FUND MANAGER CODE OF CONDUCT

HONG KONG

INTRODUCTION

Persons to whom this Code applies

This Code sets out conduct requirements for persons registered with the Securities and Futures Commission (SFC) whose business involves the discretionary management of collective investment, including unit trusts and mutual funds (whether authorised or unauthorised), pension and provident funds (Fund Managers). These guidelines apply to all registered persons acting as Fund Managers, including, as appropriate, their registered representatives.

Purpose of this Code

This Code aims, firstly, to supplement Codes and guidelines applicable to all categories of registered person with guidance in respect of the minimum standards of conduct specifically applicable to Fund Managers. It does not replace any legislative provisions, Codes or guidelines issued by the SFC. Secondly, it highlights existing requirements applicable to Fund Managers. Further reference should however be made to the legislation, Codes and guidelines, and in the case of any inconsistency, the more stringent applicable provision will be applied. This Code does not have the force of law and should not be interpreted in a way that would override the provisions of any law.

Effect of breach of this Code

Breach of any of the requirements of this Code will, in the absence of extenuating circumstances, reflect adversely on the fitness and properness of a Fund Manager and may result in disciplinary action. **When considering a person's failure to comply with this Code, SFC staff will adopt a pragmatic approach taking into account all relevant circumstances, including the size of the firm, and any compensatory measures implemented by senior management.**

I. ORGANISATION AND STRUCTURE

1. Organisation and Management Structure

[see key and note on p. 16]

<p><i>Incorporation and Registration</i></p> <p>1.1 A Fund Manager should ensure that its business is properly incorporated and its employees properly registered in accordance with all applicable statutory requirements.</p>	<p><i>CO Pt 1</i></p> <p><i>SO Pt VI & VIA</i></p> <p><i>CTO</i></p> <p><i>FPC</i></p>
<p><i>Organisation and Resources</i></p> <p>1.2 A Fund Manager should maintain:</p> <p>(a) financial resources in accordance with all applicable statutory requirements.</p> <p>(b) sufficient human and technical resources and experience for the proper performance of its duties. This would be expected to vary depending on the amount of assets under management by the firm, and the type and nature of the assets and markets in which the firm invests. The functions of the firm including fund management, operations, compliance and audit should only be performed by qualified and experienced persons, who should receive appropriate training on an ongoing basis.</p> <p>(c) satisfactory internal controls and written compliance procedures which address all applicable regulatory requirements;</p> <p>(d) satisfactory risk management procedures commensurate with its business;</p> <p>(e) adequate professional indemnity insurance cover commensurate with its business.</p>	<p><i>CC 4.1-4.3</i></p> <p><i>UTC</i></p> <p><i>SO Pt VI & VIA</i></p> <p><i>FRR</i></p> <p><i>CTO</i></p> <p><i>ICG III&VIII;</i></p> <p><i>App B37</i></p> <p><i>FPC</i></p>

<p><i>Functional Separation</i></p> <p>1.3 Where a Fund Manager is part of a group of companies which undertake other financial activities such as corporate finance, banking or broking, it should ensure there is an effective system of functional barriers (Chinese Walls) in place to prevent the flow of information that may be confidential and/or price sensitive between the different areas of operations. There should be physical separation between the activities and different staff employed unless this is impossible given the size of the firm, together with written procedures to document the controls,. If physical separation is impossible, the firm should prohibit dealing in price sensitive or confidential information.</p>	<p>ICG App A8&A9</p>
<p><i>Segregation of Duties</i></p> <p>1.4 A Fund Manager should ensure that key duties and functions are appropriately segregated, unless this is impossible given the size of the firm. In particular:</p> <ul style="list-style-type: none"> (a) front office functions (which include making investment decisions, marketing and dealing in collective investment schemes, and placing orders to deal with brokers) should be physically segregated from back office functions (which include receiving broker confirmations, settling trades, accounting and reconciliation, valuing client portfolios and reporting to clients) and should be carried out by different staff with separate reporting lines; (b) compliance and audit functions should if possible, be separated from each other, and have separate reporting lines from other functions; (c) the investment decision making process should be clearly delineated from the dealing process. <p><i>Note: A central dealing function is encouraged but is not mandatory.</i></p>	<p>ICG II; App A2(d)</p>
<p><i>Responsibilities of Management</i></p> <p><i>“Senior management” means the Managing Director of a company or its Board of Directors, Chief Executive Officer or other senior operating management personnel in a position of authority over the firm’s business decisions.</i></p> <p>1.5 The senior management of a Fund Manager should:</p> <ul style="list-style-type: none"> (a) be principally responsible for compliance by the Fund Manager with all relevant requirements under this Code, as well as the nurturing of a good compliance culture within the firm; 	<p>CC 4.2-4.3& 12.4</p> <p>ICG 1</p>

