General matters

Chapter 1: Introduction and administrative matters

Introduction

- 1.1 This Code on Open-Ended Fund Companies (“OFC Code”) is made under section 112ZR of the SFO and establishes guidelines in respect of matters relating to the registration, management, and operation of OFCs and their business.
- 1.2 The Commission is empowered under section 112D of the SFO to register a proposed company as an OFC. By virtue of section 112D(6), the registration may be granted subject to such conditions as the Commission considers appropriate.
- 1.3 An OFC seeking registration with the Commission under section 112D of the SFO is expected to comply with the applicable provisions of the SFO, OFC Rules and the OFC Code in order to be registered with the Commission.
- 1.4 The Commission may review the registration of an OFC at any time, may withdraw such registration and may amend or revoke conditions imposed or impose new conditions as it considers appropriate.
- 1.5 The Commission may modify or relax the application of a requirement in the OFC Code if it considers that, in particular circumstances, strict application of the requirement would operate in an unduly burdensome or unnecessarily restrictive manner. Applications for registration which seek waivers of any of the provisions in the OFC Code must give detailed reasons why waivers are sought.

Effect of breach of the OFC Code

- 1.6 Failure by any person to comply with any applicable provision of the OFC Code:
 - (a) does not by itself render the person liable to any judicial or other proceedings, but in any proceedings under the SFO before any court, the OFC Code may be admissible in evidence, and if any provision set out in the OFC Code appears to the court to be relevant to any question arising in the proceedings, it may be taken into account in determining the question;
 - (b) may cause the Commission to consider whether such failure adversely reflects on the person’s fitness and properness (in so far as the relevant person is licensed or registered under the SFO);
 - (c) may cause the Commission to consider whether such failure adversely reflects on whether the OFC should remain registered;
 - (d) may cause the Commission to consider whether such failure adversely reflects on whether further OFCs managed and/ or proposed by such person should be granted registration in the interest of the investing public (i.e. where there is a serious breach, the Commission may refuse to register new OFCs to be managed and/ or proposed by the person in breach for a stated period); and

- (e) may cause the Commission to impose additional registration condition(s).
- 1.7 Section I of the OFC Code applies to both public and private OFCs. Section II of the OFC Code applies only to private OFCs. Public OFCs and their key operators are also required to comply with all applicable requirements in the SFC Products Handbook.
- 1.8 The provisions in the OFC Code apply to each sub-fund of an umbrella OFC as if each sub-fund were an OFC to the extent applicable.
- 1.9 Nothing in the OFC Code shall be interpreted in a manner that alters or imposes any restriction upon the exercise by the Commission of any power or discretion conferred upon it under the SFO. The OFC Code shall not be interpreted in a way that will override the provision of any law.

Data privacy

- 1.10 The information requested under the OFC Code may result in the applicant providing the Commission with personal data as defined in the Personal Data (Privacy) Ordinance. The data supplied will only be used by the Commission to perform its functions, in the course of which it may match, compare, transfer or exchange personal data with data held or obtained by the Commission, government bodies, other regulatory authorities, corporations, organizations or individuals in Hong Kong or overseas for the purpose of verifying those data. Chapter 3: General principles

In formulating the principles in this Chapter, the Commission has taken into account principles developed by the International Organisation of Securities Commissions and other principles that the Commission believes to be fundamental for the regulation of collective investment schemes in the form of OFCs.

An OFC and its key operators shall comply with the spirit of these principles when administering, managing or dealing with any matters relating to the operation of an OFC.

GP 1. Acting fairly: Key operators shall act honestly, fairly and professionally.

GP 2. Diligence and competency: Key operators shall discharge their functions with due skill, care and diligence. Where a delegate is appointed by a key operator, the key operator shall exercise due care in the selection, appointment and ongoing monitoring of its delegate.

GP 3. Proper protection of assets: All the scheme property of an OFC shall be entrusted to the custodian and shall be properly protected.

GP 4. Managing conflicts of interest: Key operators shall avoid situations where conflicts of interest may arise including any actual or potential conflicts that may arise between different parties in respect of an OFC. Where conflicts of interests cannot be avoided, and provided that investors' interests can be sufficiently protected, the conflict shall be managed and minimized by appropriate safeguards, measures and product structure, which shall be properly disclosed to investors. The board of directors shall uphold good corporate governance principles and standards for its activities conducted in relation to the OFC.

GP 5. Disclosure: Disclosure shall be clear, concise and effective, containing information necessary for investors to be able to make an informed judgement and be kept up-to-date. Where ongoing disclosure is required, information shall be disseminated in a timely and efficient manner.

GP 6. Regulatory compliance: The OFC and its key operators shall ensure compliance with the applicable regulatory requirements, and shall respond to enquiries from regulators in an open and co-operative manner. They should also inform the Commission promptly should there be any material breach of the OFC Code.

GP 7. Compliance with constitutive documents: The OFC and relevant key operators shall comply with the instrument of incorporation and offering documents of the OFC.

Chapter 4: Registration and name

 - (c) the following statement(s), which must be set out prominently:
 - (i) For public OFCs: *“SFC registration and authorization do not represent a recommendation or endorsement of an OFC nor do they guarantee the commercial merits of an OFC or its performance. They do not mean the OFC is suitable for all investors nor do they represent an endorsement of its suitability for any particular investor or class of investors.”*
 - (ii) For private OFCs only: *“This is not an OFC authorized under section 104 of the Securities and Futures Ordinance (“SFO”) for offer to the public and its offering documents have not been authorized by the SFC under section 105 of the SFO.*

SFC registration is not a recommendation or endorsement of an OFC nor does it guarantee the commercial merits of an OFC or its performance. It does not mean the OFC is suitable for all investors nor does it represent an endorsement of its suitability for any particular investor or class of investors.”

Note: For the avoidance of doubt, the disclosure of 4.2(c)(i) in the offering documents would suffice in meeting the requirement of 11.14 of the UT Code.

- (d) in the case of an umbrella OFC, the warning statement below, which shall be stated prominently:
