to the deed signed on 21 June 2022 and the agreement on 2 July 2022 entered into between the Vendor and the Group, the Vendor agreed to repay the remaining balance of US\$2,500,000 (equivalent to approximately HKD19,500,000) through the transfer of the Vendor's certain equity shares in the Target to a private fund wholly-owned by the Group, of which the Group is a limited partner, at a consideration per share in the Target to be agreed between the Vendor and the Group. The Directors represented that the transfer of the aforesaid shares in the Target is subject to the approval by the relevant regulatory body in Singapore and the transfer application had been submitted to the relevant regulatory body. However, we are unable to obtain sufficient appropriate audit evidence to satisfy ourselves:

- *whether the transfer of the aforesaid shares in the Target has been submitted and in the process of approval by the relevant regulatory body; and*
- *as to the valuation of the deposit of HKD19,500,000 and HKD35,024,000 at 31 December 2022 and 2021 respectively and whether any impairment loss to this deposit is necessary at those dates.*

Any adjustments found to be necessary in respect of the refundable deposit had we obtained sufficient appropriate audit evidence would have had a consequential effect on the Group's consolidated financial statements for the years ended 31 December 2022 and 2021.

Accordingly, our audit opinion on the consolidated financial statements for the year ended 31 December 2021 was disclaimed.

*We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.*

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

As disclosed in note 3(d) to the consolidated financial statements, as at 31 December 2022, the Group’s current liabilities exceeded its current assets by approximately HKD306,970,000 and the Group had net liabilities of approximately HKD421,254,000. These events or condition, together with other matters described in note 3(d) to the consolidated financial statements, indicate the existence of a material uncertainty which may cast significant doubt about the Group’s ability to continue as a going concern. Our opinion is not modified in respect of this matter.”

For the year ended 31 December 2023

“QUALIFIED OPINION

*We have audited the consolidated financial statements of Fire Rock Holdings Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) set out on pages 79 to 140, which comprise the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.*

*In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.*

BASIS FOR QUALIFIED OPINION***Comparative information***

As set out in note 19(a) to the consolidated financial statements for the year ended 31 December 2023, the Group had a refundable deposit of USD2,500,000 (equivalent to approximately HKD19,500,000) (the “Refundable Deposit”) at 31 December 2022 paid to a party (the “Vendor”) for the acquisition of certain equity shares in an entity (the “Target”), which is engaged in provision of digital payment services in Singapore, held by the Vendor. According to the deed signed on 21 June 2022 and the agreement on 2 July 2022 entered into between the Vendor and the Group, the Vendor agreed to repay the Refundable Deposit through the transfer of the Vendor’s certain equity shares in the Target to a private fund wholly-owned by the Group, of which the Group is a limited partner, at a consideration per share in the Target to be agreed between the Vendor and the Group. The Directors represented that the transfer of the aforesaid shares in the Target is subject to the approval by the relevant regulatory body in Singapore and the transfer application had been submitted to the relevant regulatory body.

However, for the purpose of audit report issued on 27 July 2023 for the year ended 31 December 2022, we were unable to obtain sufficient appropriate audit evidence to satisfy ourselves:

- whether the transfer of the aforesaid shares in the Target has been submitted and in the process of approval by the relevant regulatory body; and*
- whether any impairment loss to this Refundable Deposit is necessary for the year ended 31 December 2022.*

Our auditor’s report on the consolidated financial statements of the Group for the year ended 31 December 2022 was modified accordingly.

As disclosed in note 19(a), the Refundable Deposit has been fully refunded to the Group on 15 August 2023. Accordingly, the Refundable Deposit was derecognised from the consolidated financial statements of the Group for the year ended 31 December 2023.

Accordingly, our opinion on the consolidated financial statements for the year ended 31 December 2023 is also modified because of the possible effects of this matter on the comparability of the current year’s figures and the corresponding figures.

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.”

(II) STATEMENT OF INDEBTEDNESS

As at the close of business on 31 August 2025, being the latest practicable date for the purpose of ascertaining information contained in this statement of indebtedness prior to the printing of this circular, the following table sets forth the indebtedness as at 31 August 2025:

	<i>HK\$'000</i> (unaudited)
Lease liabilities	
— Current	1,300
— Non-current	<u>243</u>
	<u><u>1,543</u></u>

The lease liabilities of approximately HK\$1,543,000 as stated in the statement of indebtedness above are unsecured and unguaranteed.

Save as aforesaid and apart from the intra-group liabilities, as at close of business on 31 August 2025, the Group did not have any debt securities issued and outstanding, any authorised or otherwise created but unissued, term loans, other borrowings, indebtedness in nature of borrowings including bank overdrafts, liabilities under acceptances (other than normal trade bills) or acceptance credits, hire purchase commitments, debentures, mortgages, charges, recognised lease liabilities, which are either guaranteed, unguaranteed, secured, or unsecured, or other material contingent liabilities or guarantees.