<p>scope, objectives, approach and reporting requirements;</p> <p>(c) adequately plan, control and record all audit work performed, and record the findings, conclusions and recommendations;</p> <p>(d) report to management on all matters highlighted in the audit report, which should be resolved satisfactorily and in a timely manner.</p> <p>Where the size of the firm does not justify a separate internal audit function, the relevant roles and responsibilities should be performed or reviewed by the external auditors.</p>	
<p><i>Delegation</i></p> <p>1.8 Where functions are delegated to third parties, there should be ongoing monitoring of the competence of delegates, to ensure that the principles of this Code are followed. Although the investment management role of the firm may be sub-contracted, the responsibilities and obligations of the firm to its clients may not be delegated.</p>	<p>UTC</p>
<p><i>Withdrawal from Business</i></p> <p>1.9 A Fund Manager who withdraws from business should ensure that any affected clients are promptly notified and that proper arrangements remain in place for the safekeeping of client assets. Where a company is being wound up it should comply with the all applicable statutory requirements.</p>	<p>CC 9.4</p> <p>CO Pt V</p>

2. Staff Ethics

<p><i>Personal Account Dealing</i></p> <p><i>Note: the following guidelines are intended to address the basic principles that persons engaged in fund management business, when transacting for themselves, must give their clients priority and avoid conflicts of interest. In the context of these guidelines, “relevant persons ” means any employees or directors of a Fund Manager:</i></p> <ul style="list-style-type: none"> • <i>who in their regular functions or duties make or participate in investment decisions, or obtain information, prior to buying or selling investments on behalf of a client;</i> • <i>whose functions relate to the making of any recommendations with respect to such buying or selling;</i> <p><i>or any persons over whom they exercise control and influence.</i></p>	<p>CC 9.1-9.3 & 12.2</p>
---	-------------------------------------

As a minimum, these guidelines cover trading in shares and derivatives. Beyond this, however, the scope of investments that should be covered is not defined, as this may vary depending on the business of the firm. - (iv) that cross trades between relevant persons and clients be prohibited;
- (v) that short-selling of any securities recommended by the Fund Manager for purchase be prohibited;
- (vi) that relevant persons should be prohibited from participating in initial public offers available to clients of the Fund Manager or its connected persons, and should not

<p style="text-align: center;">use their positions to gain access to IPO' s for themselves or any other person;</p> <p>(c) that relevant persons are required to hold all personal investments for at least 30 days, unless prior written approval of the Designated Compliance Officer or other persons designated by senior management is given for an earlier disposal;</p> <p>(d) that relevant persons are required, either:</p> <p style="padding-left: 40px;">(i) to hold their personal accounts with the Fund Manager or a connected person and place all deals through that company; or</p> <p style="padding-left: 40px;">(ii) obtain approval from the Designated Compliance Officer for outside broking accounts, and ensure that copies of records and statements of personal transactions entered into by them are submitted to the Designated Compliance Officer.</p> <p>2.1.2 A Fund Manager should maintain appropriate procedures to distinguish personal transactions for relevant persons from other transactions, and to ensure that such transactions are properly approved and there is an adequate audit trail of such approval and the transaction [see 5.1(a)].</p> <p>2.1.3 A Fund Manager should not permit relevant persons to delay settlement of personal transactions beyond the normal settlement time for the relevant market.</p> <p>2.1.4 A Fund Manager who is a relevant person should comply with the provisions set out in 2.1.1 (a) to (d) above.</p>
