Explanatory Notes:

- (a) The Mandatory Provident Fund Schemes Authority (MPFA) is the primary regulator for the Mandatory Provident Fund (MPF) system established under the Mandatory Provident Fund Schemes Ordinance (MPFSO) and its subsidiary legislation. It is responsible for the overall administration of the MPF system including the regulation of master trust schemes, industry schemes and the underlying pooled investment funds. The Securities and Futures Commission (the Commission) is involved in the regulation of these products only to the extent that their offering documents and marketing materials are required to be authorized by the Commission prior to their issue or publication in Hong Kong. In addition, the investment managers of these products are also required to be approved by the Commission.**
- (b) This Code, which is published pursuant to section 399(1) of the Securities and Futures Ordinance (SFO), provides guidance in relation to the authorization by the Commission, pursuant to section 104(1) of the SFO, of collective investment schemes that are:**

 - (i) master trust schemes and industry schemes (both of which include constituent funds) (collectively referred to as MPF schemes); and**
 - (ii) pooled investment funds.**
- (c) The issue of any advertisement, invitation or document to the public in Hong Kong to participate or invest in unauthorized MPF schemes or pooled investment funds may amount to an offence under section 103(1) of the SFO. The Commission is empowered under section 105(1) of the SFO to authorize any advertisement, invitation or document referred to in section 103(1) and to impose any corresponding authorization conditions as it considers appropriate.**
- (d) Applicants should note that, in reviewing applications for authorization, the Commission will not be responsible for vetting against the provisions of the MPFSO and its subsidiary legislation or the guidelines issued separately by the MPFA. Applicants are therefore advised to refer to the legislation and guidelines to ensure full compliance under the MPF system.**
- (e) The Commission may review its authorization at any time and may modify, add to or withdraw such authorization as it deems fit.**
- (f) The Commission may modify or relax the application of a requirement**

in this Code if it considers that, in particular circumstances, strict application of the requirement would operate in an unduly burdensome or unnecessarily restrictive manner.

- (g) This Code is established having regard to the regulatory objectives of the Commission set out in section 4 of the SFO. The spirit of this Code should be observed.**
- (h) This Code does not have the force of law.**

PART I: GENERAL MATTERS

Chapter 1: Authorization Matters

General

- 1.1 All MPF schemes and pooled investment funds established for the purpose of the MPF system are expected to comply with the provisions of this Code in order to be authorized by the Commission in Hong Kong. Applications for authorization which seek waivers from any provisions of this Code must give detailed reasons why waivers are sought.
- 1.2 Applicants should also note that, pursuant to the MPFSO and its subsidiary legislation, MPF schemes are required to be registered, and constituent funds and pooled investment funds approved, by the MPFA.
- 1.3 Applications of MPF schemes and pooled investment funds should be made to both authorities concurrently under separate cover. Under the current arrangement, an application will first be reviewed by the MPFA. Upon clearance by the MPFA, the Commission will proceed to review the application in accordance with the provisions of this Code.

Responsibilities of the Commission

- 1.4 The Commission will consider the following matters in vetting the application for authorization of an MPF scheme and pooled investment fund:
 - (a) qualifications and experience of the investment manager and its delegates; and
 - (b) disclosure requirements of the offering document.
- 1.5 The Commission is also responsible for the authorization of advertisements and marketing materials of MPF schemes and pooled investment funds pursuant to section 105(1) of the SFO on an ongoing basis.
- 1.6 All other aspects of the registration and approval of MPF schemes and pooled investment funds are regulated by the MPFA.

Separate Authorization for MPF Schemes and Pooled Investment Funds

- 1.7 An MPF scheme may consist of one or more constituent funds. Authorization of an MPF scheme will include all constituent funds within it. Subsequent additions to or deletions from an MPF scheme of constituent funds will be treated as

modifications to the initial authorization and must be submitted to the Commission for prior authorization (see 8.1 and 8.2).

- 1.8 Where a constituent fund invests in pooled investment funds, applicants are required to seek authorization from the Commission for each pooled investment fund intended to be offered to an MPF scheme pursuant to section 104(1) of the SFO.
- 1.9 Authorization requirements for both MPF schemes and pooled investment funds are set out in Part II of this Code.

