This MoU also seeks to support high standards in Cross-Border Regulated Entities’ conduct of business, including but not limited to acting honestly, fairly, in the best interests
of their clients and the integrity of the market, as well as acting with due skill, care and diligence.

8. The provisions of this MoU are intended to support communication on issues of common interest concerning Cross-Border Regulated Entities as well as to facilitate the written exchange of non-public information where necessary.

9. This MoU does not create any legally binding obligations, confer any rights, or supersede domestic laws and regulatory requirements, in force in the jurisdiction of the Authorities. This MoU does not confer upon any Person the right or ability directly or indirectly to obtain, suppress, or exclude any information or to challenge the execution of a request for assistance under this MoU.

10. This MoU does not limit an Authority to act unilaterally in fulfillment of its supervisory functions. In particular, this MoU does not affect any right of an Authority to communicate with or to obtain information or documents from any Person subject to its jurisdiction that is located in the jurisdiction of the other Authority. However, an Authority should notify the other Authority by giving a written notice prior to carrying out any Cross-border On-site Visit in the jurisdiction of the other Authority.

11. This MoU complements, but does not alter the terms and conditions of the following existing arrangements:

(a) the IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information (MMoU), to which the Authorities are signatories, which covers mutual assistance and the exchange of information for the purpose of enforcing and securing compliance with the Laws and Regulations of the jurisdictions of the Authorities as defined in the MMoU including assistance in the context of enforcement investigations;

(b) the Memorandum of Understanding between SFC and BaFin dated 1 March 1998, except that this MoU will supersede the provisions of the Memorandum of Understanding dated 1 March 1998 in so far as it relates to cooperation and exchange of information regarding the supervision and oversight of Cross-Border Regulated Entities;

(c) the Memorandum of Understanding between SFC and BaFin dated 22 July 2013 concerning consultation, cooperation and the exchange of information related to the supervision of AIFMD entities (AIFMD MoU); and

(d) any other arrangements concerning cooperation in asset management and securities matters between the Authorities.

The provisions of the AIFMD MoU shall prevail over the provisions of this MoU in relation to consultation, cooperation and the exchange of information related to the supervision of AIFMD entities.

12. Each Authority will, within the framework of this MoU and subject to each Authority's laws and regulations, use reasonable endeavors to provide the other Authority with the fullest cooperation permissible in relation to the supervision and oversight of Cross-Border Regulated Entities. Nevertheless, cooperation may be denied in the following circumstances:

(a) where the cooperation would require an Authority to act in a manner that would violate domestic laws or regulations;

(b) where a request for assistance is not made in accordance with the terms of this MoU; or
(c) where the request for assistance would otherwise be contrary to the public interest.

13. The Authorities will periodically review the functioning and effectiveness of the cooperation arrangements under this MoU with a view, inter alia, to expanding or altering the scope or operation of this MoU should that be judged necessary.

14. Communications made under this MoU, including but not limited to written requests and notices, shall be in English.