(III) SUFFICIENCY OF WORKING CAPITAL

Taking into account the financial resources available to the Group including the estimated net proceeds from the Rights Issue of up to approximately HK\$150.88 million, cash and cash equivalents on hand and cash flows from operating activities, the Directors are of the opinion that the Group will have sufficient working capital for its present requirements for at least the next twelve months from the date of this circular.

(IV) MATERIAL CHANGE

The Board confirms that save for (i) the share consolidation of every 20 issued and unissued shares of par value of one-twelfth Hong Kong cent each into one share of par value of 1.67 Hong Kong cents (rounded to two decimals), which has come into effect on 31 March 2025; (ii) the Rights Issue on the basis of one (1) Rights Share for every two (2) Shares held on the Record Date on a non-fully underwritten basis; (iii) the Placing Agreement in relation to the Rights Issue; (iv) the connected transaction in relation to the Underwriting Agreement and the transactions contemplated thereunder; and (v) application for the Whitewash Waiver, there is no material change in the financial or trading position or outlook of the Group since 31 December 2024, the date to which the latest audited consolidated financial statements of the Group were made up, up to and including the Latest Practicable Date.

(V) FINANCIAL AND TRADING PROSPECTS OF THE GROUP

The Group is a well-established game developer, publisher and operator. We are principally engaged in the development of mobile games (including game design, programming and graphics) and computer software related to game operation, on the basis of which we license our self-developed mobile games to licensed operators around the world (“**Game Development**”), assist third parties in promoting game-related business, and provide intellectual property rights licensing services to enterprises (“**Game Publishing and Operation**”). We also self-operate our self-developed games products in overseas markets.

For the year ended 31 December 2024, the Group’s revenue was approximately HK\$140.6 million, representing an increase of approximately HK\$5.7 million or 4.2% from approximately HK\$134.9 million for the year ended 31 December 2023. The increase was mainly due to increase in revenue from our game operation and publishing segment.

Loss attributable to equity owners of the Company for the year ended 31 December 2024 was approximately HK\$17.1 million whereas the profit attributable to equity owners of the Company for the year ended 31 December 2023 was approximately HK\$559.9 million. The decrease was mainly due to the one-time non-recurring income from the surrender of promissory notes, which was recognised for the year ended 31 December 2023 only.

The Group mainly financed its business operation with the existing cash and cash equivalents held. The Group intends to fund its expansion and business operations through internal resources and on-going internal growth. As at 31 December 2024, the Group had cash and cash equivalents amounting to approximately HK\$53.6 million, representing a decrease of approximately HK\$31.9 million, as compared with approximately HK\$85.5 million as of 31 December 2023. The decrease was mainly attributable to dividend paid to the non-controlling interests of a subsidiary in Thailand.

During the six months ended 30 June 2025, the Group’s revenue was approximately HK\$72.9 million, representing an increase of approximately HK\$9.9 million as compared to approximately HK\$63.0 million for the six months ended 30 June 2024, which was primarily due to the increase in revenue from the Royal World mobile game and the newly launched self-developed mobile game, Mythical Odyssey (神戰•洪荒).

Loss attributable to owners of the Company for the six months ended 30 June 2025 was approximately HK\$18.2 million, whereas the profit attributable to owners of the Company for the six months ended 30 June 2024 was approximately HK\$6.8 million. The decrease was mainly due to (i) the provision of impairment loss on the intangible assets made for some of our existing games, (ii) the amortisation of intangible assets for our new game, which was being commercially launched in March 2025 and (iii) the increase in staff costs during the reporting period.

As at 30 June 2025, the Group had cash and cash equivalents amounting to approximately HK\$49.9 million, representing a decrease of approximately HK\$3.7 million, as compared with approximately HK\$53.6 million as of 31 December 2024. The decrease was mainly attributable to the increase in staff cost during the reporting period.

To support the development and expansion of the Group's businesses, the Group intends to set up a research and development team and publish games in Indonesia and shall also seize opportunities as and when appropriate to acquire or invest in games as well as other internet projects which could interact with businesses of the Group. The Group intends to allocate approximately HK\$60.0 million, subject to adjustment based on market conditions and specific capital needs, as funding for its sustainable development in Southeast Asia for the next three years.

Upon in-depth research and understanding of overseas markets, the Group plans to treat Indonesia as its third Southeast Asian market (following Singapore and Thailand) for in-depth development. The Board will leverage its previous experience of publishing games in other markets for the publication or operation of new games in Indonesia, and it is expected that the Group could replicate its previous success in other Southeast Asian markets to the Indonesian market. The Group has set up the Indonesian business and its research and development team in the second half of 2025 and expects to generate income in mid-2026, while enhancing the Group's presence in the Southeast Asian market.

Going forward, the Group does not expect any material change to its existing business and operation in the near future and will continue to prudently consider acquiring or investing in games and other internet projects that align with its business interests should suitable opportunities arise. It is expected that the Group's enhanced presence in Indonesia will drive a stronger revenue stream in this region in the coming years.