Chapter 2: Administrative Arrangements

Authorization Powers

- 2.1 The Commission has delegated its powers to authorize MPF schemes and pooled investment funds under section 104(1) of the SFO to an Executive Director and the Director (Investment Products).
- 2.2 Powers are normally exercised by the Director (Investment Products). According to section 8 of the SFO, the Commission is empowered to set up committees, whether for advisory or other purposes. The Commission will establish a Product Advisory Committee for the purposes of consultation and advice on matters which may relate to collective investment schemes within the scope of this Code. The remit of the Products Advisory Committee and its membership will be set out in its Terms of Reference.

Exchange of Information with MPFA

- 2.3 The Commission may, according to law, exchange with the MPFA information regarding an applicant and other operators of an MPF scheme or pooled investment fund in pursuance of their duties under the MPFSO, the Mandatory Provident Fund Schemes (General) Regulation and other relevant legislation.

Procedure for Amendments to this Code

- 2.4 The Commission may make changes or amendments to this Code as and when required. Any such change or amendment will be made known to the industry and a transitional period for compliance will be allowed where necessary.

Data Privacy

- 2.5 The information requested under the Code may result in the applicant providing the Commission with personal data as defined in the Personal Data (Privacy) Ordinance. The data supplied will only be used by the Commission to perform its functions, in the course of which it may match, compare, transfer or exchange personal data with data held or obtained by the Commission, government bodies, other regulatory authorities, corporations, organizations or individuals in Hong Kong or overseas for the purpose of verifying those data. Subject to the limits in section 378 of the SFO, the Commission may disclose personal data to other regulatory bodies. The applicant may be entitled under the Personal Data (Privacy) Ordinance to request access to or to request the correction of any data supplied to the Commission, in the manner and subject to the limitations prescribed. All enquiries should be directed to the Data Privacy Officer at the Commission.

Chapter 5: Offering Document

The offering document of an MPF scheme or pooled investment fund should contain the necessary information for prospective scheme participants or fund holders to make an informed judgement. The Commission encourages the use of a short, clearly written offering document.

Provided contents of this chapter have been incorporated in the offering document of the MPF scheme, the underlying pooled investment funds need not produce a separate offering document **unless** they are also intended to be offered to retail investors.

Collective investment schemes which are unit trusts and mutual funds that are intended to be offered to both MPF schemes and retail investors must comply with the Code on Unit Trusts and Mutual Funds **and** the following provisions in this Code namely, 5.2; 5.5(d), (e) and (f); 5.6; 5.21; 5.25; 5.32; 5.36 to 5.39; 6.2(a), (c), (d), (e) and (g); 6.4 and 8.2.

The offering document of an MPF scheme or pooled investment fund should contain the information indicated in the following table. The ✓ sign under the MPS and PIF columns signifies that a particular disclosure is applicable to the MPF scheme or pooled investment fund respectively. In circumstances where there are mandatory provisions in the MPFSO, its subsidiary legislation or the guidelines issued by the MPFA, applicants may abbreviate the disclosure in the offering document and make references to the legislation and guidelines.

English and Chinese Offering Documents

- 5.1 The offering document must be provided in the English and Chinese languages. The Commission may waive this requirement for pooled investment funds on a case by case basis where the applicant satisfies the Commission that the offering document of the pooled investment fund will only be issued to persons (e.g. trustees and investment managers of master trust schemes) who are fully conversant in the language in which the offering document is intended to be published. The applicant is required to provide an undertaking to the Commission in this regard.

Chapter 6: Investment Manager

This Chapter sets out the Commission's requirements on the experience and qualifications of investment managers and their delegates (if any) for MPF schemes or pooled investment funds which are offered to MPF schemes only. While the Commission considers the issue of independence between the investment manager and trustee/ custodian to be of paramount importance, it has been omitted in this Code to avoid duplication of regulatory efforts. Applicants should note that both the Regulation and the MPFA have prescribed specific requirements for the investment managers and their delegates (if any) of MPF schemes and pooled investment funds with respect to their independence from the trustee/ custodian and the delegation of investment management functions.

Investment managers and their delegates (if any) of unit trusts and mutual funds which are intended to be offered to both MPF schemes and retail investors must comply with the relevant provisions of the Code on Unit Trusts and Mutual Funds.

Appointment of Investment Manager

- 6.1 An investment manager appointed for an MPF scheme or pooled investment fund must comply with the following requirements.
- 6.2 An investment manager must:
- (a) be a company incorporated in Hong Kong;
 - (b) be primarily involved in the business of fund management;
 - (c) be licensed to carry on, or an authorized financial institution registered for carrying on, a business in asset management under Part V of the SFO;
 - (d) be licensed to carry on, or an authorized financial institution registered for carrying on, a business in advising on futures contracts under Part V of the SFO if the portfolio under its management includes financial futures contracts;
 - (e) have sufficient financial resources at its disposal to enable it to conduct its business effectively and meet its liabilities; in particular, it must have a minimum paid-up capital of HK\$10 million;
 - (f) not lend to a material extent; and

- 6.3 Notwithstanding 6.2(a) and (b), an authorized insurer not incorporated in Hong Kong may act as the investment manager for pooled investment funds that are insurance policies.

- 6.4 The investment manager must comply with the Fund Manager Code of Conduct issued by the Commission.

Qualifications of Directors

- 6.5 The directors of the investment manager or its delegate (if any) must be of good repute and in the opinion of the Commission possess the necessary experience for the performance of their duties. In determining the acceptability of the investment manager, the Commission may consider the qualifications and experience of persons employed by the investment manager and its delegate.

Criteria for Acceptability of Investment Manager

- 6.6 The acceptability of the investment manager will be assessed on the following criteria:
- (a) The key personnel of the investment manager or its delegate (if any) are expected to possess at least five years investment experience managing pooled retirement funds or other public funds with reputable institutions. The expertise gained should be in the same type of investments as those proposed for the pooled investment fund or constituent fund(s) of the MPF scheme seeking authorization.
 - (b) Key personnel must be dedicated full-time staff with a demonstrable track record in the management of pooled retirement funds, unit trusts or mutual funds. In assessing the qualifications of the personnel of the investment manager, the Commission may request resumes of the directors of the investment manager and its delegates (if any). (see 2.5)
 - (c) Sufficient human and technical resources must be at the disposal of the investment manager, which should not rely solely on a single individual's expertise.
 - (d) The Commission must be satisfied with the overall integrity of the investment manager. Reasonable assurance must be given of the adequacy of internal controls and the existence of written procedures, which should be regularly monitored by its senior management for updatedness and compliance. Conflicts of interests must be properly addressed to safeguard interests of scheme participants or fund holders.
 - (e) Applicants should refer to 6.8 to 6.9 for requirements on the delegation of investment management functions to third parties.
- 6.7 Prior approval must be obtained from the Commission for any change of investment manager for the MPF scheme or pooled investment fund.

Delegation of Investment Management Functions

- 6.8 Where the investment management functions are delegated to third parties, there should be on-going supervision and regular monitoring of the competence of the delegates by the investment manager to ensure that investor protection and the investment manager's accountability to scheme participants or fund holders is not diminished. Although the investment management role of the investment manager may be sub-contracted to third parties, the responsibilities and obligations of the investment manager may not be delegated.

Note: The investment management operations of an investment manager's delegate(s) should be based in a jurisdiction with an inspection regime acceptable to the Commission. A list of acceptable inspection regimes is set out in Appendix C. The Commission will consider other jurisdictions on their merits.

- 6.9 Delegation of investment management functions of any MPF scheme or pooled investment fund to any person, or any changes thereof, must be approved by the Commission in advance.

General Obligations of an Investment Manager

- 6.10 An investment manager must manage the MPF scheme or pooled investment fund in accordance with its constitutive documents in the exclusive interests of the scheme participants or fund holders. It is also expected to fulfill the duties imposed on it by the general law.

Retirement of Investment Manager

- 6.11 The investment manager must be subject to removal by notice in writing from the trustee of an MPF scheme or unit trust (or from the insurer, in the case of an insurance policy where an investment manager is appointed) in any of the following events:
- (a) the investment manager is commenced to be wound up or is dissolved without being wound up; or
 - (b) for good and sufficient reason, the trustee of the MPF scheme or unit trust (or the insurer, in the case of an insurance policy where an investment manager is appointed) states in writing that a change in investment manager is desirable in the interests of scheme participants or fund holders; or
 - (c) the Commission withdraws its approval of the investment manager; or
 - (d) in all other cases as provided for in the constitutive documents.

- 6.12 Upon the retirement or dismissal of the investment manager or its delegate, a new investment manager or delegate must be appointed as soon as possible, subject to the approval of the Commission.

Chapter 7: Operational Requirements

Scheme Documentation

Offering Document

- 7.1 Up-to-date offering document(s) must be issued by MPF schemes or pooled investment funds in accordance with the requirements in Chapter 5.

Application Form

- 7.2 No application form (by whatever name called) of an MPF scheme or pooled investment fund may be provided to any prospective scheme participants or fund holders unless it is accompanied by the offering document. To that end the application form should include a statement to the effect that it should only be issued in conjunction with the offering document.

Inclusion of Performance Data

- 7.3 If performance data or estimated yield is quoted, the Commission may require supporting documentation. No forecast of performance may be made except where an investment return at a certain rate is guaranteed.

Contents of Constitutive Documents

- 7.4 Applicants should ensure that information disclosed in the offering document is consistent with that disclosed in the constitutive documents.

Name of Constituent Fund and Pooled Investment Fund

- 7.5 If the name of the constituent fund or pooled investment fund indicates a particular objective, geographic region or market, the constituent fund or pooled investment fund should invest at least 70% of its non-cash assets in securities and other investments to reflect the particular objective or geographic region or market which the constituent fund or pooled investment fund represents.
- 7.6 Where a constituent fund or pooled investment fund is, or invests in a capital preservation fund, a money market or cash management fund, the name of the constituent fund or pooled investment fund must not suggest or imply that the investment is equivalent to the placement of cash on deposit with a bank or deposit-taking company.

PART III: POST-AUTHORIZATION REQUIREMENTS

This part discusses the post-authorization requirements of an MPF scheme or pooled investment fund.

Chapter 8: Post-Authorization Requirements

Scheme Changes

- 8.1 The applicant should notify the Commission as soon as possible of any change to the data provided to the Commission upon submission of the application for authorization.
- 8.2 The proposed changes to the offering document of an MPF scheme or pooled investment fund as a result of the following must be submitted to the Commission for prior approval:

- (a) changes to constitutive documents;

Note: Where the change in the offering document results from changes in the constitutive documents, the revised offering document should be submitted to the Commission and be accompanied by a copy of the approval notice for the change in constitutive documents issued by the MPFA.

- (b) changes of key operators (including the applicant, trustee / custodian and investment manager and its delegates) and their regulatory status and controlling shareholder;
- (c) changes in investment objectives, policies and restrictions (including the purpose or extent of use of derivatives), fee structure and dealing and pricing arrangements; and
- (d) any other changes that may materially prejudice rights or interests of scheme participants or fund holders.

- 8.2A For changes to the offering document of an MPF scheme or pooled investment fund that require the Commission's prior approval pursuant to 8.2, the Commission will determine whether the scheme participants or fund holders should be notified and the period of notice (if any) that should be applied before the changes are to take effect.

Notes: (1) Normally, the Commission will expect that one month's prior written notice (or such longer period as required under applicable laws and regulations or the provisions as set out in the offering or constitutive documents) should be provided to scheme participants or fund holders in respect of the changes. However, the Commission may permit a

shorter period of notice if the change is not significant or may require a longer period of notice (up to three months) in exceptional circumstances.

- (2) *For the purposes of 8.2A, significant changes would include, for example, changes in investment objectives or major investment policies, and fee structure.*
- (3) *For any increase in fees and charges from the current level as stated in the offering document, prior approval from the Commission is not required, but no less than one month's prior notice must be given to scheme participants or fund holders.*

8.2B For changes to the offering document of an MPF scheme or pooled investment fund that do not require the Commission's prior approval pursuant to 8.2, unless there is a specified minimum prior notice period in this Code, the management company should inform scheme participants or fund holders as soon as reasonably practicable of any information concerning the MPF scheme or pooled investment fund which is necessary to enable scheme participants or fund holders to appraise the position of the MPF scheme or pooled investment fund. The offering document may be updated to incorporate such changes and reissued without further authorization provided that the content and format of such document remains fundamentally the same as the version previously authorized. The revised offering document must be filed with the Commission, together with a marked-up version against the previously filed version, within two weeks from the date of issuance.

Notices to Scheme Participants and Fund Holders

8.3 Except where a waiver is granted under 5.1 of this Code, notification to participants of an MPF scheme or holders of a pooled investment fund must be made in both the English and Chinese languages in respect of any changes or proposed changes to the offering documents of the MPF scheme or pooled investment fund.

8.3A Subject to 8.5 and 8.5A below, notices to scheme participants or fund holders need not be approved by the Commission prior to issuance but are required to be filed with the Commission within two weeks from the date of issuance of the notice. The Commission, however, retains its power to require the applicant to submit draft notices for review where the Commission considers it appropriate. For the avoidance of doubt, matters relating to 8.2 should be approved by the Commission prior to the distribution of the relevant notices to scheme participants or fund holders.

8.3B The applicant has the responsibility to ensure that notices to scheme participants or fund holders are not misleading and contain accurate and adequate information to keep investors informed. All notices should contain a Hong Kong contact number for investors to make enquiries.

Note: Notices should not include any reference to a specific date or timetable in respect of the changes made to the offering or constitutive documents where such date or timetable has not been agreed in advance with the Commission.

8.4 (Repealed)

Withdrawal of Authorization

8.5 Following the authorization of an MPF scheme or pooled investment fund, the applicant should, subject to 8.5A below, give at least three months' prior notice to scheme participants or fund holders of any intention not to maintain such authorization. Such notice should be submitted to the Commission for prior approval and contain the reasons for the withdrawal of authorization, consequences of the withdrawal, any proposed changes in the operation of the MPF scheme or pooled investment fund and their effects on existing scheme participants or fund holders, the alternatives available to scheme participants or fund holders (including, if possible, a right to switch without charge into another authorized MPF scheme or pooled investment fund) and, where appropriate, an estimate of any relevant expenses and who is expected to bear them.

Merger or Termination

8.5A If an MPF scheme or pooled investment fund is to be merged or terminated, in addition to following any procedures set out in the scheme's constitutive documents or governing law, notice must be given to investors as determined by the Commission. Such notice should be submitted to the Commission for prior approval and contain the reasons for the merger or termination, the relevant provisions under the constitutive documents that enable such merger or termination, the consequences of the merger or termination and their effects on existing scheme participants or fund holders, the alternatives available to scheme participants or fund holders (including, if possible, a right to switch without charge into another authorized MPF scheme or pooled investment fund), the estimated costs of the merger or termination and who is expected to bear them.

Advertising Materials

8.6 Advertisements and other invitations to invest in an MPF scheme or pooled investment fund must comply with the Advertising Guidelines. All advertisements must be submitted to the Commission for authorization prior to their issue or publication in Hong Kong, unless exempted under section 103 of the SFO. For the avoidance of doubt, even if an advertisement is exempted from obtaining authorization from the Commission under the SFO, the applicant must still ensure that the advertisement or invitation complies with the Advertising Guidelines.

8.7 Where authorization by the Commission is required, it is recommended that the applicant nominate one person, such as the Approved Person or any other persons acceptable to the Commission, based in Hong Kong to liaise with the Commission. Authorization may be varied or withdrawn by the Commission as it deems fit. Once authorized, the advertisement may be used in any distribution media and reissued without further authorization with updated performance information of MPF schemes or pooled investment funds and general market commentary provided that the content and format of such advertisement remain fundamentally the same as the

version previously authorized and the advertisement, when reissued, is in compliance with the Advertising Guidelines.

Note: For radio, television, cinema or other time-limiting advertisements / broadcasts, the script of any verbal statements in such advertisements should be submitted for the Commission's advance clearance, followed by the demo of the broadcast (e.g. digital files) for formal authorization.

- 8.8 The applicant must keep adequate records of the advertisements issued, either in actual form or by way of a copy of the final proof, and the relevant supporting documents for substantiation of information presented thereon. Such records must be retained for at least 3 years from the latest date of publication / distribution of an advertisement and made available to the Commission upon request.

Mention of SFC Authorization

- 8.9 Where an MPF scheme or pooled investment fund is described as having been authorized by the Commission, it must be stated that authorization does not imply official recommendation.
